What do I pay when I fill a prescription?

You will pay only a Co-payment when filling a prescription at a UnitedHealthcare Network Pharmacy. You will pay a Co-payment every time a prescription is filled. Your Co-payments are as shown in the grid above.

Call UnitedHealthcare’s Customer Service department for Formulary information.

Prior Authorization for all Non-Formulary Drugs

All non-Formulary drugs must be Prior Authorized by UnitedHealthcare as Medically Necessary in order to be covered under this pharmacy benefit. If approved, you will pay the applicable generic or brand-name Co-payment. Non-Formulary drugs that are not otherwise excluded from coverage may be Prior Authorized as Medically Necessary in the following instances. (See “Exclusions and Limitations” section of this Pharmacy Schedule of Benefits for those medications that are excluded from coverage):

- No Formulary alternative is appropriate and the drug is Medically Necessary for patient care, as determined by UnitedHealthcare and consistent with professional practice.
- The Formulary alternative has failed after a therapeutic trial. Your Network Physician will be asked to provide a copy of the medical chart notes specifically stating treatment failure with the Formulary alternative.

- The Formulary alternative is not appropriate as determined by a review of Physician chart notes.
- You have been under treatment and remain stable on a non-Formulary prescription drug previously approved by UnitedHealthcare as Medically Necessary that is not excluded from coverage and changing to a Formulary drug is medically inappropriate.
- Your Network Physician provides evidence in the form of documents, records or clinical trials which establishes that use of the requested non-Formulary drug over the Formulary drug is Medically Necessary, as determined by UnitedHealthcare.

Prior Authorization for Selected Formulary Drugs

Selected Formulary drugs must also be Prior Authorized by UnitedHealthcare to determine that they are Medically Necessary and being prescribed according to treatment guidelines consistent with standard professional practice to be eligible for coverage. If approved, you will pay the applicable generic or brand-name Co-payment. For a list of the Formulary medications that require UnitedHealthcare’s Prior Authorization, please call UnitedHealthcare’s Customer Service department.

Please note: If you are prescribed a non-Formulary or Selected Formulary medication for acute treatment that requires immediate use upon Hospital discharge, an urgent care or emergency room visit after normal business hours, you may receive a one-time authorization for coverage. You will need to obtain Prior Authorization before refilling this prescription.

Medication Covered by Your Benefit

When prescribed by your Network Physician as Medically Necessary and filled at a Network Pharmacy, subject to all the other terms and

conditions of this outpatient prescription drug benefit, the following medications are covered:

- **Disposable all-in-one prefilled insulin pens,** insulin cartridges and needles for non-disposable pen devices are covered when Medically Necessary, in accordance with UnitedHealthcare's Prior Authorization process.
- **Federal Legend Drugs:** Any medicinal substance which bears the legend: "Caution: Federal law prohibits dispensing without a prescription."
- **Generic Drugs:** Comparable generic drugs may be substituted for brand-name drugs. For brand-name drugs that have Food and Drug Administration (FDA)- approved equivalents, a prescription may be filled with a generic drug unless a specific brand-name drug is Medically Necessary and Prior Authorized by UnitedHealthcare, or is on UnitedHealthcare's Selected Brands List. Prior Authorization is necessary even if your Physician writes "Dispense as Written" or "Do Not Substitute" on your prescription. A copy of the Selected Brands List is available upon request from UnitedHealthcare's Customer Service department and may be found on UnitedHealthcare's Web site at www.myuhc.com. If you choose to use a medication not included on the Formulary and not Prior Authorized by UnitedHealthcare, you will be responsible for the full retail price of the medication. However, you have the option of selecting a non- Formulary brand-name drug that has a generic equivalent on the Formulary at a cost that is generally lower than retail. The cost is the generic Co-payment plus the difference between UnitedHealthcare's contracted rate for the generic and brand-name drugs. You will not pay a rate higher than UnitedHealthcare's contracted rate for the brand-name drug. Vision Care Benefits

As a special supplement to your UnitedHealthcare Health Plan, you and your family can now enjoy the advantages of vision care coverage.

Vision Care: \$10 Co-payment for exams
 \$10 Co-payment for eyewear

Through an arrangement with Vision Service Plan (VSP), you are fully covered when you visit any of the over 4,000 VSP doctors for any of these services:
Vision Examinations: A complete analysis, every 12 months, of the eyes and related structures to determine the presence of vision problems, or other abnormalities.

Lenses: Every 24 months, the VSP Panel Doctor will order the proper lenses. The doctor verifies the accuracy of the finished lenses.

Frames: You are provided with an allowance of \$105. This allowance provides coverage for a wide selection of frames. If you choose a frame that exceeds your plan's allowance, you will receive a 20 percent discount on the amount over your allowance. Have your doctor help you choose a frame based on your needs.

Contact Lenses: VSP offers Members preferred pricing and direct delivery on annual supplies of select brands of soft contact lenses. Even if you choose to use your benefit for glasses, you can still take advantage of this program. Visit www.vsp.com or ask your doctor for details.

You Select the Doctor of Your Choice

Contact Lenses: Contact lenses are furnished under the VSP Plan when the VSP doctor secures prior approval for the following conditions:

- a. Following cataract surgery
- b. To correct extreme visual acuity problems that cannot be corrected with spectacle lenses
- c. Anisometropia
- d. Keratoconus

PART A – Your Medical and Hospital Benefits

SECTION 1. MEMBER ELIGIBILITY

- **Who is a UnitedHealthcare Member**
- **Adding Family Members**
- **Late Enrollment**
- **Updating Your Enrollment Information**
- **Termination and Rescission of Coverage**
- **Coverage Options Following Termination**

This section describes how you become a UnitedHealthcare Member, as well as how you can add Family Members to your coverage. It will also answer other questions about eligibility, such as when late enrollment is permitted. In addition, you will learn ways you may be able to extend your UnitedHealthcare coverage when it would otherwise terminate.

Who is a UnitedHealthcare Member?

There are two kinds of UnitedHealthcare Members: Subscribers and enrolled Family Members (also called Dependents). The Subscriber is the person who enrolls through his or her employer, the County of Los Angeles. The County of Los Angeles, in turn, has signed a Group Agreement with UnitedHealthcare.

The following Family Members are eligible to enroll in UnitedHealthcare:

1. The Subscriber's legal spouse or Domestic Partner;
2. The biological children of the Subscriber or the Subscriber's legal spouse or the Domestic Partner (stepchildren) who are under the Limiting Age as established by the County of Los Angeles (for an explanation of "Limiting Age" see **Definitions**);
3. Children who are legally adopted or placed for adoption with the Subscriber, the Subscriber's legal spouse or the Domestic Partner who are under the Limiting Age as established by the County of Los Angeles;
4. Children for whom the Subscriber, the Subscriber's legal spouse or Domestic Partner has assumed permanent legal guardianship. Legal evidence of the guardianship, such as a certified copy of a court order, must be furnished to UnitedHealthcare upon request; and
5. Children for whom the Subscriber, Subscriber's legal spouse or Domestic Partner is required to provide health insurance coverage pursuant to a Qualified Medical Child Support Order assignment order or medical support order, in this section; and
6. Any child for whom the Subscriber has assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by the Subscriber, as certified by the Subscriber at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. The term child does not include foster children as determined eligible by the Employer Group.

Your Dependent children cannot be denied enrollment and eligibility due to the following:

- Was born to a single person or unmarried couple;
- Is not claimed as a Dependent on a federal income tax return;
- Does not reside with the Subscriber or within the UnitedHealthcare Service Area.

Who is Eligible for Coverage

All Members must meet all eligibility requirements established by the County of Los Angeles and UnitedHealthcare.

UnitedHealthcare's eligibility requirements are:

- Have a Primary Residence within California;
- Have a Primary Residence or Primary Workplace within the Health Plan's Service Area;
- Choose a Primary Care Physician within 30 miles of his or her Primary Residence or Primary Workplace (except children enrolled as a result of a Qualified Medical Child Support Order);
- Meet any other eligibility requirements established by the County of Los Angeles, such as exhaustion of a waiting period before an employee can enroll in UnitedHealthcare. The County of Los Angeles will also establish the "Limiting Age," the age limit for providing coverage to unmarried children.

Eligible Family Members must enroll in UnitedHealthcare at the same time as the Subscriber or risk not being eligible to enroll until the employer's next Open Enrollment Period, as explained below. Circumstances which allow for enrollment outside the Open Enrollment Period are also explained below. All applicants for coverage must complete and submit to UnitedHealthcare all applications or other forms or statements that UnitedHealthcare may reasonably request.

Enrollment is the completion of a UnitedHealthcare enrollment form (or a nonstandard enrollment form approved by UnitedHealthcare) by the Subscriber on his or her own behalf or on the behalf of any eligible Family Member. Enrollment is conditional upon acceptance by UnitedHealthcare; the existence of a valid Group Agreement with the County of Los Angeles; and the timely payment of applicable Health Plan Premiums. UnitedHealthcare may, in its discretion and subject to specific protocols, accept enrollment data through an electronic submission.

Effective Date of Coverage for New Subscribers and Family Members to be Added Outside Open Enrollment

Coverage for a newly enrolled Subscriber and his or her eligible Family Members begins on the date agreed to by the County of Los Angeles or under the terms of the signed Group Agreement provided we receive the completed enrollment form and any required Health Plan Premium within 90 days of the date the Subscriber becomes eligible to enroll in the Health Plan.

The effective date of enrollment when adding Family Members outside of the initial, Special or Open Enrollment Period is explained below (**Please Note:** UnitedHealthcare enrolls applicants in the order that they become eligible and up to our capacity for accepting new Members.)

What is a Service Area?

UnitedHealthcare is licensed by the California Department of Managed Health Care to arrange for medical and Hospital Services in certain geographic areas of California. These service areas are defined by ZIP codes. Please call our Customer Service department for information about UnitedHealthcare's Service Area.

Open Enrollment

Most Members enroll in UnitedHealthcare during the Open Enrollment Period established by the County of Los Angeles. This is the period of time established by the County of Los Angeles when its eligible employees and their eligible Family Members may enroll in the employer's health benefit plan. An Open Enrollment Period usually occurs once a year, and enrollment is effective based on a date agreed upon by the County of Los Angeles and UnitedHealthcare.

Adding Family Members to Your Coverage

The Subscriber's legal spouse or Domestic Partner and eligible children may apply for coverage with

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

UnitedHealthcare during the employer's Open Enrollment Period. If you are declining enrollment for yourself or your Dependents (including your legal spouse or Domestic Partner) because of other health plan insurance or group health plan coverage, you may be able to enroll yourself and your Dependents in UnitedHealthcare if you and your Dependents lose eligibility for that other coverage (or if the Employer Group stops contributing toward your or your Dependents' other coverage). However, you must request enrollment within 90 days after your or your Dependents' other coverage ends (or after the Employer Group stops contributing toward your or your Dependents' other coverage). In addition, if you have a new Dependent due to assumption of a parent-child relationship, marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 90 days after the marriage, birth, adoption or placement for adoption. (Guardianship is not a qualifying event for other Family Members to enroll.)

If you do not enroll your new Family Member within 90 days from the date of event, you may add them during the next Open Enrollment Period.

Under the following circumstances, new Family Members may be added outside the Open Enrollment Period. To obtain more information call our Customer Service department.

1. **Getting Married.** When a new legal spouse or child becomes an eligible Family Member as a result of marriage, coverage begins on the date of the marriage if we receive a completed application to enroll a legal spouse or child eligible as a result of marriage within 90 days of the marriage.
2. **Entering into a Domestic Partnership.** An application to enroll a Domestic Partner may be made at any time in accordance with the policies and procedures established by the County of Los Angeles.
3. **Having a Baby.** Newborns are covered for the first 30 days of life. In order for coverage to continue beyond the first 30 days of life, the Subscriber must submit a Change Request Form to UnitedHealthcare prior to the expiration of the 90-day period. If you do not enroll the newborn child within 90 days, the newborn is covered for only 31 days (including the date of birth).
4. **Adoption or Placement for Adoption.** Subscriber may enroll an adopted child if Subscriber obtains an adoptive placement from a recognized county or private agency, or if the child was adopted as documented by a health Facility minor release form, a medical authorization form or a relinquishment form, granting you or your legal spouse or Domestic Partner the right to control the health care for the adoptive child, or absent such a document, on the date there exists evidence of the Subscriber's, legal spouse's or Domestic Partner's right to control the health care of the child placed for adoption. For adopted children, coverage is effective on the date of adoption or placement for adoption. Enrollment information must be received within 90 days of the adoption placement.
5. **Assumption of a Parent-Child Relationship or Guardianship.** To enroll a Dependent child for whom the Subscriber, Subscriber's legal spouse or Domestic Partner has assumed legal guardianship or assumption of a parent-child relationship, the Subscriber must submit a Change Request Form to UnitedHealthcare along with a certified copy of a court order granting guardianship within 90 days of when the Subscriber, Subscriber's legal spouse or Domestic Partner assumed legal guardianship. Coverage will be retroactively effective to the date the Subscriber assumed legal guardianship.

Qualified Medical Child Support Order

A Member (or a person otherwise eligible to enroll in UnitedHealthcare) may enroll a child who is eligible to enroll in UnitedHealthcare upon presentation of a request by a District Attorney, State Department of Health Services or a court order to provide medical support for such a Dependent child without regard to any enrollment period limitations.

A person having legal custody of a child or a custodial parent who is not a UnitedHealthcare Member may ask about obtaining Dependent coverage as required by a court or administrative order, including a Qualified Medical Child Support Order, by calling the Customer Service department. A copy of the court or administrative order must be included with the enrollment application. Information, including, but not limited

to, the ID card, *Combined Evidence of Coverage and Disclosure Form* or other available information, including notice of termination, will be provided to the custodial parent, caretaker and/or District Attorney. Coverage will begin on the date of the court or administrative order provided we receive the completed enrollment form with the court or administrative order attached and any required Health Plan Premium.

Except for Emergency and Urgently Needed Services, to receive coverage, all care must be provided or arranged in the UnitedHealthcare Service Area by the designated Network Medical Group, as selected by the custodial parent or person having legal custody.

Continuing Coverage for Disabled Dependents

Certain Dependents who would otherwise lose coverage under the Health Plan due to their attainment of the Limiting Age established by the County of Los Angeles may extend their coverage under the following circumstances:

Continuing Coverage for Certain Disabled Dependents

Unmarried enrolled Dependents who attain the Limiting Age of twenty-six (26) established by the County of Los Angeles may continue enrollment in the Health Plan beyond the Limiting Age if the unmarried Dependent meets all of the following:

1. The unmarried Dependent is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness or condition; and
2. The unmarried Dependent is chiefly Dependent upon the Subscriber for support and maintenance.

At least 90 days prior to a Disabled Dependent reaching the Limiting Age, UnitedHealthcare will send notice to you, the Subscriber, that coverage for the Disabled Dependent, will terminate at the end of the Limiting Age unless proof of such incapacity and dependency is provided to UnitedHealthcare by the Member within 60 days of receipt of notice. UnitedHealthcare shall determine if the Disabled Dependent meets the conditions above, prior to the Disabled Dependent reaching the Limiting Age. Otherwise, coverage will continue until UnitedHealthcare makes a determination.

UnitedHealthcare may require ongoing proof of a Dependent's incapacity and dependency, but not more frequently than annually after the two-year period following the Dependent's attainment of the Limiting Age. This proof may include supporting documentation from a state or federal agency or a written statement by a licensed psychologist, psychiatrist or other Physician to the effect that such disabled Dependent is incapable of self-sustaining employment by reason of physical or mental disabling injury, illness or condition.

If you are enrolling a disabled child for new coverage, UnitedHealthcare may request initial proof of incapacity and dependency of the child, and then yearly, to ensure that the child continues to meet the conditions above. You, as the Subscriber, must provide UnitedHealthcare with the requested information within 60 days of receipt of the request. The child must have been covered as a dependent of the Subscriber or legal spouse under a previous health plan at the time the child reached the age limit.

Late Enrollment

In addition to a special enrollment period due to the addition of a new legal spouse, Domestic Partner or child, there are certain circumstances when employees and their eligible Family Members may enroll outside of the County of Los Angeles' Open Enrollment Period. These circumstances include:

1. The eligible employee (on his or her own behalf, or on behalf of any eligible Family Members) declined in writing to enroll in UnitedHealthcare when they were first eligible because they had other health care coverage; and
2. UnitedHealthcare cannot produce a written declination statement from the County of Los Angeles or eligible employee stating that prior to declining coverage, the eligible employee (on his or her own behalf, or on behalf of any eligible Family Members) was provided with a written notice specifying that failure to elect coverage with UnitedHealthcare during the initial enrollment period permits the Company to impose,

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

beginning on the date the eligible employee (on his or her behalf, or on behalf of any eligible Dependents) elects coverage under the Health Plan, an exclusion of coverage under the Health Plan for a period of 12 months unless the eligible employee or Dependent can demonstrate that he or she meets the requirements for late enrollment.

