Copayments on Primary Advantage HSA plans will be required only after the deductible has been met and will continue to be required until the annual out-of-pocket maximum is met.

"Non-Embedded" deductible means no covered family member will satisfy an individual deductible until the entire family deductible is met.

There is no separate additional Rx deductible required for Primary Advantage HSA plans.

Please note: The information in this grid is provided for informational purposes only and is not intended for use as a contract. For a complete listing of coverage and exclusions, please refer to the Certificate of Coverage or talk to your UnitedHealthcare representative for additional details that could impact the benefits. Different UnitedHealthcare plans may have varying approaches to whether pharmacy costs are included or excluded from the medical deductible.

The UnitedHealthcare plan with Health Savings Account (HSA) is a high-deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account (HSA) with a bank of their choice or through Optum Bank®, Member FDIC. The HSA refers only and specifically to the Health Savings Account that is provided in conjunction with a particular bank, such as Optum Bank, and not to the associated HDHP.

Plans are not available in all States.
