

Designed with the needs of Wisconsin businesses in mind

NexusACO may offer savings and
simplicity to your employees

The benefits of connected care

The UnitedHealthcare NexusACO plan connects each employee with a primary care provider (PCP), who coordinates care across the network and provides support, guidance and knowledge to help the employee make informed care decisions.

Quality local care backed by a dependable national health plan

NexusACO® is the only network that includes our top-performing accountable care organizations (ACOs) and UnitedHealth Premium® physicians. This unique arrangement can offer employees and their families access to hundreds of PCPs, specialists, urgent care centers and hospitals, and providers close to home.

With NexusACO, your employees enjoy easy access to local, convenient and quality care — backed by an established national carrier:

- The UnitedHealthcare broad national network includes quality providers
- Employees can receive the highest level of coverage and save money by choosing Tier 1 providers
- An out-of-network option is available at a lower benefit level, but some plan designs offer no coverage for providers who are not part of the UnitedHealthcare network
- Enhanced provider search tools help employees find and select the provider who best fits their needs

Savings* of

8%-13%

Working together, a PCP can help connect employees with hospitals, specialists and providers. This collaboration can help avoid unnecessary or duplicate tests and services, which may save time and money.

24/7 Virtual Visits is a service available with a provider via video, or audio-only where permitted under state law. It is not an insurance product or a health plan. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. 24/7 Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Check your benefit plan to determine if these services are available.

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com®. You should always visit myuhc.com for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with them for advice on selecting other physicians. You should also discuss designations with a physician before choosing them. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please visit myuhc.com for detailed program information and methodologies.

Tier 1 providers may be subject to change, visit myuhc.com® for the most current information or call the number on your health plan ID card.
