

Say hello to the Designated Diagnostic Provider benefit

Designated Diagnostic Providers (DDP) are laboratory providers that meet certain quality and efficiency requirements. With your DDP benefit, you'll have the highest level of coverage—and likely save money—when you use a DDP for outpatient lab services. If you don't use a DDP, your lab services may not be covered, and you may be responsible for 100% of the cost.

Look for the green check

To find a DDP near you, look for the green check at myuhc.com® > **Find Care & Costs** or on the UnitedHealthcare® app. If you need lab work, be sure to tell your doctor which DDP to use. ✓

Designated Diagnostic Provider

DDP outpatient lab services

Using a DDP may help you save money on many common lab services, including:

- Blood draws
- Blood glucose tests
- Metabolic tests/panels
- Rapid strep tests

Get started

Find DDPs at myuhc.com or on the UnitedHealthcare app