3. The other health care coverage is no longer available due to one of the following events:
 - i. The employee or eligible Family Member has exhausted COBRA continuation coverage under another group Health Plan; or
 - ii. The termination of employment or reduction in work hours of a person through whom the employee or eligible Family Member was covered; or
 - iii. The termination of the other Health Plan coverage; or
 - iv. The cessation of an employer's contribution toward the employee or eligible Family Member coverage; or
 - v. The death, divorce or legal separation of a person through whom the employee or eligible Family Member was covered; or
 - vi. The loss of coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or loss of no share-of-cost Medi-Cal coverage; or
 - vii. The employee or eligible Family Member incurs a claim that would exceed a lifetime limit on all benefits; or
 - viii. The employee or eligible Family Member previously declined coverage under the Health Plan, but the employee or eligible Family Member becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP), or the AIM Program. Coverage will begin only if we receive the completed enrollment application and any required Health Plan Premiums within 60 days of the date coverage ended; or
 - ix. Termination of domestic partnership; or
4. The Court has ordered health care coverage be provided for your legal spouse or minor child.

If the employee or an eligible Family Member meets these conditions, the employee must request enrollment with UnitedHealthcare no later than 90 days from the termination of the other Health Plan coverage. UnitedHealthcare may require proof of loss of the other coverage. Enrollment will be effective on the date agreed to by the County of Los Angeles under the terms of the signed Group Agreement or the first day of the calendar month following receipt by UnitedHealthcare of a completed request for enrollment.

Changes in Status Summary for Off-Cycle Enrollments

As described above, you may request a change to your coverage during the year as long as the change is consistent with a qualified change in status as determined by the County of Los Angeles. Qualified changes in status include:

1. You get married.
2. You get divorced, legally separated, or your marriage is annulled.
3. A child is born to you, placed with you for adoption or at the time the adoption becomes finalized as stipulated by a court.
4. Your legal spouse or Dependent dies.
5. Your legal spouse or Dependent begins or ends employment.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

6. You, your legal spouse or Dependent have a change in employment status that impacts your hours and you lose or gain eligibility (this includes changes in hours due to strikes and lockouts).
7. Your Dependent child loses eligibility.
8. You or your legal spouse begin or end an unpaid leave of absence.
9. You, your legal spouse or Dependent change where you live or work and this change affects your eligibility for this Health Plan.

If the employee or an eligible Family Member meets these conditions, the employee must request enrollment with UnitedHealthcare no later than 90 days from the date the event occurred. To add Dependents to your coverage, you must complete the Dependent Enrollment and Coverage Information Form and submit proof that they are your Dependents as required by the County of Los Angeles. To drop Dependents from your coverage, you must submit the completed Dependent Enrollment and Coverage Form to the County of Los Angeles within 90 days from the date the event occurred.

Notifying You of Changes in Your Plan

Amendments, modifications or termination of the Group Agreement by either the County of Los Angeles or UnitedHealthcare do not require the consent of a Member. UnitedHealthcare may amend or modify the Health Plan, including the applicable Premiums, at any time after sending written notice to the Employer Group 210 days prior to the effective date of any amendment or modification. The County of Los Angeles may also change your Health Plan benefits during the contract year. In accordance with UnitedHealthcare's Group Agreement, the County of Los Angeles is obliged to notify employees who are UnitedHealthcare Members of any such amendment or modification.

Updating Your Enrollment Information

Please notify the County of Los Angeles and UnitedHealthcare of any changes to the information you provided on the enrollment application within 90 days of the change. This includes changes to your name, address, telephone number, marital status or the status of any enrolled Family Members. For reporting changes in marital and/or Dependent status, please see "Adding Family Members to Your Coverage." If you wish to change your Primary Care Physician or Network Medical Group, you may call UnitedHealthcare's Customer Service department at 1-800-367-2660 or 711 (TTY).

About Your UnitedHealthcare Identification (ID) Card

Your UnitedHealthcare ID card is important for identifying you as a Member of UnitedHealthcare. Possession of this card does not entitle a Member to services or benefits under this Health Plan. A Member should show this card each time he or she visits a Primary Care Physician or, upon referral, any other Network Provider.

Important Note: Any person using this card to receive benefits or services for which he or she is not entitled will be charged for such benefits or services. If any Member permits the use of his or her identification card by any other person, UnitedHealthcare may immediately terminate that Member's membership.

Renewal and Reinstatement (Renewal Provisions)

The County of Los Angeles Group Agreement with UnitedHealthcare renews automatically, on a yearly basis, subject to all terms of the Group Agreement. UnitedHealthcare or the County of Los Angeles may change your Health Plan benefits and Premium at renewal. If the Group Agreement is terminated by UnitedHealthcare, reinstatement is subject to all terms and conditions of the Group Agreement. In accordance with UnitedHealthcare's Group Subscriber Agreement, the County of Los Angeles is required to notify employees who are UnitedHealthcare Members of any such amendment or modification.

If you have questions about the County of Los Angeles' conditions for renewal or reinstatement, please contact your Health Benefits Officer at your place of work.

Ending Coverage (Termination of Benefits)

Usually, your enrollment in UnitedHealthcare terminates when the Subscriber or enrolled Family Member is no longer eligible for coverage under the employer's health benefit plan. In most instances, your Employer Group determines the date in which coverage will terminate. Coverage can be terminated, however, because of other circumstances as well, which are described below.

Continuing coverage under this Health Plan is subject to the terms and conditions of the employer's Group Agreement with UnitedHealthcare.

When the Group Agreement between the Employer Group and UnitedHealthcare is terminated, all Members covered under the Group Agreement become ineligible for coverage on the date of termination. If the Group Agreement is terminated by UnitedHealthcare for nonpayment of Premiums, coverage for all Members covered under the Group Agreement will be terminated at the end of the 30-day grace period. The grace period begins after the last day of paid coverage. UnitedHealthcare will continue to provide coverage during the grace period. According to the terms of the Group Agreement, the County of Los Angeles is responsible for notifying you if and when the Group Agreement is terminated, except in the event the Group Agreement is terminated for the nonpayment of Health Plan Premiums. In that circumstance, UnitedHealthcare will notify you directly of such termination.

Termination and Rescission of Coverage

UnitedHealthcare has the right to terminate your coverage under this Health Plan in the following situations:

- For Nonpayment of Premiums. Your coverage may be terminated if the County of Los Angeles failed to pay the required Premiums. UnitedHealthcare will mail the County of Los Angeles a notice at least 30 days before any cancellation of coverage. This Prospective Notice of Cancellation will provide information to your employer regarding the consequences of your employer's failure to pay the Premiums due within 30 days of the date the notice was mailed.

If payment is not received from your employer within 30 days of the date the Prospective Notice of Cancellation is mailed, UnitedHealthcare will cancel the Group Contract and mail you a Notice Confirming Termination of Coverage, which will provide you with the following information:

- That the Group Contract has been cancelled for nonpayment of Premiums.
- The specific date and time when your Group coverage ended.
- The Plan telephone number you can call to obtain additional information, including whether your Employer obtained reinstatement of the Group Contract. This confirmation of reinstatement will be available on request 16 days after the date the Notice Confirming Termination of Coverage is mailed.
- An explanation of your options to purchase continuation coverage, including coverage effective as of the retroactive termination date so you can avoid a break in coverage, and the deadline by which you must elect to purchase such continuation coverage, which will be 63 days after the date the Plan mails you the Notice Confirming Termination of Coverage.

Reinstatement of the Contract after Cancellation due to Nonpayment of Premiums

If the Group Contract is cancelled for the group's nonpayment of Premiums, the Plan will permit reinstatement of the Group Contract once during any 12-month period if the group pays the amounts owed within 30 days of the date the Notice Confirming Termination.

- For Fraud or Intentional Misrepresentation of a Material Fact by Member. Your coverage may be rescinded if you intentionally misrepresent a material fact on your enrollment form or commit fraud which may include, but not be limited to, deception in use of services or facilities of UnitedHealthcare, its Network Medical Group or other health care Providers or intentionally allow another person to do the same or alter a prescription. Rescinding coverage means that the Group Agreement and Combined Evidence of Coverage and Disclosure Form are void and that no coverage existed at any time.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

UnitedHealthcare will send the Employer Group and you a written notice via certified mail at least 30 days prior to the effective date of rescission explaining the reasons for the intended rescission and information on how to file an appeal of the decision with the California Department of Managed Health Care.

- For Fraud or Intentional Misrepresentation of a Material Fact by Employer Group. Your coverage may be terminated, if your Employer Group performed an act, practice or omission that constituted fraud or made an intentional misrepresentation of a fact that was material to the execution of the Group Agreement (including any omissions, misrepresentations, or inaccuracies in the application form) or to the provision of coverage under the Group Agreement. Also, UnitedHealthcare has the right to rescind the Group Agreement back to either: (1) the date of the Group Agreement; or (2) the date of the act, practice or omission, if later. Rescinding coverage means that the Group Agreement and Combined Evidence of Coverage and Disclosure Form are void and that no coverage existed at any time. UnitedHealthcare will send the Employer Group and the Subscriber a written notice via certified mail at least 30 days prior to the effective date of rescission explaining the reasons for the intended rescission and information on how to file an appeal of the decision with the California Department of Managed Health Care.
- For Violation of Employer Group's Contribution or Group Participation Requirements. Your coverage may be terminated if your Employer Group fails to meet the Group Contribution or Group Participation requirements as described in the Group Agreement.
- For Discontinuance of this Health Plan. Your coverage may be terminated if UnitedHealthcare decides to cease offering the Health Plan described in this Combined Evidence of Coverage and Disclosure Form upon 90 days written notice to the Director of the Department of Managed Health Care, the Employer Group and all Members covered under this Health Plan. If this Health Plan is discontinued, UnitedHealthcare will make all other health plans offered to new group business available to your Employer Group.
- For Discontinuance of All New and Existing Health Plans. Your coverage may be terminated if UnitedHealthcare decides to cease offering existing or new health plans in the group market in the State of California upon a minimum of 180 days written notice to the Director of the Department of Managed Health Care, the Employer Group and all Members covered under this Health Plan.

If you believe your policy or coverage has been or will be wrongly canceled, rescinded or not renewed, please refer to "Grievances Involving the Cancellation, Rescission or Non-Renewal of Health Plan" in Section 8. Overseeing Your Health Care Decisions to learn how to request a review by the Department of Managed Health Care ("DMHC") Director.

Other Reasons for Termination of Coverage Related to Loss of Eligibility

In addition to terminating the Group Agreement, UnitedHealthcare may terminate a Member's coverage for any of the following reasons related to loss of eligibility:

- The Member no longer meets the eligibility requirements established by the Group Employer and/or UnitedHealthcare.
- The Member no longer meets the eligibility requirements under the Health Plan because the Member establishes his or her Primary Residence outside the state of California.
- The Member no longer meets the eligibility requirements under the Health Plan because the Member establishes his or her Primary Residence outside the UnitedHealthcare Service Area and does not work inside the UnitedHealthcare Service Area (except for a child subject to a qualified child medical support order, for more information refer to "Qualified Medical Child Support Order" in this section).

Termination for Good Cause

UnitedHealthcare has the right to terminate your coverage under this Health Plan in the following situations:

- Failure to Pay. Your coverage may be terminated if you fail to pay any required Co-payments, coinsurance or charges owed to a Provider or UnitedHealthcare for Covered Health Care Services. To be

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

subject to termination under this provision, you must have been billed by the Provider for two different billing cycles and have failed to pay or make appropriate payment arrangements with the Provider. UnitedHealthcare will send you written notice, and you will be subject to termination if you do not pay or make appropriate payment arrangements within the 30-day notice period.

- Fraud or Intentional Misrepresentation of a Material Fact. Your coverage may be terminated if you knowingly and intentionally misrepresented a meaningful fact on your enrollment form or fraudulently or deceptively use services or facilities of UnitedHealthcare, its Network Medical Group or other health care Providers (or knowingly allow another person to do the same), including altering a prescription.

If coverage is terminated for any of the above reasons, you forfeit all rights to enroll in the UnitedHealthcare COBRA Plan and lose the right to re-enroll in UnitedHealthcare in the future.

Under no circumstances will a Member be terminated due to health status or the need for health care services. If a Member is Totally Disabled when the Group's coverage ends, coverage for the Totally Disabling condition may be extended (please refer below to "Total Disability"). Any Member who believes his or her enrollment has been terminated due to the Member's health status or requirements for health care services may request a review of the termination by the California Department of Managed Health Care. For more information call our Customer Service department.

Note: If a Group Agreement is terminated by UnitedHealthcare, reinstatement with UnitedHealthcare is subject to all terms and conditions of the Group Agreement between UnitedHealthcare and the employer.

Ending Coverage – Special Circumstances for Enrolled Family Members

Enrolled Family Members terminate on the same date of termination as the Subscriber. If there's a divorce, the legal spouse loses eligibility at the end of the month in which a final judgment or decree of dissolution of marriage is entered. Domestic partner coverage may be terminated in accordance with domestic partner policies and procedures established by the County of Los Angeles. Dependent children lose their eligibility if they reach the Limiting Age established by the County of Los Angeles and do not qualify for extended coverage as a Dependent or as a disabled Dependent. Please refer to the section "Continuing Coverage for Certain Disabled Dependents." It may also end when a Dependent child reaches the Limiting Age. Please refer to **Extending Your Coverage** for additional coverage which may be available to you.

Total Disability

If the Group Agreement providing the Subscriber coverage is terminated, and the Subscriber or any enrolled Family Members are Totally Disabled on the date the Group Agreement is terminated, federal law may require the Group's succeeding carrier to provide coverage for the treatment of the condition causing Total Disability. However, in the event that the Subscriber's Group does not contract with a succeeding carrier for health coverage, or in the event that federal law would allow a succeeding carrier to exclude coverage of the condition causing the Total Disability for a period of time, UnitedHealthcare will continue to provide benefits to the Subscriber or any enrolled Family Member for Covered Health Care Services directly relating to the condition causing Total Disability existing at the time of termination for a period of up to 12 successive months after the termination.

The extension of benefits may be terminated by UnitedHealthcare at such time the Member is no longer Totally Disabled, or at such time as a succeeding carrier is required by law to provide replacement coverage to the Totally Disabled Member without limitation as to the disabling condition.

Coverage Options Following Termination

If your coverage through this Combined Evidence of Coverage and Disclosure Form ends, you and your enrolled Family Members may be eligible for additional continuation coverage.

Federal COBRA Continuation Coverage

As the County of Los Angeles is subject to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), you may be entitled to temporarily extend your coverage under the Health Plan at group rates, plus an administration fee, in certain instances where your coverage under the Health Plan would

otherwise end. This discussion is intended to inform you, in a summary fashion, of your rights and obligations under COBRA. However, the County of Los Angeles is legally responsible for informing you of your specific rights under COBRA. Therefore, please consult with the County of Los Angeles regarding the availability and duration of COBRA continuation coverage.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of group health plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your legal spouse and your Dependent children could become qualified beneficiaries if coverage under the group health plan is lost because of the qualifying event. Qualified beneficiaries who elect COBRA continuation coverage may be required to pay for COBRA continuation coverage. Please consult with the County of Los Angeles regarding any applicable premiums.

If you are a Subscriber covered by this Health Plan, you have a right to choose COBRA continuation coverage if you lose your group health coverage because either of the following qualifying events happens:

- Your hours of employment are reduced to less than the number of hours required for eligibility, or
- Your employment ends for any reason other than gross misconduct on your part.

If you are the legal spouse of a Subscriber covered by this Health Plan, you have the right to choose COBRA continuation coverage for yourself if you lose group health coverage under this Health Plan because any of the following qualifying events happens:

1. Your legal spouse dies;
2. Your legal spouse’s hours of employment are reduced to less than the number of hours required for eligibility;
3. Your legal spouse’s employment ends (for reasons other than his or her gross misconduct);
4. Your legal spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
5. You become divorced or legally separated from your legal spouse.

In the case of a Dependent child of a Subscriber enrolled in this Health Plan, he or she has the right to continuation coverage if group health coverage under this Health Plan is lost because any of the following qualifying events happens:

1. The Subscriber dies;
2. The Subscriber’s hours of employment are reduced to less than the number of hours required for eligibility;
3. Subscriber’s employment ends (for reasons other than his or her gross misconduct);
4. The Subscriber becomes entitled to Medicare benefits (Part A, Part B, or both);
5. The Subscriber becomes divorced or legally separated; or
6. The Dependent child ceases to be a Dependent eligible for coverage under this Health Plan.

When is COBRA Coverage Available?

The County of Los Angeles (or, if applicable, its COBRA administrator) will offer COBRA continuation coverage to qualified beneficiaries only after they have been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, or the Subscriber becoming entitled to Medicare benefits (under Part A, Part B, or both), your Employer Group must notify its COBRA administrator of the qualifying event. (Similar rights may apply to certain retirees, legal spouses and Dependent children if the County of Los Angeles commences a bankruptcy proceeding and these individuals lose coverage.)

