

A convenient way to protect against the flu

The Adult Flu Clinic program may be your best shot at helping employees get their flu vaccine while helping to reduce time away from work. Onsite clinics are simple to implement and can be combined with other UnitedHealthcare services. Onsite flu clinics are available October through January, for adults 18 and older. A minimum of 30 participants per event is required.

Easy to administer. Easy to access.

National availability with a similar look and feel at every site

Administered onsite and at multiple locations

Designated program coordinator to assist with logistics

All-inclusive standard pricing

Registered nurses to administer vaccinations

Employees can register online, by phone or on a sign-up sheet

By removing common barriers that prevent employees from getting a flu shot, you may see increased participation, fewer flu-related absences and possible cost savings.

During the 2019–2020 season, flu vaccinations helped prevent an estimated:¹

7.5M
cases of the flu

3.7M
flu-related medical visits

105K
flu hospitalizations

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc. or their affiliates.
