Y = The vaccine is available at a network location and covered at 100% with no additional cost.

N = The vaccine is not available or considered out-of-network at that location, and incremental out-of-pocket costs may be incurred.

continued

¹ Employer-sponsored on-site adult flu shot clinics.

² Requires coordination because of drug storage requirements.

³ Check with providers for availability of vaccines.

Note: If you have a California HMO Plan, please contact your primary care physician to arrange services. If you have a CA PPO/POS Plan, you may obtain services as identified on reverse side.

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Certain vaccines have coverage age limitations. Always review your benefit plan documents to determine your specific coverage details. Current immunization schedules are available from the Centers for Disease Control and Prevention at [cdc.gov/vaccines/schedules/index.html](https://www.cdc.gov/vaccines/schedules/index.html).