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the Subscriber or a Dependent child losing eligibility for coverage as a Dependent child under the Health Plan), the Subscriber or enrolled Family Member has the responsibility to inform the County of Los Angeles (or, if applicable, its COBRA administrator) within 60 days after the qualifying event occurs. Please consult the County of Los Angeles regarding its plan procedures for providing notice of qualifying events.

How is COBRA Coverage Provided?

Once the County of Los Angeles (or, if applicable, its COBRA administrator) receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered by the County of Los Angeles (or its COBRA administrator) to each of the qualified beneficiaries. Under federal law, you must be given at least 60 days to elect COBRA continuation coverage. The 60-day election period is measured from the later of:

1. the date coverage ends due to a qualifying event; or
2. the date you receive the election notice provided by your Employer Group (or its COBRA administrator).

Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Subscribers covered by this Health Plan may elect COBRA continuation coverage on behalf of their legal spouses and parents or legal guardians may elect COBRA continuation coverage on behalf of Dependent children. **If you do not choose COBRA continuation coverage on a timely basis, your group health insurance coverage under this Health Plan will end.**

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the Subscriber, the Subscriber becoming entitled to Medicare benefits (under Part A, Part B, or both), the Subscriber's divorce or legal separation, or a Dependent child's losing eligibility as a Dependent child under this Health Plan, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the Subscriber's hours of employment, and the Subscriber became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the Subscriber lasts until 36 months after the date of Medicare entitlement. For example, if a Subscriber becomes entitled to Medicare eight (8) months before the date on which his employment terminates, COBRA continuation coverage for his legal spouse and Dependent children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus eight (8) months). Otherwise, when the qualifying event is the end of employment or reduction of the Subscriber's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension of 18-Month Period of Continuation Coverage

If you or any of your Family Members covered under this Health Plan is determined by the Social Security Administration to be disabled and you notify the County of Los Angeles (or, if applicable, its COBRA administrator) in a timely fashion, you and your entire Family Members may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Please consult with the County of Los Angeles regarding their plan procedures for providing notice of disability.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If a Family Member experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the legal spouse and Dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the County of Los Angeles (or, if applicable, COBRA administrator). This extension may be available to the legal spouse and any Dependent children receiving continuation coverage if the Subscriber dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally

separated, or if the Dependent child stops being eligible under this Health Plan as a Dependent child, but only if the event would have caused the legal spouse or Dependent child to lose coverage under this Health Plan had the first qualifying event not happened.

Please contact your Employer Group (or, if applicable, its COBRA administrator) for more information regarding the applicable length of COBRA continuation coverage available.

COBRA May Terminate Before Maximum Coverage Period Ends

Under COBRA, the continuation coverage may terminate before the maximum coverage period if any of the following events occur:

1. The County of Los Angeles no longer provides group health coverage to any of its employees;
2. The premium for continuation coverage is not paid on time;
3. The qualified beneficiary becomes covered after the date he or she elects COBRA continuation coverage under another group health plan that does not contain any exclusion or limitation;
4. The qualified beneficiary becomes entitled to Medicare after the date he or she elects COBRA continuation coverage; or
5. The qualified beneficiary extends coverage for up to 29 months due to disability and there has been a final determination that the individual is no longer disabled.

COBRA Premium

Under the law, you may have to pay all of the premium for your continuation coverage. Premiums for COBRA continuation coverage is generally 102 percent of the applicable Health Plan Premium. However, if you are on a disability extension, your cost will be 150 percent of the applicable Premium. You are responsible for the timely submission of the COBRA premium to the Employer Group or COBRA administrator. The County of Los Angeles or COBRA administrator is responsible for the timely submission of Premium to UnitedHealthcare.

If You Have Questions About COBRA

If you have any questions about your COBRA continuation coverage rights, please contact the County of Los Angeles.

1401 Extended Continuation Coverage After COBRA

In the event your COBRA coverage began on or after January 1, 2003, and you have used all of your COBRA benefits as described above, you may be eligible to continue benefits under California Continuation Coverage at 110 percent of the Premium charged for similarly situated eligible employees currently working at your former employment. A notice will be provided to you by UnitedHealthcare at the time your COBRA benefits will run out, allowing up to 18 more months under California Continuation COBRA. However, your California Continuation COBRA benefits will not exceed a combined total of 36 months from the date COBRA coverage began.

Example: As a result of termination from the County of Los Angeles (for reasons other than gross misconduct), you applied for and received 18 continuous months of group Health Plan benefits under your federal COBRA benefits. California Continuation COBRA may extend your benefits another 18 consecutive months. Your combined total of benefits between COBRA and California Continuation COBRA is 36 months.

1401 Extended Continuation Coverage Enrollment and Premium Information After COBRA

You must notify UnitedHealthcare within 60 days from the date your COBRA coverage terminated or will terminate because of your qualifying event if you wish to elect this continuation coverage; or within 60 days from the date you received notice from UnitedHealthcare. If you fail to notify UnitedHealthcare within 60 days of the date of your qualifying event, you will lose your rights to elect and enroll on California Continuation Coverage after COBRA. The 60-day period will be counted from the event which occurred last. Your request must be in writing and delivered to UnitedHealthcare by first-class mail, or other reliable means of delivery,

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

including personal delivery, express mail or private courier company. Upon receipt of your written request, an enrollment package to elect coverage will be mailed to you by UnitedHealthcare. You must pay your initial Premiums to UnitedHealthcare within 45 days from the date UnitedHealthcare mails your enrollment package after you notified UnitedHealthcare of your intent to enroll. Your first Premium must equal the full amount billed by UnitedHealthcare. Your failure to submit the correct Premium amount billed to you within the 45-day period, which includes checks returned to UnitedHealthcare by your financial institution for non-sufficient funds (NSF), will disqualify you from this available coverage and you will not be allowed to enroll.

Note: In the event you had a prior qualifying event and you became entitled to enroll on COBRA coverage prior to January 1, 2003, you are not eligible for an extension of these benefits under California Continuation COBRA, even if you enroll in UnitedHealthcare on or after January 1, 2003. Your qualifying event is the first day in which you were initially no longer eligible for your group Health Plan coverage from the County of Los Angeles, regardless of who your prior insurance carrier may have been at that time.

Termination of 1401 Extended Continuation Coverage After COBRA

Your coverage under 1401 Extended California Continuation Coverage will terminate when:

1. You have received 36 months of continuation coverage after your qualifying event date; or
2. If you cease or fail to make timely Premiums; or
3. The County of Los Angeles or any successor employer ceases to provide any group benefit plan to his or her employees; or
4. You no longer meet eligibility for UnitedHealthcare coverage, such as moving outside the UnitedHealthcare Service Area.
5. The contract for health care services between the County of Los Angeles and UnitedHealthcare is terminated; or
6. You become entitled for Medicare. Note: If you were eligible for the 29-month extension as a result of disability and you are later determined by the Social Security Administration to no longer be disabled, your benefits will terminate the later of 36 months after your qualifying event or the first of the month following 31 days from date of the final Social Security Administration determination, but only if you send the Social Security Administration notice to UnitedHealthcare within 30 days of the determination.
7. If you were covered under a prior carrier and the County of Los Angeles replaces your prior coverage with UnitedHealthcare coverage, you may continue the remaining balance of your unused coverage with UnitedHealthcare, but only if you enroll with and pay Premiums to UnitedHealthcare within 30 days of receiving notice of your termination from the prior group Health Plan.

If the contract between the County of Los Angeles and UnitedHealthcare terminates prior to the date your continuation coverage would terminate under California Continuation COBRA, you may elect continuation coverage under the County of Los Angeles's new benefit plan for the remainder of the time period you would have been covered under the prior group benefit plan.

Uniformed Services Employment and Reemployment Rights Act

Continuation coverage under this Health Plan may be available to you through the County of Los Angeles under the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA). The continuation coverage is equal to, and subject to the same limitations as, the benefits provided to other Members regularly enrolled in this Health Plan. These benefits may be available to you if you are absent from employment by reason of service in the United States uniformed services, up to the maximum 24-month period if you meet the USERRA requirements. USERRA benefits run concurrently with any benefits that may be available through COBRA. The County of Los Angeles will provide written notice to you for USERRA continuation coverage.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

If you are called to active military duty and are stationed outside of the Service Area, you or your eligible Dependents must still maintain a permanent address inside the Service Area and must select a Network Medical Group within 30 miles of that address. To obtain coverage, all care must be provided or arranged in the Service Area by the designated Network Medical Group, except for Emergency and Urgently Needed Services.

The Health Plan Premium for USERRA Continuation of benefits is the same as the Health Plan Premium for other UnitedHealthcare Members enrolled through the County of Los Angeles plus a two percent additional surcharge or administrative fee, not to exceed 102 percent of the County of Los Angeles' active group Premium. The County of Los Angeles is responsible for billing and collecting Health Plan Premiums from you or your Dependents and will forward your Health Plan Premiums to UnitedHealthcare along with your employer's Health Plan Premiums otherwise due under this Agreement. Additionally, the County of Los Angeles is responsible to maintain accurate records regarding USERRA continuation Member Health Plan Premium, qualifying events, terminating events and any other information that may be necessary for UnitedHealthcare to administer this continuation benefit.

California Military Families Financial Relief Act

Members of the United States Military Reserve and National Guard who terminate coverage as a result of being ordered to active duty on or after January 1, 2007, may have their coverage reinstated without waiting periods or exclusion of coverage for preexisting conditions. Please contact Member Service for information on how to apply for reinstatement of coverage following active duty as a reserve.

SECTION 2. GETTING STARTED – YOUR PRIMARY CARE PHYSICIAN

- **What is a Primary Care Physician?**
- **What is a Subscriber?**
- **What is a Network Medical Group?**
- **Your Provider Directory**
- **Choosing Your Primary Care Physician**
- **Continuity of Care**

One of the first things you do when joining UnitedHealthcare is to select a Primary Care Physician. This is the doctor in charge of overseeing your care through UnitedHealthcare. This section explains the role of the Primary Care Physician, as well as how to make your choice. You'll also learn about your Network Medical Group and how to use your Provider Directory.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Introduction

Now that you're a UnitedHealthcare Member, it's important to become familiar with the details of your coverage. Reading this publication will help you go a long way toward understanding your coverage and health care benefits. It's written for **all** our Members receiving this plan, whether you're the Subscriber or an enrolled Family Member.

Please read this Combined Evidence of Coverage and Disclosure Form along with any supplements you may have with this coverage. You should also read and become familiar with your Schedule of Benefits, which lists the benefits and costs unique to your plan.

What is a Primary Care Physician?

When you become a Member of UnitedHealthcare, one of the first things you do is choose a doctor to be your Primary Care Physician. This is a doctor who is contracted with UnitedHealthcare and who is primarily responsible for the coordination of your health care services. A Primary Care Physician is trained in internal medicine, general practice, family practice, pediatrics or obstetrics/gynecology. At times, others may participate in the coordination of your health care services, such as a Hospitalist (Please refer to **Section 3. Seeing The Doctor or Other Providers and Timely Access to Care** for information on Hospitalist programs).

Unless you need Emergency Health Care Services or Urgently Needed care, your Primary Care Physician is your first stop for using these medical benefits. Your Primary Care Physician will also seek authorization for any referrals, as well as initiate and coordinate any necessary Hospital Services. Either your Primary Care Physician or a Hospitalist may provide the coordination of any necessary Hospital Services.

All Members of UnitedHealthcare are required to have a Primary Care Physician. If you don't select one when you enroll, UnitedHealthcare will choose one for you. Except in an urgent or emergency situation, if you see another health care Provider without the approval of either your Primary Care Physician, Network Medical Group or UnitedHealthcare, the costs for these services will not be covered.

What is the difference between a Subscriber and an enrolled Family Member?

While both are Members of UnitedHealthcare, there's a difference between a Subscriber and an enrolled Family Member. A Subscriber is the Member who enrolls through his or her employment after meeting the eligibility requirements of the County of Los Angeles and UnitedHealthcare. A Subscriber may also contribute toward a portion of the Premiums paid to UnitedHealthcare for his or her health care coverage for himself or herself and any enrolled Family Members. An enrolled Family Member is someone such as a legal spouse, Domestic Partner, or child whose Dependent status with the Subscriber allows him or her to be a Member of UnitedHealthcare. Why point out the difference? Because Subscribers often have special responsibilities,

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

including sharing benefit updates with any enrolled Family Members. Subscribers also have special responsibilities that are noted throughout this publication. If you're a Subscriber, please pay attention to any instructions given specifically for you. For a more detailed explanation of any terms, see the **Definitions** section of this publication.

A STATEMENT DESCRIBING UNITEDHEALTHCARE'S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.

Choosing a Primary Care Physician

When choosing a Primary Care Physician, you should always make certain your doctor meets the following criteria:

- Your doctor is selected from the list of Primary Care Physicians in UnitedHealthcare's *Provider Directory*.
- Your doctor is located within 30 miles of either your Primary Residence or Primary Workplace.

You'll find a list of our Network Primary Care Physicians in the Provider Directory. It's also a source for other valuable information. (Note: If you are pregnant, please read the section below, "If You Are Pregnant," to learn how to choose a Primary Care Physician for your newborn.)

What is a Network Medical Group?

When you select a Primary Care Physician, you are also selecting a Network Medical Group. This is the group that's affiliated with both your doctor and UnitedHealthcare. If you need a referral to a specialist or Non-Physician Health Care Practitioner, you will generally be referred to a doctor, Non-Physician Health Care Practitioner or service within this group. Since Network Medical Groups are independent contractors not employed by UnitedHealthcare, each has its own unique network of affiliated specialists and Providers. Only if a Specialist, Non-Physician Health Care Practitioner or service is unavailable will you be referred to a health care Provider outside your medical group.

To learn more about a particular Network Medical Group, look in your Provider Directory, where you will find addresses and phone numbers and other important information about Hospital affiliations or any restrictions limiting the availability of certain Providers.

Your *Provider Directory* – Choice of Physicians and Hospitals (Facilities)

Along with listing our Network Physicians, your Provider Directory has detailed information about our Network Medical Groups and other Providers. This includes a QUALITY INDEX[®] for helping you become familiar with our Network Medical Groups. Every Subscriber should receive a Provider Directory. If you need a copy or would like assistance picking your Primary Care Physician, please call our Customer Service department. You can also find an online version of the Directory at www.myuhc.com.

Note: If you are seeing a Network Provider who is not a part of a Medical Group, your doctor will coordinate services directly with UnitedHealthcare.

Choosing a Primary Care Physician for Each Enrolled Family Member

Every UnitedHealthcare Member must have a Primary Care Physician; however, the Subscriber and any enrolled Family Members don't need to choose the same doctor. Each UnitedHealthcare Member can choose his or her own Primary Care Physician, so long as the doctor is selected from UnitedHealthcare's list of Primary Care Physicians and the doctor is located within 30 miles of either the Member's Primary Residence or Primary Workplace.

If a Family Member doesn't make a selection during enrollment, UnitedHealthcare will choose the Member's Primary Care Physician. (**Note:** If an enrolled Family Member is pregnant, please read below to learn how to choose a Primary Care Physician for the newborn.)

Continuity of Care for New Members at the Time of Enrollment

Under certain circumstances, as a new Member of UnitedHealthcare, you may be able to continue receiving services from an Out-of-Network Provider to allow for the completion of Covered Health Care Services provided by an Out-of-Network Provider, if you were receiving services from that Provider at the time your coverage became effective, for one of the Continuity of Care Conditions as limited and described in **Section 10. Definitions**.

This Continuity of Care assistance is intended to facilitate the smooth transition in medical care across health care delivery systems for new Members who are undergoing a course of treatment when the Member or the Member's employer changes Health Plans during open enrollment.

For a newly enrolled Member to continue receiving care from a Out-of-Network Provider, the following conditions must be met:

1. Your Employer Group did not offer you a PPO plan or other plan that would provide you with an out-of-Network benefit or would allow you to continue to obtain services from your Out-of-Network Provider;
2. A request for Continuity of Care services from an Out-of-Network Provider must be submitted to UnitedHealthcare within 30 calendar days from your effective date on the Health Plan for review and approval.
3. The requested treatment must be a Covered Health Care Service under this Health Plan;
4. The Out-of-Network Provider must agree in writing to meet the same contractual terms and conditions that are imposed upon UnitedHealthcare's Network Providers, including location within UnitedHealthcare's Service Area, payment methodologies and rates of payment.

Covered Health Care Services for the Continuity of Care Condition under treatment by the Out-of-Network Provider will be considered complete when:

1. The Member's Continuity of Care Condition under treatment is medically stable; and
2. There are no clinical contraindications that would prevent a medically safe transfer to a Network Provider as determined by a UnitedHealthcare Medical Director in consultation with the Member, the Non-Network Provider and as applicable, the newly enrolled Member's assigned Network Provider.

Continuity of Care also applies to those new UnitedHealthcare Members who are receiving Mental Health care services from a Out-of-Network Mental Health Provider at the time their coverage becomes effective.

