

Guiding with care and compassion

A dedicated team of advocates that help support employees

Based in San Antonio, Texas and exclusive to the ACEC Life/Health Trust, our advocates are passionate about helping people and have a range of qualifications — from benefit expertise to issue resolution. When they need added support, advocates have a team of experts they can call on — from clinicians to pharmacists and others. Employees and their covered family members have just one phone number to call to reach an expert who'll listen carefully, anticipate needs and find solutions centered around:

- Benefits and claims
- Emotional health
- Well-being
- Provider search
- Health care accounts
- Complex health care support
- Pharmacy

Persistence in finding solutions

Advocates stay on the line with members until the inquiry is resolved — or the advocate team will follow up with the answer. There's no need for employees to redial — or for employers to get involved.

Anticipating future needs may lead to lower costs

Our robust data and advanced technology tools enable predictive personalization, which:

- Helps advocates quickly understand why the employee is calling before they even speak
- Alerts us to health and savings opportunities employees haven't even thought to ask about yet
