Note:

- Members will need to select a primary care physician (PCP) at the time of enrollment. If you do not select a PCP during enrollment, a PCP in your geographic area who is accepting new patients will be assigned.

- Once a PCP has been selected, click on the **Locations** tab.

Under the **Locations** tab, you will find the Provider ID number. Please indicate the primary care physician's name and 10-digit ID number on your enrollment form.

Important: Some PCPs may have more than one ID number based on their medical group, location or hospital affiliation. Please be sure you select the ID number that aligns with the medical group, location and hospital of your choice.