Members eligible for continuity of mental health care services may continue to receive mental health care services from a Out-of-Network Provider for a reasonable period of time to safely transition care to a Mental Health Network Provider. Please refer to "Inpatient Benefits, Outpatient Benefits" and "Exclusions and Limitations of Benefits" in **Section 6. Your Medical Benefits** of the UnitedHealthcare *Combined Evidence of Coverage and Disclosure Form*, and the *Schedule of Benefits* for supplemental mental health care services coverage information, if any. For a description of coverage of mental health care services, please refer to the behavioral health supplement to this *Combined Evidence of Coverage and Disclosure Form*. An Out-of-Network Mental Health Provider means a psychiatrist, licensed psychologist, licensed marriage and family therapist or licensed clinical social worker who has not entered into a written agreement with the network of Providers from whom the Member is entitled to receive Covered Health Care Services.

If a Covered Person is receiving treatment for any of the specified Continuity of Care Conditions, and believes he or she qualifies for continued care with the Terminating Provider, please call the Customer Service department and request the form "Request for Continuity of Care Benefits." Complete and return the form to

All Continuity of Care requests will be reviewed on a case-by-case basis. We will consider the severity of the newly enrolled Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

UnitedHealthcare's Health Services department will complete a clinical review of your Continuity of Care request for the completion of Covered Health Care Services with an Out-of-Network Provider and the decision will be made and communicated in a timely manner appropriate to the nature of your medical condition. In most instances, decisions for non-urgent requests will be made within five (5) business days of UnitedHealthcare's receipt of the completed form. You will be notified of the decision by telephone and provided with a plan for your continued care. Written notification of the decision and plan of care will be sent to you, by U.S. mail, within two (2) business days of making the decision. If your request for continued care with an Out-of-Network Provider is denied, you may appeal the decision. (To learn more about appealing a denial, please refer to **Section 8. Overseeing Your Health Care.**)

If you have any questions, would like a description of UnitedHealthcare's continuity of care process, or want to appeal a denial, please call our Customer Service department.

Please note: It's not enough to simply prefer receiving treatment from a former Physician or other Non-Network Provider. You should not continue care with an Out-of-Network Provider without our formal approval. If you do not receive Prior Authorization from UnitedHealthcare or your Network Medical Group, payment for routine services performed by an Out-of-Network Provider will be your responsibility.

What to do if You Are Pregnant?

Every Member of UnitedHealthcare needs a Primary Care Physician, including your newborn. Newborns are assigned to the mother's Network Medical Group from birth until discharge from the Hospital. You may request to reassign your newborn to a different Primary Care Physician or Network Medical Group following the newborn's discharge by calling UnitedHealthcare's Customer Service department. If a Primary Care Physician isn't chosen for your child, the newborn will remain with the mother's Primary Care Physician or Network Medical Group. If you call the Customer Service Department by the 15th of the current month, your newborn's transfer will be effective on the first day of the following month. If the request for transfer is received after the 15th of the current month, your newborn's transfer will be effective on the first day of the following month. If the request for transfer is received after the 15th of the current month, your newborn's transfer will be effective the first day of the second succeeding month. For example, if you call UnitedHealthcare on June 12th to request a new doctor for your newborn, the transfer will be effective on July 1st. If you call UnitedHealthcare on June 16th, the transfer will be effective August 1st. In order for coverage to continue beyond the first 30 days of life, the Subscriber must submit a request to add the baby to the County of Los Angeles prior to the expiration of the 90-day period to continue coverage beyond the first 30 days of life. If you do not enroll the newborn child within 90 days, the newborn is covered for only 31 days (including the date of birth).

If your newborn has not been discharged from the Hospital, is being followed by the Case Management or is receiving acute institutional care at the time of your request, a change in your newborn's Primary Care Physician or Network Medical Group will not be effective until the first day of the second month following the newborn's discharge from the institution or termination of treatment. When UnitedHealthcare's Case Management is involved, the Case Manager is also consulted about the effective date of your requested Physician change for your newborn.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

You can learn more about changing Primary Care Physicians in **Section 5. Changing Your Doctor or Medical Group**. (For more about adding a newborn to your coverage, see **Section 1. Member Eligibility**.)

Does your Group or Hospital restrict any reproductive services?

Some Hospitals and other Providers do not provide one or more of the following services that may be covered under your plan contract and that you or your Family Member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the UnitedHealthcare Health Plan Customer Service department at 1-800-367-2660 or 711 (TTY) to ensure that you can obtain the health care services that you need.

If you have chosen a Network Medical Group that does not provide the family planning benefits you need, and these benefits have been purchased by the County of Los Angeles, please call our Customer Service department.

SECTION 3. SEEING THE DOCTOR OR OTHER PROVIDERS AND TIMELY ACCESS TO CARE

- Scheduling Appointments
- Referrals to Specialists
- OB/GYN and Other Services/ Getting Care Without a Referral
- Second Medical Opinions
- Prearranging Hospital Stays
- Hospitalist Program
- 24-Hour Support and Information
- Timely Access To Care

Now that you've chosen a Primary Care Physician, you have a doctor for your routine health care.

This section will help you begin taking advantage of your health care coverage. It will also answer common questions about seeing a specialist and receiving medical services that are not Emergency Health Care Services or Urgently Needed Services. (For information on "Emergency Health Care Services or Urgently Needed Services," please turn to **Section 4.**)

Seeing the Doctor – Scheduling Appointments

To visit your Primary Care Physician, simply make an appointment by calling your doctor's office.

Your Primary Care Physician is your first stop for accessing routine, non-emergent care. No Physician or other health care services will be covered without an authorized referral from your Primary Care Physician or UnitedHealthcare except for Emergency Health Care Services and Urgently Needed Services and exceptions found under "OB/GYN and Other Services/ Getting care Without a Referral".

When you see your Primary Care Physician or use one of your health care benefits, you may be required to pay a charge for the visit. This charge is called a Co-payment. The amount of a Co-payment depends upon the health care service. Your Co-payments is outlined in your Schedule of Benefits. More detailed information can also be found in **Section 7. Payment Responsibility.**

Referrals to Specialists and Non-Physician Health Care Practitioners

The Primary Care Physician you have chosen will coordinate your health care needs. If your Primary Care Physician determines you need to see a Specialist or Non-Physician Health Care Practitioner, he or she will make an appropriate referral. (There is an exception for visits to obstetrical and gynecological (OB/GYN) Physicians. This is explained below in "Direct Access to OB/GYN Services.")

Your plan may not cover services provided by all Non-Physician Health Care Practitioners. Please refer to the "Inpatient Benefits, Outpatient Benefits" and "Exclusions and Limitations of Benefits" sections in this Combined Evidence of Coverage and Disclosure Form for further information regarding Non-Physician Health Care Practitioner services excluded from coverage or limited under this Health Plan.

Your Primary Care Physician will determine the number of Specialist or Non-Physician Health Care Practitioner visits that you require and will provide you with any other special instructions. This referral may also be reviewed by, and may be subject to the approval of, the Primary Care Physician's Utilization Review Committee. For more information regarding the role of the Utilization Review Committee, please refer to the definition of "Utilization Review Committee." A Utilization Review Committee meets on a regular basis as determined by membership needs, special requests or issues and the number of authorization or referral requests to be addressed. Decisions may be made outside of a formal committee meeting to assure a timely response to emergency health care services or urgent requests.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

Standing Referrals to Specialists

A standing referral is a referral by your Primary Care Physician that authorizes more than one visit to a Network specialist. A standing referral may be provided if your Primary Care Physician, in consultation with you, the specialist and your Network Medical Group's Medical Director (or a UnitedHealthcare Medical Director), determines that as part of a treatment plan you need continuing care from a specialist. You may request a standing referral from your Primary Care Physician or UnitedHealthcare.

Please Note: A standing referral and treatment plan is only allowed if approved by your Network Medical Group or UnitedHealthcare.

Your Primary Care Physician will specify how many specialist visits are authorized. The treatment plan may limit your number of visits to the specialist and the period for which visits are authorized. It may also require the specialist to provide your Primary Care Physician with regular reports on your treatment and condition.

Extended Referral for Care by a Specialist

If you have a life-threatening, degenerative or disabling condition or disease that requires specialized medical care over a prolonged period, you may receive an "extended specialty referral." This is a referral to a specialist or specialty care center so the specialist can oversee your health care. The Physician or center will have the necessary experience and skills for treating the condition or disease.

You may request an extended specialty referral by asking your Primary Care Physician or UnitedHealthcare. Your Primary Care Physician must then determine if it is Medically Necessary. Your Primary Care Physician will consult with the specialist or specialty care center, as well as your Network Medical Group's Medical Director or a UnitedHealthcare Medical Director.

If you require an extended specialty referral, the referral will be made according to a treatment plan approved by your Network Medical Group's Medical Director or a UnitedHealthcare Medical Director. This is done in consultation with your Primary Care Physician, the specialist and you.

Once the extended specialty referral begins, the specialist begins serving as the main coordinator of your care. The specialist does this in accordance with your treatment plan.

OB/GYN and Other Services: Getting Care Without a Referral

Women may receive obstetrical and gynecological (OB/GYN) Physician services directly from a Network OB/GYN, family practice Physician, or surgeon identified by your Network Medical Group as providing OB/GYN Physician services. This means you may receive these services without Prior Authorization or a referral from your Primary Care Physician. In all cases, however, the doctor must be affiliated with your Network Medical Group.

Please Remember: if you visit an OB/GYN or family practice Physician not affiliated with your Network Medical Group without Prior Authorization or a referral, you will be financially responsible for these services. All OB/GYN Inpatient or Hospital Services, except Emergency Health Care Services or Urgently Needed Services, need to be authorized in advance by your Network Medical Group or UnitedHealthcare.

If you would like to receive OB/GYN Physician services, simply do the following:

- Call the telephone number on the front of your ID Card and request the names and telephone numbers of the OB/GYNs affiliated with your Network Medical Group;
- Contact your Network OB/GYN to schedule an appointment.

After your appointment, your OB/GYN will contact your Primary Care Physician about your condition, treatment and any needed follow-up care.

UnitedHealthcare also covers important wellness services for our Members. For more information, see "Health Education Services" in Section 6. Your Medical Benefits.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

Additionally, for reproductive and sexual health care services, prior approval from a Primary Care Physician or Medical Group or the Plan is not necessary. Such services include:

- Prevention or treatment of pregnancy.
- Screening, prevention, diagnosis and treatment of an infectious, communicable or sexually transmitted disease, including HIV and HIV testing..
- Abortion
- Rape including the medical care related to the diagnosis or treatment of the condition and the collection of medical evidence and may be provided under Section 4. Emergency Health Care Services and Urgently Needed Services
- Sexual assault including the medical care related to the diagnosis or treatment of the condition and the collection of medical evidence.

UnitedHealthcare may establish reasonable provisions governing utilization procedures for obtaining services. Although prior authorization is not needed, you may be able to receive these services from your Network Medical Group.

Second Medical Opinions

A second medical opinion is a reevaluation of your condition or health care treatment by an appropriately qualified Provider. This Provider must be either a Primary Care Physician or a specialist acting within his or her scope of practice, and must possess the clinical background needed for examining the illness or condition related to the request for a second medical opinion. Upon completing the examination, the Provider's opinion is included in a consultation report.

Either you or your treating Network Provider may submit a request for a second medical opinion. Requests should be submitted to your Network Medical Group; however, in some cases, the request is submitted to UnitedHealthcare. To find out how you should submit your request, talk to your Primary Care Physician.

Second medical opinions will be provided or authorized in the following circumstances:

- When you question the reasonableness or necessity of recommended surgical procedures;
- When you question a diagnosis or treatment plan for a condition that threatens loss of life, loss of limb, loss of bodily functions, or substantial impairment (including, but not limited to, a Chronic Condition);
- When the clinical indications are not clear, or are complex and confusing;
- When a diagnosis is in doubt due to conflicting test results;
- When the treating Provider is unable to diagnose the condition;
- When the treatment plan in progress is not improving your medical condition within an appropriate period of time given the diagnosis, and you request a second opinion regarding the diagnosis or continuance of the treatment;
- When you have attempted to follow the treatment plan or consulted with the initial Provider and still have serious concerns about the diagnosis or treatment.

Either the Network Medical Group or, if applicable, a UnitedHealthcare Medical Director will approve or deny a request for a second medical opinion. The request will be approved or denied in a timely fashion appropriate to the nature of your condition. For circumstances other than an imminent or serious threat to your health, a second medical opinion request will be approved or denied within five (5) business days after the request is received by the Network Medical Group or UnitedHealthcare.

When there is an imminent and serious threat to your health, a decision about your second opinion will be made within 72 hours after receipt of the request by your Network Medical Group or UnitedHealthcare. An imminent and

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

serious threat includes the potential loss of life, limb or other major bodily function, or where a lack of timeliness would be detrimental to your ability to regain maximum function.

If you are requesting a second medical opinion about care given by your Primary Care Physician, the second medical opinion will be provided by an appropriately qualified health care professional of your choice within the same Network Medical Group. (If your Primary Care Physician is independently contracted with UnitedHealthcare and not affiliated with any Network Medical Group, you may request a second opinion from a Primary Care Physician or specialist listed in our *Provider Directory*.) If you request a second medical opinion about care received from a specialist, the second medical opinion will be provided by any health care professional of your choice from any medical group within the UnitedHealthcare Network Provider network of the same or equivalent specialty.

The second medical opinion will be documented in a consultation report, which will be made available to you and your treating Network Provider. It will include any recommended procedures or tests that the Provider giving the second opinion believes are appropriate. If this second medical opinion includes a recommendation for a particular treatment, diagnostic test or service covered by UnitedHealthcare – and the recommendation is determined to be Medically Necessary by your Network Medical Group or UnitedHealthcare – the treatment, diagnostic test or service will be provided or arranged by your Network Medical Group or UnitedHealthcare.

For second opinions on Mental Health and Substance-Related and Addictive Disorder issues, please refer to the behavioral health supplement to the *Combined Evidence of Coverage and Disclosure Form for USBHPC*.

Please Note: The fact that an appropriately qualified Provider gives a second medical opinion and recommends a particular treatment, diagnostic test or service does not necessarily mean that the recommended action is Medically Necessary or a Covered Health Care Service. You will also remain responsible for paying any Outpatient office Co-payments to the Provider who gives your second medical opinion.

If your request for a second medical opinion is denied, UnitedHealthcare will notify you in writing and provide the reasons for the denial. You may appeal the denial by following the procedures outlined in **Section 8**.

Overseeing Your Health Care. If you obtain a second medical opinion without Prior Authorization from your Network Medical Group or UnitedHealthcare, you will be financially responsible for the cost of the opinion.

To receive a copy of the Second Medical Opinion timeline, you may call or write UnitedHealthcare's Customer Service department at:

What is UnitedHealthcare's Case Management Program?

UnitedHealthcare has licensed registered nurses who, in collaboration with the Member, Member's designated family and the Member's Network Medical Group may help arrange care for UnitedHealthcare Members experiencing a major illness or recurring Hospitalizations. Case Management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates options to meet an individual's health care needs based on the health care benefits and available resources. Not every Member will be assigned a case manager.

Prearranging Hospital Stays

Your Primary Care Physician or Hospitalist will prearrange any Medically Necessary Hospital or Facility care. Your Primary Care Physician or Hospitalist will prearrange any Medically Necessary Inpatient Transitional Care or care

provided in a Subacute/Skilled Nursing Facility. If you've been referred to a specialist and the specialist determines you need Hospitalization, your Primary Care Physician will work with the Specialist to prearrange your Hospital stay.

Your Hospital costs, including semi-private room, tests and office visits, will be covered, minus any required Co-payments. Under normal circumstances, your Primary Care Physician or Hospitalist will coordinate your admission to a local UnitedHealthcare Network Hospital or Facility; however, if your situation requires it, you could be transported to a regional medical center.

If Medically Necessary, your Primary Care Physician or Hospitalist may discharge you from the Hospital to a Subacute/Skilled Nursing Facility. He or she can also arrange for Home Health Care Visits.

Please note: If a Hospitalist program applies, a Hospitalist may direct your Inpatient Hospital or Facility care in consultation with of your Primary Care Physician.

Hospitalist Program

If you are admitted to a Network Hospital for a Medically Necessary procedure or treatment, a Hospitalist may coordinate your health care services in consultation with your Primary Care Physician. A Hospitalist is a dedicated Hospital-based Physician who assumes the primary responsibility for managing the process of inpatient care for Members who are admitted to a Hospital. The Hospitalist will manage your Hospital stay, monitor your progress, coordinate and consult with specialists, and communicate with you, your family and your Primary Care Physician. The Hospitalist will work together with your Primary Care Physician during the course of your Hospital stay to ensure coordination and continuity of care and to transition your care upon discharge. Upon discharge from the Hospital, your Primary Care Physician will again take over the primary coordination of your health care services.

