Network options

- Select (Tiered) has in-network options only - No out-of-network coverage except for emergencies
- Select Plus (Tiered) has out-of-network coverage options included

*Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. UnitedHealthcare also covers other routine services, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Find care that may help save you time and money

Get a plan with a primary care physician (PCP) and save with Tier 1 providers from a list of Tier 1 facilities and physicians in the Ochsner Health Network.

Choose a PCP who helps manage your care

You need to select a PCP for each covered family member. Choosing Tier 1 doctors, hospitals and other health care providers may offer you the greatest value for your health care benefits. To find a Tier 1 PCP, go to uhc.com/laselect.

If you need to see a network specialist, you do not need a referral

With Select (Tiered)/Select Plus (Tiered), you do not need a referral to see a specialist in the Ochsner Health Network. To save money, work with your Tier 1 PCP to choose a specialist.

Stay in the network to maximize your benefits

By receiving care and services from providers in the Ochsner Health Network, you'll receive the highest benefits. If you choose not to visit a Tier 1 provider in the Ochsner Health Network, you may have higher costs.

Preventive care is covered 100% in our network

Understand your costs when getting care

Copayment (or copay)*

You'll usually pay a fixed amount of money for each covered doctor visit or prescription. You may pay a lower copay when you use Tier 1 providers from a list of Tier 1 facilities and physicians, including the Ochsner Health Network and affiliated physicians.

+

Deductible*

This is the amount you will need to pay for covered services before your plan begins to pay.

+

Coinsurance*

After you've paid your deductible, you only pay a percentage of the cost for each covered service. You may pay a lower percentage when you use Tier 1 providers.

=

Out-of-pocket limit

You'll never pay more than your out-of-pocket limit during the plan year for covered services. The out-of-pocket limit includes all of your copayment, deductible and coinsurance payments.

Choose Tier 1 providers to help save on your care. For all of the coverage details, see your official health plan documents.

*These costs don't apply for preventive care services that are received in the network. You may be required to receive approval for some services before they can be covered.

Look for Tier 1 care first

Look for the Tier 1 symbol when searching for a provider.

Where you go for care can make a difference. Tier 1 providers are doctors, hospitals and other health care facilities that may offer you the greatest value for your health care benefits.*

Understand your pharmacy benefit

Your covered medications

OptumRx® is your UnitedHealthcare plan's pharmacy care services manager. OptumRx is committed to providing you with easier and lower-cost ways to get the medication you need.

The UnitedHealthcare Prescription Drug List (PDL) is the list of medications that are covered by the plan. The PDL is organized by cost levels, known as tiers. Choosing medications in Tier 1 may help save you money, similar to choosing a Tier 1 PCP.

Lower-cost medications

Midrange-cost medications

Higher-cost medications

Save on your medications

- Use home delivery. Up to a 3-month supply of your medications will ship free to your home, often at a lower cost than retail. You also get 24/7 phone support, medication refill reminders and more.
- Use network pharmacies. Pharmacies in our network have agreed to charge lower prices. Our network includes thousands of pharmacies across the country.
- Use Tier 1 medications, such as generics. Use the PDL to help you or ask your PCP if you have a medication that is placed in a higher tier (Tier 3, for example). Check to see if a Tier 1 option is available. The higher-cost brand medications are usually placed in higher tiers.

Manage your pharmacy benefits on the go

With myuhc.com and the UnitedHealthcare app, you can:

- Enroll in home delivery
- Find network pharmacies
- Refill prescriptions and set up refill reminders
- Estimate and compare medication costs
- Search your plan's PDL

The UnitedHealthcare app can also help determine how a medication is covered and whether or not there are other options to help save you money.

Fill your prescriptions 2 ways

1. Choose from thousands of network retail pharmacies
2. Take advantage of the convenience of OptumRx home delivery