24-Hour Support and Information

NurseLineSM is a toll-free telephone service that puts you in immediate contact with an experienced registered nurse any time, 24 hours a day, 7 days a week. Here are some of the ways they can help you:

- They can answer questions about a health concern, and instruct you on self-care at home if appropriate;
- They can advise you about whether you should get medical care, and how and where to get care (for example, if you are not sure whether your condition is an Emergency Medical Condition, they can help you decide whether you need Emergency Care or Urgent Care, and how and where to get that care);
- They can tell you what to do if you need care and a Network Provider office is closed.

NurseLine is available to you at no cost. To use this convenient service, simply call 1-866-747-4325 or the toll-free number on the back of your Health Plan ID card.

By calling the same toll-free number, you can also listen to one of the pre-recorded messages on various health and well-being topics, with many available in Spanish.

Note: If you have a medical emergency, call 911 instead of calling NurseLine.

Timely Access To Care

The purpose of the timely access law is to make sure you get the care you need. Sometimes you need appointments even sooner than the law requires. In this case, your doctor can request that the appointment be sooner.

Sometimes waiting longer for care is not a problem. Your Provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

If Medically Necessary care from a provider within the Medical Group cannot be arranged timely, your Medical Group will make alternate arrangements for the required care with an available and accessible out-of-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Care Service from a Network provider.

SECTION 4. EMERGENCY HEALTH CARE SERVICES AND URGENTLY NEEDED SERVICES

- **What are Emergency Health Care Services?**
- **What to Do When You Require Emergency Health Care Services**
- **Post-Stabilization and Follow-up Care**
- **Out-of-Area Services**
- **What to Do When You Require Urgently Needed Services**

UnitedHealthcare provides coverage for Emergency Health Care Services and Urgently Needed Services. This section will explain how to obtain Emergency Health Care Services and Urgently Needed Services. It will also explain what you should do following receipt of these services.

IMPORTANT!

IF YOU BELIEVE YOU ARE EXPERIENCING AN EMERGENCY MEDICAL CONDITION, CALL 911 OR GO DIRECTLY TO THE NEAREST HOSPITAL EMERGENCY ROOM FOR TREATMENT.

What are Emergency Health Care Services?

Emergency Health Care Services are Medically Necessary ambulance or ambulance transport services provided through the 911 emergency response system. It is also the medical screening, exam and evaluation by a Physician, or other personnel – to the extent provided by law – to determine if an Emergency Medical Condition or Psychiatric Emergency Medical Condition exists. If this condition exists, Emergency Health Care Services include the care, treatment and/or surgery by a Physician necessary to stabilize or eliminate the Emergency Medical Condition or psychiatric medical condition within the capabilities of the Facility which includes admission or transfer to a psychiatric unit within a general acute care hospital or an acute psychiatric hospital for the purpose of providing care and treatment necessary to relieve or eliminate a Psychiatric Emergency Medical Condition, if in the opinion of the treating provider, it would not result in material deterioration of the Member's condition.

What is an Emergency Medical Condition or a Psychiatric Emergency Medical Condition?

The state of California defines an Emergency Medical Condition as a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected by the Member, as a Prudent Layperson, to result in any of the following:

- Placing the Member's health in serious jeopardy;
- Serious impairment to his or her bodily functions;
- A serious dysfunction of any bodily organ or part; or
- Active labor, meaning labor at a time that either of the following would occur:
 - There is inadequate time to effect a safe transfer to another Hospital prior to delivery; or
 - A transfer poses a threat to the health and safety of the Member or unborn child.

An Emergency Medical Condition also includes a Psychiatric Emergency Medical Condition which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:

- An immediate danger to himself or herself or others; or
- Immediately unable to provide for, or utilize, food, shelter or clothing, due to the mental disorder.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

What to Do When You Require Emergency Health Care Services

If you believe you are experiencing an Emergency Medical Condition, call 911 or go directly to the nearest Hospital emergency room or other Facility for treatment. You do not need to obtain Prior Authorization if you reasonably believe Emergency Health Care Services are needed to seek treatment for an Emergency Medical Condition that could cause you harm. Ambulance transport services provided through the 911 emergency response system are covered if you reasonably believe that your medical condition requires emergency ambulance transport services. UnitedHealthcare covers all Medically Necessary Emergency Health Care Services provided to Members in order to stabilize an Emergency Medical Condition.

You, or someone else on your behalf, must notify UnitedHealthcare or your Primary Care Physician within 24 hours, or as soon as reasonably possible, following your receipt of Emergency Health Care Services so that your Primary Care Physician can coordinate your care and schedule any necessary follow-up treatment. When you call, please be prepared to give the name and location of the Facility and a description of the Emergency Health Care Services that you received.

Post-Stabilization and Follow-up Care

Following the stabilization of an Emergency Medical Condition, the treating health care Provider may believe that you require additional Medically Necessary Hospital (health care) Services prior to your being safely discharged. If the hospital is not part of the contracted network, the medical Facility (Hospital) will contact your Network Medical Group, or UnitedHealthcare, in order to obtain the timely authorization for these post-stabilization services. If UnitedHealthcare determines that you may be safely transferred, and you refuse to consent to the transfer, the Facility (Hospital) must provide you written notice that you will be financially responsible for 100 percent of the cost of services provided to you once your emergency condition is stable. In such a situation, the medical Facility (Hospital) will contact your Network Medical Group, or UnitedHealthcare, in order to obtain the timely authorization for these post-stabilization services.

IF YOU FEEL THAT YOU WERE IMPROPERLY BILLED FOR SERVICES THAT YOU RECEIVED FROM A NON-CONTRACTING PROVIDER, PLEASE CALL UNITEDHEALTHCARE AT 1-800-367-2660.

Following your discharge from the Hospital, any Medically Necessary follow-up medical or Hospital Services must be provided or authorized by your Primary Care Physician in order to be covered by UnitedHealthcare. Regardless of where you are in the world, if you require additional follow-up medical or Hospital Services, please call your Primary Care Physician or UnitedHealthcare's Out-of-Area unit to request authorization. UnitedHealthcare's Out-of-Area unit can be reached during regular business hours (8 a.m. – 5 p.m., Pacific time) at 1-800-762-8456.

Out-of-Area Services

UnitedHealthcare arranges for the provision of Covered Health Care Services through its Network Medical Groups and other Network Providers. With the exception of Emergency Health Care Services, Urgently Needed Services, authorized post-stabilization care or other specific services authorized by your Network Medical Group or UnitedHealthcare, when you are away from the geographic area served by your Network Medical Group, you are not covered for any other medical or Hospital Services. If you do not know the area served by your Network Medical Group, please call your Primary Care Physician or the Network Medical Group's administrative office to inquire.

The out-of-area services that are not covered include, but are not limited to:

- Routine follow-up care to Emergency Health Care Services or Urgently Needed Services, such as treatments, procedures, X-rays, lab work and doctor visits, Rehabilitation Services, Skilled Nursing Care or home health care.
- Maintenance therapy and durable medical equipment, including, but not limited to, routine dialysis, routine oxygen, routine laboratory testing or a wheelchair to assist you while traveling outside the geographic area served by your Network Medical Group.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

- Medical care for a known or Chronic Condition without acute symptoms as defined under “Emergency Health Care Services” or “Urgently Needed Services.”
- Ambulance services are limited to transportation to the nearest Facility with the expertise for treating your condition in or out of the area.

Your Network Medical Group provides 24-hour access to request authorization for out-of-area care. You can also request authorization by calling the UnitedHealthcare Out-of-Area unit during regular business hours (8 a.m. – 5 p.m., Pacific Time) at 1-800-762-8456.

What to Do When You Require Urgently Needed Services

When you are in the geographic area served by your Network Medical Group, you should call your Primary Care Physician or Network Medical Group. The telephone numbers for your Primary Care Physician and/or Network Medical Group are on the front of your UnitedHealthcare ID card. Help is available 24 hours a day, seven days a week. Identify yourself as a UnitedHealthcare Member and ask to speak to a Physician. If you are calling during non-business hours, and a Physician is not immediately available, ask to have the Physician-on-call paged. A Physician should call you back shortly. Explain your situation and follow any provided instructions. If your Primary Care Physician or Network Medical Group is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed medical professional wherever you are located.

You, or someone else on your behalf, must notify UnitedHealthcare or your Network Medical Group within 24 hours, or as soon as reasonably possible, after the initial receipt of Urgently Needed Services. When you call, please be prepared to give a description of the Urgently Needed Services that you received.

Out-of-Area Urgently Needed Services

Urgently Needed Services are Medically Necessary health care services required to prevent the serious deterioration of a Member’s health, resulting from an unforeseen illness or injury for which treatment cannot be delayed until the Member returns to the geographic area served by the Member’s Network Medical Group.

Urgently Needed Services are required in situations where a Member is temporarily outside the geographic area served by the Member’s Network Medical Group and the Member experiences a medical condition that, while less serious than an Emergency Medical Condition, could result in the serious deterioration of the Member’s health if not treated before the Member returns to the geographic area served by his or her Network Medical Group or contacts his or her Network Medical Group.

When you are temporarily outside the geographic area served by your Network Medical Group and you believe that you require Urgently Needed Services, you should, if possible, call (or have someone else call on your behalf) your Primary Care Physician or Network Medical Group as described above in “What to Do When You Require Urgently Needed Services.” The telephone numbers for your Primary Care Physician and/or Network Medical Group are on the front of your UnitedHealthcare ID card. Assistance is available 24 hours a day, seven days a week. Identify yourself as a UnitedHealthcare Member and ask to speak to a Physician. If you are calling during non-business hours, and a Physician is not immediately available, ask to have the Physician-on-call paged. A Physician should call you back shortly. Explain your situation and follow any provided instructions.

If you are unable to contact your Primary Care Physician or Network Medical Group, you should seek Urgently Needed Services from a licensed medical professional wherever you are located.

You, or someone else on your behalf, must notify UnitedHealthcare or your Network Medical Group within 24 hours, or as soon as reasonably possible, after the initial receipt of Urgently Needed Services. When you call, please be prepared to give a description of the Urgently Needed Services that you received.

International Emergency Health Care Services and Urgently Needed Services

If you are out of the country and require Urgently Needed Services, you should still, if possible, call your Primary Care Physician or Network Medical Group. Just follow the same instructions outlined above. If you are out of the country and experience an Emergency Medical Condition, either use the available emergency response system or go directly to the nearest Hospital emergency room. Following receipt of Emergency Health Care Services, please notify your Primary Care Physician or Network Medical Group within 24 hours, or as soon as reasonably possible, after initially receiving these services.

Note: Under certain circumstances, you may need to initially pay for your Emergency Health Care Services or Urgently Needed Services. If this is necessary, please pay for such services and then contact UnitedHealthcare at the earliest opportunity. Be sure to keep all receipts and copies of relevant medical documentation. You will need these to be properly reimbursed. For more information on submitting claims to UnitedHealthcare, please refer to **Section 7** in this *Combined Evidence of Coverage and Disclosure Form*.

Always Remember

Emergency Health Care Services: Following receipt of Emergency Health Care Services, you, or someone else on your behalf, must notify UnitedHealthcare or your Primary Care Physician within 24 hours, or as soon as reasonably possible, after initially receiving these services.

Urgently Needed Services: When you require Urgently Needed Services, you should, if possible, call (or have someone else call on your behalf) your Primary Care Physician or Network Medical Group. If you are unable to contact your Primary Care Physician or Network Medical Group, and you receive medical or Hospital Services, you must notify UnitedHealthcare or your Primary Care Physician within 24 hours, or as soon as reasonably possible, of initially receiving these services.

MEMBERS ARE NOT FINANCIALLY RESPONSIBLE FOR PAYMENT OF EMERGENCY CARE SERVICES BEYOND THE CO-PAYMENTS, CO-INSURANCE, AND DEDUCTIBLES.

SECTION 5. CHANGING YOUR DOCTOR OR MEDICAL GROUP

- **How to Change Your Primary Care Physician**
- **How to Change Your Network Medical Group**
- **When We Change Your Physician or Medical Group**
- **When Medical Groups or Doctors Are Terminated by UnitedHealthcare**

This section explains how to change your PCP or Network Medical Group, as well as how we continue your care.

How to Change Your Primary Care Physician or Network Medical Group

Whether you want to change doctors within your Network Medical Group or transfer out of your Network Medical Group entirely, you should call our Customer Service department.

UnitedHealthcare will approve your request to change doctors within your Network Medical Group if the Primary Care Physician you've selected is accepting new patients and meets the other criteria in **Section 2. Getting Started**.

If you call us by the 15th of the current month, your transfer will be effective on the first day of the following month. If you meet the criteria but your request is received after the 15th of the current month, your transfer will be effective the first day of the second succeeding month. For example, if you meet the above requirements and you call UnitedHealthcare on June 12th to request a new doctor, the transfer will be effective on July 1st. If you meet the above requirements and you call UnitedHealthcare on June 16th, the transfer will be effective August 1st.

If you wish to transfer out of your Network Medical Group entirely, and you are not an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution, UnitedHealthcare will approve your request if the Primary Care Physician within the new Network Medical Group you've selected is accepting new patients and meets the other criteria in **Section 2. Getting Started**. This includes being located within 30 miles of your Primary Residence or Primary Workplace. The effective date of transfer will be the same as referred to above when requesting a transfer within your Network Medical Group.

Please Note: UnitedHealthcare does not advise that you change your Primary Care Physician if you are an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution or are undergoing radiation or chemotherapy, as a change may negatively impact your coordination of care. UnitedHealthcare may make exceptions subject to review.

If you wish to transfer out of your Network Medical Group and you are an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution, the change will not be effective until the first day of the second month following your discharge from the institution.

If you are pregnant and wish to transfer out of your Network Medical Group and your pregnancy is high-risk or has reached the third trimester, to protect your health and the health of your unborn child, UnitedHealthcare does not permit such change until after the pregnancy.

If you change your Network Medical Group, authorizations issued by your previous Network Medical Group will not be accepted by your new group. Consequently, you should request a new referral from your new Primary Care Physician within your new Network Medical Group, which may require further evaluation by your new Network Medical Group or UnitedHealthcare.

Please note that your new Network Medical Group or UnitedHealthcare may refer you to a different Provider than the Provider identified on your original authorization from your previous group.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

If you are changing Network Medical Groups, our Customer Service department may be able to help smooth the transition. When UnitedHealthcare's Case Management is involved, the Case Manager is also consulted about the effective date of your Physician change request. At the time of your request, please let us know if you are currently under the care of a specialist, receiving home health services or using durable medical equipment such as a wheelchair, walker, Hospital bed or an oxygen delivery system.

When We Change Your Network Medical Group

Under special circumstances, UnitedHealthcare may require that a Member change his or her Network Medical Group. Generally, this happens at the request of the Network Medical Group after a material detrimental change in its relationship with a Member. If this occurs, we will notify the Member of the effective date of the change, and we will transfer the Member to another Network Medical Group, provided he or she is medically able and there's an alternative Network Medical Group within 30 miles of the Member's Primary Residence or Primary Workplace.

UnitedHealthcare will also notify the Member in the event that the agreement terminates between UnitedHealthcare and the Member's Network Medical Group. If this occurs, UnitedHealthcare will provide 30 days' notice of the termination. UnitedHealthcare will also assign the Member a new Primary Care Physician. If the Member would like to select a different Primary Care Physician, he or she may do so by calling Customer Service. Upon the effective date of transfer, the Member can begin receiving services from his or her new Primary Care Physician.

Please note: Except for Emergency and Urgently Needed Services, once an effective date with your new Network Medical Group has been established, a Member must use his or her new Primary Care Physician or Network Medical Group to authorize all services and treatments. Receiving services elsewhere will result in UnitedHealthcare's denial of benefit coverage.

Continuing Care with a Terminated Provider for Members

Under certain circumstances, you may be eligible to continue receiving care from a Terminated Provider to ensure a smooth transition to a new Network Provider and to complete a course of treatment with the same Terminated Provider or to maintain the same Terminating Provider.

The care must be Medically Necessary, and the cause of Termination by UnitedHealthcare or your Network Medical Group also has to be for a reason other than a medical disciplinary cause, fraud or any criminal activity.

For a Member to continue receiving care from a Terminated Provider, the following conditions must be met:

1. A request for Continuity of Care services from a terminated Provider must be submitted to UnitedHealthcare within 30 calendar days from the date your Provider is terminated for review and approval;
2. The requested treatment must be a Covered Health Care Service under this Plan;
3. The Terminated Provider must agree in writing to be subject to the same contractual terms and conditions that were imposed upon the Provider prior to Termination, including, but not limited to, credentialing, Hospital privileging, utilization review, peer review and quality assurance requirements, notwithstanding the provisions outlined in the Provider contract related to Continuity of Care;
4. The Terminated Provider must agree in writing to be compensated at rates and methods of payment similar to those used by UnitedHealthcare or Network Medical Groups/Independent Practice Associations (PMG/IPA) for current Network Providers providing similar services who are not capitated and who are practicing in the same or a similar geographic area as the Terminated Provider.

Covered Health Care Services provided by a Terminated Provider to a Member who at the time of the Network Provider's contract Termination was receiving services from that Network Provider for one of the Continuity of Care Conditions will be considered complete when:

- i. The Member's Continuity of Care Condition under treatment is medically stable, and

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

- ii. There are no clinical contraindications that would prevent a medically safe transfer to a Network Provider as determined by a UnitedHealthcare Medical Director in consultation with the Member, the Terminated Network Provider and, as applicable, the Member's receiving Network Provider.

Continuity of Care also applies to Members who are receiving Mental Health care services from a Terminated Mental Health Provider, on the effective Termination date. Members eligible for continuity of Mental Health care services may continue to receive Mental Health services from the Terminated Mental Health Provider for a reasonable period of time to safely transition care to a Network Mental Health Provider.

Please refer to "Inpatient Benefits, Outpatient Benefits" and "Exclusions and Limitations of Benefits" in **Section 6. Your Medical Benefits** of the UnitedHealthcare *Combined Evidence of Coverage and Disclosure Form*, and the *Schedule of Benefits* for information. For a description of coverage of Mental Health care services, please refer to the behavioral health supplement to this *Combined Evidence of Coverage and Disclosure Form*.

All Continuity of Care requests will be reviewed on a case-by-case basis. Reasonable consideration will be given to the severity of the Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

If you are receiving treatment for any of the specified Continuity of Care Conditions as limited and described in **Section 10. Definitions**, and believe you qualify for continued care with the Terminating Provider, please call the Customer Service department and request the form "Request for Continuity of Care Benefits."

Complete and return the form to UnitedHealthcare as soon as possible, but no later than thirty (30) calendar days of the Provider's effective date of Termination. Exceptions to the thirty (30)-calendar-day time frame will be considered for good cause. The address is:

UnitedHealthcare
Attention: Continuity of Care Department
Mail Stop: CA124-0181
P.O. Box 30968
Salt Lake City, UT 84130-0968
Fax: 1-888-361-0514

UnitedHealthcare's Health Services department will complete a clinical review of your Continuity of Care request for Completion of Covered Health Care Services with the Terminated Provider and the decision will be made and communicated in a timely manner appropriate for the nature of your medical condition. In most instances, decisions for nonurgent requests will be made within five (5) business days of UnitedHealthcare's receipt of the completed form. You will be notified of the decision by telephone, and provided with a plan for your continued care. Written notification of the decision and plan of care will be sent to you, by United States mail, within two business days of making the decision. If your request for continued care with a Terminated Provider is denied, you may appeal the decision. (To learn more about appealing a denial, please refer to **Section 8. Overseeing Your Health Care.**)

If you have any questions, would like a description of UnitedHealthcare's continuity of care process, or want to appeal a denial, please call our Customer Service department.

Please Note: It's not enough to simply prefer receiving treatment from a Terminated Physician or other terminated Provider. You should not continue care with a terminated Provider without our formal approval. *If you do not receive Prior Authorization by UnitedHealthcare or your Network Medical Group, payment for routine services performed from a Terminated Provider will be your responsibility.*

In the above section "Continuity of Care with a Terminating Provider," **Termination, Terminated** or **Terminating** references any circumstance which terminates, non-renews or otherwise ends the arrangement by which the Network Provider routinely renders Covered Health Care Services to UnitedHealthcare Members.

SECTION 6. YOUR MEDICAL BENEFITS

- Inpatient Benefits
- Outpatient Benefits
- Exclusions and Limitations
- Other Behavioral Health Care Services

This section explains your medical benefits, including what is and isn't covered by UnitedHealthcare. You can find some helpful definitions in the back of this publication. For any Co-payments that may be associated with a benefit, you should refer to your Schedule of Benefits, a copy of which is included with this document. UnitedHealthcare's Commercial HMO Benefit Interpretation Policy Manual and Medical Management Guidelines Manual are available at www.myuhc.com.

I. Inpatient Benefits

THESE BENEFITS ARE PROVIDED WHEN ADMITTED OR AUTHORIZED BY EITHER THE MEMBER'S NETWORK MEDICAL GROUP OR UNITEDHEALTHCARE. ALL SERVICES MUST BE MEDICALLY NECESSARY AS DEFINED IN THIS *COMBINED EVIDENCE OF COVERAGE AND DISCLOSURE FORM*. THE FACT THAT A PHYSICIAN HAS ORDERED A PARTICULAR SERVICE, SUPPLY OR TREATMENT WILL NOT MAKE IT COVERED UNDER THE HEALTH PLAN. A SERVICE, SUPPLY OR TREATMENT MUST BE BOTH MEDICALLY NECESSARY AND NOT EXCLUDED FROM COVERAGE IN ORDER TO BE A COVERED HEALTH CARE SERVICE.

With the exception of Emergency Health Care Services or Urgently Needed Services, a Member will only be admitted to acute care and Skilled Nursing Care Facilities that are authorized by the Member's Network Medical Group under contract with UnitedHealthcare.

1. **Blood and Blood Products** – Blood and blood products are covered. Autologous (self-donated), donor-directed and donor-designated blood processing costs are limited to blood collected for a scheduled procedure.
2. **Bone Marrow and Stem Cell Transplants** – Non-Experimental/Non-Investigational autologous and allogeneic bone marrow and stem cell transplants and transplant services are covered when the recipient is a member and the bone marrow or stem cell services are performed at a Designated Facility. The testing of relatives to determine the compatibility of bone marrow and stem cells is limited to immediate blood relatives who are sisters, brothers, parents and natural children. The testing for compatible unrelated donors, and costs for computerized national and international searches for unrelated allogeneic bone marrow or stem cell donors conducted through a registry, are covered when the Member is the intended recipient. A Designated Facility center approved by UnitedHealthcare must conduct the computerized searches. There is no dollar limitation for Medically Necessary donor-related clinical transplant services once a donor is identified.
3. **Clinical Trials** – All Routine Patient Care Costs incurred during participation in an approved clinical trial for the treatment of:
 - Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.
 - Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as we determine, a clinical trial meets the qualifying approved clinical trial criteria stated below.
 - Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as we determine, a clinical trial meets the qualifying approved clinical trial criteria stated below.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

A Member is considered a Qualified Individual if the Member is eligible to participate in the approved clinical trial according to the trial's protocol and either a Network Treating Physician has concluded that the Member's participation in the trial would be appropriate because the Member meets the trial protocol; or the Member self-refers to the trial and has provided medical and scientific information to establish that participation in the trial is consistent with the trial protocol.

For the purposes of this benefit, "Network Treating Physician" means a Physician who is treating a Member as a Network Provider pursuant to an authorization or referral from the Member's Network Medical Group or UnitedHealthcare.

Routine Patient Care Costs are costs associated with the provision of health care services, including drugs, items, devices and services that would otherwise be covered by UnitedHealthcare if those drugs, items, devices and services were not provided in connection with an approved qualifying clinical trial program, including:

- Health care services typically provided absent a clinical trial.
- Health care services required solely for the provision of the Investigational drug, item, device or service.
- Health care services, required for the clinically appropriate monitoring of the Investigational item or service.
- Health care services provided for the prevention of complications arising from the provision of the Investigational drug, item, device or service.
- Health care services needed for the reasonable and necessary care including the diagnosis and treatment of complications arising from the provision of the investigational drug, item, device or service, including the diagnosis or treatment of the complications.

For purposes of this benefit, Routine Patient Care Costs do not include the costs associated with the provision of any of the following, which are not covered by UnitedHealthcare:

- The Investigational Service, device or item. The only exceptions to this are:
 - Certain Category B devices.
 - Certain promising interventions for patients with terminal illnesses. Certain promising interventions refer to treatment that is likely safe but where limited and/or conflicting evidence exists regarding its effectiveness.
 - Other items and services that meet specified criteria in agreement with our medical and drug policies.
- Services other than health care services, such as travel, transportation, housing, companion expenses and other nonclinical expenses that the Member may require due to the treatment being provided for purposes of the clinical trial.
- Any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the Member's care.
- Health care services that, except for the fact that they are being provided in a clinical trial, are otherwise specifically excluded from coverage under UnitedHealthcare.

- Health care services provided by the research sponsor free of charge.

With respect to cancer or other life-threatening diseases or conditions, an qualifying approved clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not life-threatening, an qualifying approved clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - National Institutes of Health (NIH). (Includes National Cancer Institute (NCI);
 - Centers for Disease Control and Prevention (CDC);
 - Agency for Healthcare Research and Quality (AHRQ);
 - Centers for Medicare and Medicaid Services (CMS);
 - A cooperative group or center of any of the entities described above or the United States Department of Defense (DOD) or the Veterans Administration (VA);
 - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - The Department of Veterans Affairs, the Department of Defense or the Department of Energy as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the Secretary of Health and Human Services to meet both of the following criteria:
 - Comparable to the system of peer review of studies and investigations used by the National Institutes of Health.
 - Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
 - The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration
 - The study or investigation is a drug trial that is exempt from having such an investigational new drug application;
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of Covered Health Care Service and is not otherwise excluded under the Agreement.

A clinical trial with endpoints defined exclusively to test toxicity is not an approved clinical trial.

All services must be Prior Authorized by UnitedHealthcare's Medical Director or designee. Additionally, services must be provided by a UnitedHealthcare Network Provider in UnitedHealthcare's Service Area. In the event a UnitedHealthcare Network Provider does not offer a clinical trial with the same protocol as the one the Member's Network Treating Physician recommended, the Member may select a Provider performing a clinical trial with that protocol within the state of California. If there is no Provider offering the clinical trial with the same protocol as the one the Member's treating Network

Physician recommended in California, the Member may select a clinical trial outside the state of California but within the United States of America.

UnitedHealthcare is required to pay for the services covered under this benefit at the rate agreed upon by UnitedHealthcare and a Network Provider, minus any applicable Co-payment. In the event the Member participates in a clinical trial provided by an Out-of-Network Provider that does not agree to perform these services at the rate UnitedHealthcare negotiates with Network Providers, the Member will be responsible for payment of the difference between the Out-of-Network Provider's billed charges and the rate negotiated by UnitedHealthcare with Network Providers, in addition to any applicable Co-payment.

Any additional expenses the Member may have to pay beyond UnitedHealthcare's negotiated rate as a result of using an Out-of-Network Provider do not apply to the Member's annual Co-payment Limit.

4. **Gender Dysphoria** – Prior Authorization of medically necessary services must be done by UnitedHealthcare or delegated providers as determined by UnitedHealthcare. For more information regarding this coverage, please refer to the Benefit Interpretation Policy Manual and Medical Management Guidelines Manual are available at www.myuhc.com.
5. **Hospice Services** – Hospice Services are covered for Members with a Terminal Illness, defined as a medical condition resulting in a prognosis of life expectancy of one year or less, if the disease follows its natural course. Hospice Services are provided as determined by the plan of care developed by the Member's interdisciplinary team, which includes, but is not limited to, the Member, the Member's Primary Care Physician, a registered nurse, a social worker and a spiritual caregiver. Hospice services are provided in an appropriately licensed Hospice Facility when the Member's interdisciplinary team has determined that the Member's care cannot be managed at home because of acute complications or the temporary absence of a capable primary caregiver.

Hospice services include skilled nursing services, certified Home Health Aide Services and homemaker services under the supervision of a qualified registered nurse; bereavement services; social services/counseling services; medical direction; volunteer services; pharmaceuticals, medical equipment and supplies that are reasonable and necessary for the palliation and management of the Terminal Illness and related conditions; and physical and occupational therapy and speech-language pathology services for purposes of symptom control or to enable the Member to maintain activities of daily living and basic functional skills.

Inpatient Hospice services are provided in an appropriately licensed Hospice Facility when the Member's interdisciplinary team has determined that the Member's care cannot be managed at home because of acute complications or when it is necessary to relieve the Family Members or other persons caring for the Member (respite care). Respite care is limited to an occasional basis and to no more than five (5) consecutive days at a time.

27. **Experimental and/or Investigational Procedures, Items and Treatments** – Experimental and/or Investigational procedures, items and treatments are not covered unless required by an external, independent review panel as described in Section 8 of this Combined Evidence of Coverage and Disclosure Form. Unless otherwise required by federal or state law, decisions as to whether a particular treatment is Experimental or Investigational, and therefore not a covered benefit, are determined by a UnitedHealthcare Medical Director or his or her designee. For the purposes of this Combined Evidence of Coverage and Disclosure Form, procedures, studies, tests, drugs or equipment will be considered Experimental and/or Investigational if any of the following criteria/guidelines are met:
 - It cannot lawfully be marketed without the approval of the U.S. Food and Drug Administration (FDA) and such approval has not been granted at the time of its use or proposed use.
 - It is a subject of a current investigation of new drug or new device (IND) application on file with the FDA.
 - It is the subject of an ongoing clinical trial (Phase I, II or the research arm of Phase III) as defined in regulations and other official publications issued by the FDA and Department of Health and Human Services (DHHS).
 - It is being provided pursuant to a written protocol that describes among its objectives the determination of safety, efficacy, toxicity, maximum-tolerated dose or effectiveness in comparison to conventional treatments.
 - Other facilities studying substantially the same drug, device, medical treatment or procedures refer to it as experimental or as a research project, a study, an invention, a test, a trial or other words of similar effect.
 - The predominant opinion among experts as expressed in published, authoritative medical literature is that usage should be confined to research settings.
 - It is not Experimental or Investigational itself pursuant to the above criteria, but would not be Medically Necessary except for its use in conjunction with a drug, device or treatment that is Experimental or Investigational (e.g., lab tests or imaging ordered to evaluate the effectiveness of an Experimental therapy).

SECTION 7. PAYMENT RESPONSIBILITY

- **What are Premiums and Co-payments**
- **What to Do if You Receive a Bill**
- **Coordinating Benefits**
- **Medicare Eligibility**
- **Workers' Compensation Eligibility**
- **Other Benefit Coordination Issues**

This section explains these and other health care expenses. It also explains your responsibilities when you are eligible for Medicare or workers' compensation coverage and when UnitedHealthcare needs to coordinate your benefits with another plan.

What are Premiums (Prepayment Fees)?

Premiums are fees the County of Los Angeles pays to cover the basic costs of your health care package. The County of Los Angeles pays these Premiums on a monthly basis. Often the Subscriber shares the cost of these Premiums with deductions from his or her salary.

If you are the Subscriber, you should already know if you're contributing to your Premium payment; if you aren't sure, contact your Health Benefits Officer at the location that you work. He or she will know if you're contributing to your Premium, as well as the amount, method and frequency of this contribution.

What are Co-payments?

Aside from the Premium, you may be responsible for paying a charge when you receive a Covered Health Care Service. This charge is called a Co-payment and is outlined in your Schedule of Benefits. If you review your Schedule of Benefits, you'll see that the amount of the Co-payment depends on the service, as well as the Provider from whom you choose to receive your care.

Annual Co-payment Maximum

For certain Covered Health Care Services, there is a limit placed on the total amount you pay for Co-payments during a calendar year. This limit is called your Annual Co-payment Limit, and when you reach it, for the remainder of the calendar year, you will not pay any additional Co-payments for these Covered Health Care Services. Co-payments paid for certain Covered Health Care Services are not applicable to a Member's Annual Co-payment Limit; these services are specified in the *Schedule of Benefits*.

When an individual Member meets the Annual Co-payment Limit, no further Co-payments are required for the year for that individual.

Note: Co-payments for certain types of Covered Health Care Services do not apply toward the Out-of-Pocket Limit and will require a Co-payment even after the Out-of-Pocket Limit has been met. The Annual Out-of-Pocket Limit includes Co-payments for UnitedHealthcare benefits including behavioral health, prescription drugs and, if purchased, acupuncture benefits. It does not include standalone, separate and independent Dental, Vision and Chiropractic benefit plans offered to groups.

What If You Get a Bill?

If you are billed for a Covered Health Care Service provided or authorized by your Primary Care Physician or Network Medical Group or if you receive a bill for Emergency Health Care Services or Urgently Needed Services you should do the following:

1. Call the Provider, then let them know you have received a bill in error and you will be forwarding the bill to UnitedHealthcare.
2. Give the Provider your UnitedHealthcare Health Plan information, including your name and UnitedHealthcare Member number.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

3. Forward the bill to:
UnitedHealthcare of California
Claims Department
P.O. Box 30968
Salt Lake, UT 84130-0968

Include your name, your UnitedHealthcare ID number and a brief note that indicates you believe the bill is for a Covered Health Care Service. The note should also include the date of service, the nature of the service and the name of the Provider who authorized your care. No claim form is required. If you need additional assistance, call our Customer Service department.

Please Note: Your Provider will bill you for services that are not covered by UnitedHealthcare or haven't been properly authorized. You may also receive a bill if you've exceeded UnitedHealthcare's coverage limit for a benefit.

What is a Schedule of Benefits?

Your Schedule of Benefits is printed separately from this document and lists the Covered Health Care Services unique to your plan. It also includes your Co-payments, as well as the Annual Co-payment Limit and other important information. If you need assistance understanding your Schedule of Benefits, or need a new copy, please call our Customer Service department.

Bills From Out-of-Network Providers

If you receive a bill for a Covered Health Care Service from a Physician who is not one of our Network Providers, and the service was Prior Authorized and you haven't exceeded any applicable benefit limits, UnitedHealthcare will pay for the service, less the applicable Co-payment. (Prior Authorization isn't required for Emergency Health Care Services and Urgently Needed Services. See **Section 4. Emergency Health Care Services and Urgently Needed Services.**) Out-of-Network Providers may not send you a bill you for Emergency Health Care Services. You are only required to pay the co-payment amount specified in your *Schedule of Benefits*. You may also submit a bill to us if an Out-of-Network Provider has refused payment directly from UnitedHealthcare.

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment amount specified in your Schedule of Benefits. A Network "contracting health facility" includes, but not limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your Schedule of Benefits.

You should file a claim within 90 days, or as soon as reasonably possible, of receiving any services and related supplies. Forward the bill to:

UnitedHealthcare of California
Claims Department
P.O. Box 30968
Salt Lake City, UT 84130-0968

Include your name, UnitedHealthcare ID number and a brief note that indicates your belief that you've been billed for a Covered Health Care Service. The note should also include the date of service, the nature of the service and the name of the Provider who authorized your care. No claim form is required.

UnitedHealthcare will make a determination within 45 working days from the date UnitedHealthcare receives a claim containing all information reasonably necessary to decide the claim. UnitedHealthcare will not pay any claim that is filed more than 180 calendar days from the date the services or supplies were provided. UnitedHealthcare also will not pay for excluded services or supplies unless authorized by your Primary Care Physician, your Network Medical Group or directly by UnitedHealthcare.

Any payment assumes you have not exceeded your benefit limits. If you've reached or exceeded any applicable benefit limit, these bills will be your responsibility.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

How Do You Avoid Unnecessary Bills?

Always obtain your care under the direction of UnitedHealthcare, your Network Medical Group, or your Primary Care Physician. By doing this, you only will be responsible for paying any related Co-payments and for charges in excess of your benefit limitations. Except for Emergency Health Care Services or Urgently Needed Services, if you receive services not authorized by UnitedHealthcare or your Network Medical Group, you may be responsible for payment. This is also true if you receive any services not covered by your plan. (Services not covered by your plan are included in **Section 6. Your Medical Benefits.**)

Your Billing Protection

All our Members have rights that protect them from being charged for Covered Health Care Services in the event a Network Medical Group does not pay a Provider, a Provider becomes insolvent or a Provider breaches its contract with UnitedHealthcare. In none of these instances may the Network Provider send you a bill, charge you, or have any other recourse against you for a Covered Health Care Service. However, this provision does not prohibit the collection of Co-payment amounts as outlined in the Schedule of Benefits.

In the event of a Provider's insolvency, UnitedHealthcare will continue to arrange for your benefits. If for any reason UnitedHealthcare is unable to pay for a Covered Health Care Service on your behalf (for instance, in the unlikely event of UnitedHealthcare's insolvency or a natural disaster), you are not responsible for paying any bills as long as you received proper authorization from your UnitedHealthcare Network Provider. You may, however, be responsible for any properly authorized Covered Health Care Services from an Out-of-Network Provider or Emergency Health Care Services or Urgently Needed Services from an Out-of-Network Provider.

Note: If you receive a bill because an Out-of-Network Provider refused to accept payment from UnitedHealthcare, you may not be billed for authorized services for anything except your Co-payments. Please call Customer Services for assistance or submit a claim for reimbursement. See above: Bills From Out-of-Network Providers.

Coordination of Benefits

Coordination of Benefits (COB) is a process, regulated by law, which determines the financial responsibility for payment when a person has group health care coverage under more than one plan. "Plan" is defined below. COB is designed to provide maximum coverage for medical and Hospital Services at the lowest cost by avoiding excessive or duplicate payments.

The objective of COB is to ensure that all group Health Plans that provide coverage to an individual will pay no more than 100 percent of the allowable expense for services that are received. This payment will not exceed total expenses incurred or the reasonable cash value of those services and supplies when the group Health Plan provides benefits in the form of services rather than cash payments.

UnitedHealthcare's COB activities will not interfere with your medical care.

The order of benefit determination rules below determine which Health Plan will pay as the Primary Plan. The Primary Plan that pays first pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays after the Primary Plan and may reduce the benefits it pays so that payment from all group plans do not exceed 100 percent of the total allowable expense. "Allowable Expense" is defined below.

Definitions

The following definitions only apply to coverage provided under this explanation of Coordination of Benefits.

- A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment.
1. **Plan** includes: group insurance, closed panel (HMO, POS, PPO or EPO) coverage or other forms of group or group-type coverage (whether insured or uninsured); Hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts, such as Skilled Nursing

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

Care; or other governmental benefits, as permitted by law (Medicare is not included as a “Plan” as defined here; however, UnitedHealthcare does coordinate benefits with Medicare. Please refer to **Section 7**. “Important Rules for Medicare and Medicare Eligible Members.”

2. “Plan” does not include: non-group coverage of any type, including, but not limited to, individual or family insurance; amounts of Hospital indemnity insurance of \$200 or less per day; school accident-type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies, a state plan under Medicaid; and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under (1) or above is a separate Plan. However, if the same carrier provides coverage to Members of a group under more than one group contract each of which provide for different types of coverage (for example, one covering dental services and one covering medical services), the separate contracts are considered parts of the same plan and there is no COB among those separate contracts. However, if a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. Primary Plan or Secondary Plan – The order of benefit determination rules determine whether this Plan is a “Primary Plan” or “Secondary Plan” when compared to another Plan covering the person.

When this Plan is primary, its benefits are determined before those of any other Plan and without considering any other Plan’s benefits. When this Plan is secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary Plan’s benefits.

C. Allowable Expense means a health care service or expense, including Co-payments, that is covered at least in part by any of the Plans covering the person. When a plan provides benefits in the form of services, (for example, an HMO) the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the plans is not an Allowable Expense. The following are examples of expenses or services that are not Allowable Expenses:

1. If a Covered Person is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room; (unless the patient’s stay in a private Hospital room is Medically Necessary) is not an Allowable Expense.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan’s payment arrangements shall be the allowable expense for all plans.
5. The amount a benefit is reduced by the Primary Plan because a Covered Person does not comply with the Plan provisions. Examples of these provisions are precertification of admissions and preferred Provider arrangements.

D. Claim Determination Period means a calendar year or that part of the calendar year during which a person is covered by this Plan.

E. Closed Panel Plan is a plan that provides health benefits to covered persons primarily in the form of services through a panel of Providers that have contracted with, or are employed by, the Plan, and that limits or excludes benefits for services provided by other Providers, except in cases of emergency or referral by a panel Member.

F. Custodial Parent means a parent awarded custody by a court decree. In the absence of a court decree, it

is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules

If the Member is covered by another group Health Plan, responsibility for payment of benefits is determined by the following rules. These rules indicate the order of payment responsibility among UnitedHealthcare and other applicable group Health Plans by establishing which plan is primary, secondary and so on:

- A. The Primary Plan pays or provides its benefits as if the Secondary Plan or Plans did not exist.
- B. A Plan that does not contain a coordination of benefits provision is always primary. There is one exception: Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. The first of the following rules that describes which Plan pays its benefits before another Plan is the rule that will apply.
 1. **Subscriber (Non-Dependent) or Dependent.** The Plan that covers the person other than as a Dependent; for example as an employee, Member, Subscriber or retiree, is primary, and the plan that covers the person as a Dependent is secondary.
 2. **Child Covered Under More Than One Plan.** The order of benefits when a child is covered by more than one plan is:
 - a. **Birthday Rule.** The Primary Plan is the Plan of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they ever have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - b. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage, that Plan is primary if the parent has enrolled the child in the Plan and provided the Plan with a copy of the court order as required in the Eligibility section of this Combined Evidence of Coverage and Disclosure Form. This rule applies to Claim Determination Periods or plan years, commencing after the Plan is given notice of the court decree.
 - c. If the parents are not married and/or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The Plan of the Custodial Parent;
 - The Plan of the legal spouse or Domestic Partner of the Custodial Parent;
 - The Plan of the non-Custodial Parent; and then
 - The Plan of the legal spouse of the non-Custodial Parent.
 3. **Active or Inactive Employee.** The Plan that covers a person as an employee who is neither laid off nor retired (or his or her Dependent) is primary in relation to a Plan that covers the person as a laid-off or retired employee (or his or her Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored. Coverage provided an

individual by one Plan as a retired worker and by another Plan as a Dependent of an actively working legal spouse or Domestic Partner will be determined under the rule labeled D(1).

4. **COBRA Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal (COBRA) or state law (similar to COBRA) also is covered under another Plan, the Plan covering the person as an employee, Member, Subscriber or retiree (or as that person's Dependent) is primary, and the continuation coverage is secondary. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
5. **Longer or Shorter Length of Coverage.** If the preceding rules do not determine the order or payment, the Plan that covered the person as an employee, Member, Subscriber or retiree for the longer period is primary.

Effect on the Benefits of This Plan

- A. When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Claim Determination Period are not more than 100 percent of total Allowable Expenses.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the person having received services from a nonpanel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans.

UnitedHealthcare may obtain the facts it needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits. Each person claiming benefits under this Plan must give UnitedHealthcare any facts it needs to apply those rules and determine benefits payable. UnitedHealthcare may use and disclose a Member's protected health information for the purposes of carrying out treatment, payment or health care operations, including, but not limited to, diagnoses payment of health care services rendered, billing, claims management or other administrative functions of UnitedHealthcare, without obtaining the Member's consent, in accordance with state and federal law.

UnitedHealthcare's Right to Pay Others

A "payment made" under another Plan may include an amount that should have been paid under this Plan. If this happens, UnitedHealthcare may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. UnitedHealthcare will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" includes providing benefits in the form of services, in which case, "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the "amount of the payments made" by UnitedHealthcare is more than it should have paid under this COB provision, UnitedHealthcare may recover the excess from one or more of the persons it has paid or for whom it has paid or for any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

Important Rules for Medicare and Medicare-Eligible Members

You must let UnitedHealthcare know if you are enrolled, or eligible to enroll, in Medicare (Part A and/or Part B coverage). UnitedHealthcare is typically primary (that is, UnitedHealthcare's benefits are determined before those of Medicare) to Medicare for some initial period of time, as determined by the Medicare regulations.

You can become entitled to Medicare three different ways: because of age, disability, or end stage renal disease (ESRD).

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

If you have group health insurance through a plan that either you or your legal spouse received through an Employer Group that you are actively working at, and you are enrolled in Medicare, the group health insurance is primary over Medicare. However, there are three exceptions to this rule:

1. Employer Group with less than 20 Eligible Employees;
2. Disabled individual and enrolled in a health plan with less than 100 eligible employees; or
3. Members who are entitled to Medicare due to End Stage Renal Disease (ESRD) after the mandated 18-month period.

If you have questions about the coordination of Medicare benefits, contact your Employer Group or our Customer Service department. For questions regarding Medicare eligibility, contact your local Social Security office.

Workers' Compensation

UnitedHealthcare will not provide or arrange for benefits, services or supplies required as a result of a work-related injury or illness. This applies to injury or illness resulting from occupational accidents or sickness covered under any of the following: the California Workers' Compensation Act, occupational disease laws, employer's liability or federal, state or municipal law. To recover benefits for a work-related illness or injury, the Member must pursue his or her rights under the Workers' Compensation Act or any other law that may apply to the illness or injury. This includes filing an appeal with the Workers' Compensation Appeals Board, if necessary.

If for any reason UnitedHealthcare provides or arranges for benefits, services or supplies that are otherwise covered under the Workers' Compensation Act, the Member is required to reimburse UnitedHealthcare for the benefits, services or supplies provided or arranged for, at Prevailing Rates, immediately after receiving a monetary award, whether by settlement or judgment. The Member must also hold any settlement or judgment collected as a result of a workers' compensation action in trust for UnitedHealthcare. This award will be the lesser of the amount the Member recovers or the reasonable value of all services and benefits furnished to him or her or on his or her behalf by UnitedHealthcare for each incident. If the Member receives a settlement from workers' compensation coverage that includes payment of future medical costs, the Member must reimburse UnitedHealthcare for any future medical expenses associated with this judgment if UnitedHealthcare covers those services.

When a legitimate dispute exists as to whether an injury or illness is work-related, UnitedHealthcare will provide or arrange for benefits until such dispute is resolved, if the Member signs an agreement to reimburse UnitedHealthcare for 100 percent of the benefits provided.

UnitedHealthcare will not provide or arrange for benefits or services for a work-related illness or injury when the Member fails to file a claim within the filing period allowed by law or fails to comply with other applicable provisions of law under the Workers' Compensation Act. Benefits will not be denied to a Member whose employer has not complied with the laws and regulations governing workers' compensation insurance, provided that such Member has sought and received Medically Necessary Covered Health Care Services under this Health Plan.

Payment Responsibility When an Injury or Sickness Is Caused by a Third Party's Act or Omission

Applicability

This provision applies when a Member suffers an injury or sickness through an act or omission of another person(s) (the "third party.")

Third-Party Liability – Expenses Incurred Due to Liable Third Parties Are Not Covered

Health care expenses incurred by a Member for which a third party or parties or a third party's (parties') insurance company (collectively, "liable third party") is liable or legally responsible by reason of negligence, a wrongful intentional act or the breach of any legal obligation on the part of such third party are expressly

excluded from coverage under this Health Plan. However, in all cases, UnitedHealthcare will pay for the arrangement or provision of health care services for a Member that would have been Covered Health Care Services except that they were required due to a liable third party, in exchange for the agreement as expressly set forth in the section of the Combined Evidence of Coverage and Disclosure Form captioned "UnitedHealthcare's Right to the Repayment of a Debt as a Charge Against Recoveries From Third Parties Liable for a Member's Health Care Expenses."

UnitedHealthcare's Right to the Repayment of a Debt as a Charge Against Recoveries From Third Parties Liable for a Member's Health Care Expenses

Expenses incurred by a Member for which a third party or parties or a third party's (parties') insurance company (collectively, "liable third party") is liable or legally responsible by reason of negligence, a wrongful intentional act or the breach of any legal obligation on the part of such third party are expressly excluded from coverage under this Health Plan. However, in all cases, UnitedHealthcare will pay for the arrangement or provision of health care services for a Member that would have been Covered Health Care Services except that they were required due to a liable third party, in exchange for the following agreement:

If a Member is injured by a liable third party, the Member agrees to give UnitedHealthcare, or its representative, agent or delegate, a security interest in any money the Member actually recovers from the liable third party by way of any final judgment, compromise, settlement or agreement, even if such money becomes available at some future time.

If the Member does not pursue, or fails to recover (either because no judgment is entered or because no judgment can be collected from the liable third party), a formal, informal, direct or indirect claim against the liable third party, then the Member will have no obligation to repay the Member's debt to UnitedHealthcare, which debt shall include the cost of arranging or providing otherwise covered health care services to the Member for the care and treatment that was necessary because of a liable third party.

The security interest the Member grants to UnitedHealthcare, its representative, agent or delegate applies only to the actual proceeds, in any form, that stem from any final judgment, compromise, settlement or agreement relating to the arrangement or provision of the Member's health care services for injuries caused by a liable third party.

Non-Duplication of Benefits With Automobile, Accident or Liability Coverage

If you are receiving benefits as a result of automobile, accident or liability coverage, UnitedHealthcare will not duplicate those benefits. It is your responsibility to take whatever action is necessary to receive payment under automobile, accident or liability coverage when such payments can reasonably be expected and to notify UnitedHealthcare of such coverage when available. UnitedHealthcare will provide Covered Health Care Services over and above your automobile, accident or liability coverage, if the cost of your health care services exceeds such coverage

SECTION 8. OVERSEEING YOUR HEALTH CARE

- **How does UnitedHealthcare Make Important Decisions**
- **What to Do if You Have a Problem**
- **Requesting Quality of Care Review**
- **The Appeals Process**
- **Independent Medical Review**

This section explains how UnitedHealthcare authorizes or makes changes to your health care services, how we evaluate new health care technologies and how we reach decisions about your coverage.

You will also find out what to do if you're having a problem with your health care plan, including how to appeal a health care decision by UnitedHealthcare or one of our Network Providers. You'll learn the process that's available for filing a formal Grievance, as well as how to request an expedited decision when your condition requires a quicker review.

How Does UnitedHealthcare Make Important Health Care Decisions?

Authorization, Modification and Denial of Health Care Services

Medical Necessity reviews may be conducted by UnitedHealthcare, or in many situations, by a Network Medical Group. Processes are used to review, approve, modify or deny, based on Medical Necessity, requests by Providers for authorization of the provision of health care services to Members.

Medical Necessity refers to an intervention as defined in **Section 10: Definitions**. A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

The reviewer may also use criteria or guidelines to determine whether to approve, modify or deny, based on Medical Necessity, requests by providers of health care services for Members. The criteria used to modify or deny requested health care services in specific cases will be provided free of charge to the Provider, the Member and the public upon request.

Decisions to deny or modify requests for authorization of health care services for a Member, based on Medical Necessity, are made only by licensed Physicians or other appropriately licensed health care professionals.

The reviewer makes these decisions within at least the following time frames required by state law:

- Decisions to approve, modify or deny requests for authorization of health care services, based on Medical Necessity, will be made in a timely fashion appropriate for the nature of the Member's condition, not to exceed five (5) business days from UnitedHealthcare's or in many situations, the Network Medical Group's receipt of the information reasonably necessary and requested to make the decision.
- If the Member's condition poses an imminent and serious threat to their health, including, but not limited to, potential loss of life, limb or other major bodily function, or if lack of timeliness would be detrimental in regaining maximum function or to the Member's life or health, the decision will be rendered in a timely fashion appropriate for the nature of the Member's condition, but not later than 72 hours after UnitedHealthcare's or in many situations, the Network Medical Group's receipt of the information reasonably necessary and requested by the reviewer to make the determination (an "Urgent Request").

If the decision cannot be made within these time frames because (i) UnitedHealthcare or in many situations the Network Medical Group is not in receipt of all of the information reasonably necessary and requested or (ii) consultation by an expert reviewer is required, or (iii) UnitedHealthcare or the Network Medical Group has asked that an additional exam or test be performed on the Member, provided the exam or test is reasonable and consistent with good medical practice, the reviewer will notify the Provider and the Member, in writing,

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

upon the earlier of the expiration of the required time frames above or as soon as reviewer becomes aware that they will not be able to meet the required time frame.

The notification will specify the information requested but not received or the additional examinations or tests required and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by UnitedHealthcare or in many situations, the Network Medical Group, the reviewer shall approve, modify or deny the request for authorization within the time frames specified above as applicable.

The reviewer will notify requesting Providers of decisions to approve, modify or deny requests for authorization of health care services for Members within 24 hours of the decision. Members are notified of decisions to deny or modify requested health care services, in writing, within two business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, or reference to the benefit provision on which the denial decision was based, and information about how to file an appeal of the decision with UnitedHealthcare. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member. UnitedHealthcare's Appeals Process is outlined in this section.

UnitedHealthcare's Utilization Management Policy

UnitedHealthcare distributes its policy on financial incentives to all its Network Providers, Members and eligible employees. UnitedHealthcare also requires that Network Providers and staff who make utilization decisions, and those who supervise them, sign a document acknowledging receipt of this policy. The policy affirms that a utilization management decision is based solely on the appropriateness of a given treatment and service, as well as the existence of coverage. UnitedHealthcare does not specifically reward Network Providers or other individuals conducting utilization review for issuing denials of coverage. Financial incentives for Utilization Management decision-makers do not encourage decisions that result in either the denial or modification of Medically Necessary Covered Health Care Services.

Medical Management Guidelines

The Medical Management Guidelines Committee (MMGC), consisting of UnitedHealthcare Medical Directors, provides a forum for the development, review and adoption of medical management guidelines to support consistent, appropriate medical care determinations. The MMGC develops guidelines using evidence-based medical literature and publications related to medical treatment or service. The Medical Management Guidelines contain practice and utilization criteria for use when making coverage and medical care decisions prior to, subsequent to or concurrent with the provisions of health care services.

Technology Assessment

UnitedHealthcare regularly reviews new procedures, devices, and drugs to determine whether or not they are safe and efficacious for our Members. New procedures and technology that are safe and efficacious are eligible to become Covered Health Care Services. If the technology becomes a Covered Health Care Service it will be subject to all other terms and conditions of the plan, including Medical Necessity and any applicable Member Co-payments, or other payment contributions.

In determining whether to cover a service, UnitedHealthcare uses proprietary technology guidelines to review new devices, procedures and drugs, including those related to behavioral health. When clinical necessity requires a rapid determination of the safety and efficacy of a new technology or new application of an existing technology for an individual Member, a UnitedHealthcare Medical Director makes a Medical Necessity determination based on individual Member medical documentation, review of published scientific evidence and when appropriate seeks relevant specialty or professional opinion from an individual who has expertise in the technology.

Utilization Criteria

When a Provider or Member requests Prior Authorization of a procedure/service requiring Prior Authorization, an appropriately qualified licensed health professional reviews the request. The qualified licensed health professional applies the applicable criteria, including, but not limited to:

- Nationally published guidelines for utilization management (Specific guideline information available upon request.
- HCIA-Sachs Length of Stay[®] Guidelines (average length of Hospital stays by medical or surgical diagnoses)
- UnitedHealthcare Medical Management Guidelines (MMG) and Benefit Interpretation Policies (BIP). (UnitedHealthcare's Medical Management Guideline Manual and Commercial HMO Benefit Interpretation Policy Manual are available at www.myuhc.com.)

Those cases that meet the criteria for coverage and level of service are approved as requested. Those not meeting the utilization criteria are referred for review to a Network Medical Group's Medical Director or a UnitedHealthcare Medical Director.

Denial, delay or modification of health care services based on Medical Necessity must be made by an appropriately qualified licensed Physician or a qualified licensed health professional who is competent to evaluate the specific clinical issues involved in the health care services requested by the Provider.

Denials may be made for reasons other than Medical Necessity that include, but are not limited to, the fact that the patient is not a UnitedHealthcare Member or that the service being requested is not a benefit provided by the Member's plan.

Prior Authorization determinations are made once UnitedHealthcare or Member's Network Medical Group Medical Director or designee receives all reasonably necessary medical information. UnitedHealthcare makes timely and appropriate initial determinations based on the nature of the Member's medical condition in compliance with state and federal requirements.

What to Do if You Have a Problem?

Sometimes you may have an unexpected problem. When this happens, your first step should be to call our Customer Service department. We'll assist you and attempt to find a solution to your situation.

If you have a concern about your treatment or a decision regarding your medical care, you may be able to request a second medical opinion. You can read more about requesting, as well as the requirements for obtaining a second opinion, in **Section 3. Seeing the Doctor or Other Providers and Timely Access to Care.**

If you feel your problem is not resolved or that your situation requires additional action, you may also submit a Grievance requesting an Appeal or Quality Review. To learn more about this, read the following section: "Appealing a Health Care Decision or Requesting a Quality of Care Review."

Filing a Grievance

To begin a quality of care review or other type of grievance, or for other questions relating to filing a grievance, including but not limited to those involving discrimination, call our Customer Service department at 1-800-367-2660, where a Customer Service Representative will document your oral appeal. You may also file an appeal using the Online Grievance form at www.myuhc.com or write to the Appeals Department at:

This request will begin the following Grievance Review Process except in the case of “expedited reviews,” as discussed below. You may submit written comments, documents, records and any other information relating to your appeal regardless of whether this information was submitted or considered in the initial determination. After receipt of your grievance:

- We will provide for a written acknowledgment within five calendar days of the receipt of your grievance. The acknowledgment shall provide you with the following information:
 - That the grievance has been received.
 - The date of receipt
 - The name of the Plan representative and the telephone number and address of the Plan representative who may be contacted about the grievance.

You may obtain, upon request and free of charge, copies of all documents, records and other information relevant to your appeal. The appeal will be reviewed by an individual who is neither the individual who made the initial determination that is the subject of the appeal nor the subordinate of that person.

All quality of clinical care and quality of service complaints are investigated by UnitedHealthcare’s Health Services Department. UnitedHealthcare conducts this quality review by investigating the complaint and consulting with your Network Medical Group, treating Providers and other UnitedHealthcare internal departments. Medical records are requested and reviewed as necessary, and as such, you may need to sign an authorization to release your medical records. We will respond to your complaint in a manner, appropriate to the clinical urgency of your situation. You will also receive written notification regarding the disposition of your quality of clinical care and/or quality of service review complaint within 30 calendar days of UnitedHealthcare’s receipt of your complaint. Please be aware that the results of the quality of care review are confidential and protected from legal discovery in agreement with state law.

After participating in UnitedHealthcare's grievance process for 30 days, you can also file a complaint with the California Department of Managed Health Care (DMHC). The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a Grievance against your Health Plan, you should first telephone your Health Plan at 1-800-624-8822 or 711 (TTY) and use your Health Plan’s Grievance process before contacting the department. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by your Health Plan, or a Grievance that has remained unresolved for more than 30 days, you may call the department for help. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a Health Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDHI line (1-877-688-9891) for the hearing- and speech-impaired. The department’s Internet website <http://www.hmohelp.ca.gov> has Complaint forms, IMR application forms and instructions online.

Grievances Involving the Cancellation, Rescission or Non-Renewal of Health Plan:

If you believe that your Health Plan enrollment or subscription has been, or will be improperly rescinded, canceled, or not renewed, you have the right to file a complaint. A complaint is also called a grievance or an appeal. You also have the right to submit a request to the Director of the Department of Managed Health Care to review your cancellation.

First, file your complaint with UnitedHealthcare:

- You can file a complaint with UnitedHealthcare by calling our Customer Service department at 1-800-800-367-2660 **www.myuhc.com**.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

- You should file your complaint as soon as possible after you receive notice that your Health Plan enrollment or subscription will be rescinded, canceled or not renewed.
- If your problem is urgent, UnitedHealthcare must give you a decision within 3 days. Your problem is urgent if there is a serious threat to your health that must be resolved quickly.
- If your problem is not urgent, UnitedHealthcare must give you a decision within 30 days.

Take your complaint to the California Department of Managed Health Care (DMHC):

The DMHC oversees HMOs and other health plans in California and protects the rights of HMO members. You can file a complaint with the DMHC if:

- You are not satisfied with UnitedHealthcare's decision about your complaint, or;

Concurrent Care Review

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Request for Benefits, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request. Notification will include a description of the criteria and guidelines used to make the decision and be provided to you and your Provider.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an Urgent Request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies. Notification will include a description of the criteria and guidelines used to make the decision and be provided to you and your Provider.

We will provide continued coverage pending the outcome of an appeal. We will not reduce or terminate an ongoing course of treatment without providing advance notice, an opportunity for advance review and a care plan, and a medically appropriate treatment plan agreed between UnitedHealthcare and the treating Provider.

The reviewer will notify requesting providers of decisions to approve, modify or deny requests for authorization of health care services for Members within 24 hours of the decision. Members are notified of decisions to deny or modify requested health care services, in writing, within two business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, or reference to the benefit provision on which the denial decision was based, and information

about how to file an appeal of the decision with UnitedHealthcare. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member. UnitedHealthcare's Appeals Process is outlined in this section.

The Appeals Process

You may submit an appeal for a denial of a service or denied claims within 180 calendar days of your receipt of an initial determination through our Appeals Department. UnitedHealthcare's Health Services department will review your appeal within a reasonable period of time appropriate to the medical circumstances and make a determination within 30 calendar days of UnitedHealthcare's receipt of the appeal. For appeals involving the delay, denial or modification of health care services related to Medical Necessity, UnitedHealthcare's written response will include the specific reason for the decision, describe the criteria or guidelines or benefit provision on which the denial decision was based, and notification that upon request the Member may obtain a copy of the actual benefit provision, guideline protocol or other similar criterion on which the denial is based. For determinations delaying, denying or modifying health care services based on a finding that the services are not Covered Health Care Services, the response will specify the provisions in the Combined Evidence of Coverage and Disclosure Form that exclude that coverage.

You may submit a grievance or complaint, obtain complaint forms or other information relating to acupuncture and chiropractic services, pediatric dental and pediatric vision services. For more information on each of these benefits, please go to www.myuhc.com or call the Customer Service Department at 1-800-624-8822 or refer to the supplements to the Combined Evidence of Coverage that will be provided to you for each of these benefits.

To begin an appeal, call our Customer Service department at 1-800-624-8822, where a Customer Service representative will document your oral appeal. You may also file an appeal using the Online Grievance form at www.uhc.com or write to the Appeals department at:

Review by the Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a Grievance against your Health Plan, you should first telephone your Health Plan at 1-800-624-8822 or 711 (TTY) and use your Health Plan's Grievance process before contacting the department. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by your Health Plan, or a Grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a Health Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency health care services or urgent medical

services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDHI line (1-877-688-9891) for the hearing- and speech-impaired. The department's Internet website <http://www.hmohelp.ca.gov> has Complaint forms, IMR application forms and instructions online.

Patient Protection and Affordable Care Act (PPACA)

Changes provided for under the PPACA may impact how appeals are handled and are applicable to your Health Plan.

- An Adverse Benefit Determination includes a decision to rescind coverage. You may submit an appeal for a rescission of coverage determination or a denial of a service or denied claims within 180 calendar days of your receipt of an initial determination through our Appeals Department.
- You may submit an appeal for any Adverse Benefit Determination as defined in Section 10. Definitions.
- If any new or additional evidence is relied upon or generated by UnitedHealthcare or the Network Medical Group during the determination of an appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination.

Expedited Review Appeals Process

Appeals involving an imminent and serious threat to your health including, but not limited to, severe pain or the potential loss of life, limb or major bodily function will be immediately referred to UnitedHealthcare's clinical review personnel. If your case does not meet the criteria for an expedited review, it will be reviewed under the standard appeal process. If your appeal requires expedited review, UnitedHealthcare will immediately inform you of your review status and your right to notify the Department of Managed Health Care (DMHC) of the Grievance.

You and the DMHC will be provided a written statement of the disposition or pending status of the expedited review no later than three (3) calendar days from receipt of the grievance. You are not required to participate in the UnitedHealthcare appeals process prior to contracting the DMHC regarding your expedited appeal.

Voluntary Mediation and Binding Arbitration

If you are dissatisfied with UnitedHealthcare's Appeal Process determination, you can request that UnitedHealthcare submit the appeal to voluntary mediation or binding arbitration before JAMS.

Voluntary Mediation

In order to begin voluntary mediation, either you or the agent acting on your behalf must submit a written request to UnitedHealthcare. If all parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with the JAMS Mediation Rules and Procedures, unless all parties otherwise agree. Expenses for mediation will be shared equally by the parties. The Department of Managed Health Care will have no administrative or enforcement responsibilities with the voluntary mediation process.

Binding Arbitration

All disputes of any kind, including, but not limited to, claims relating to the delivery of services under the plan and claims for medical malpractice between the Member (including any heirs, successors or assigns of Member) and UnitedHealthcare, except for claims subject to ERISA, will be submitted to Binding Arbitration. Medical malpractice includes any issues or allegations that medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered. This means that disputes between the Member and UnitedHealthcare will not be resolved by a lawsuit or by pursuing other court processes and remedies, except to the extent the Federal Arbitration Act provides for judicial review of arbitration proceedings. Under this provision, neither the Court nor any arbitrator may delay arbitration of disputes or refuse to order disputes to arbitration. The intent of this arbitration provision, and the parties, is to put litigation on hold so that issues can be resolved through the binding arbitration process. Any disputes about

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

the scope of arbitration, about the arbitration itself or about whether an issue falls under this arbitration provision will be resolved by the arbitrator to avoid ambiguities and litigation costs.

The Member and UnitedHealthcare understand and agree that they are giving up their constitutional rights to have any such dispute decided in a court of law before a jury and are instead accepting the use of Binding Arbitration by a single arbitrator. The arbitration will be performed by JAMS or another arbitration service as the parties may agree in writing. The arbitration will be conducted under the JAMS Comprehensive Arbitration Rules and Procedures. The parties will attempt in good faith to mutually agree to the appointment of an arbitrator, but if agreement cannot be reached within 30 days following the date demand for arbitration is made, the arbitrator will be chosen using the appointment procedures set out in the JAMS Comprehensive Arbitration Rules and Procedures. These rules may be viewed by the Member at the JAMS website, www.jamsadr.com. If the Member does not have access to the Internet, the Member may request a copy of the rules from UnitedHealthcare, and arrangements will be made for the Member to obtain a hard copy of the rules and procedures.

Arbitration hearings shall be held in Orange County, California, or at a location agreed to in writing by the Member and UnitedHealthcare. The expenses of JAMS and the arbitrator will be paid in equal share by the Member and UnitedHealthcare. Each party will be responsible for any expenses related to discovery conducted by them and their own attorney fees. In cases of extreme hardship, UnitedHealthcare may assume all or part of the Member's share of the fees and expenses of JAMS and the arbitrator, provided the Member submits a hardship application to JAMS and JAMS approves the application. The approval or denial of the hardship application will be determined solely by JAMS. The Member will remain responsible for their own attorney fees, unless an award of attorney fees is allowable under the law and the arbitrator makes an award of attorney fees to the Member. Following the arbitration, the arbitrator will prepare a written award that includes the legal and factual reasons for the decision.

Nothing in this Binding Arbitration provision is intended to prevent the Member or UnitedHealthcare from seeking a temporary restraining order or preliminary injunction or other provisional remedies from a court. However, any and all other claims or causes of action, including, but not limited to those seeking damages, restitution, or other monetary relief, shall be subject to this Binding Arbitration provision. Any claim for permanent injunctive relief will be stayed pending completion of the arbitration. The Federal Arbitration Act, 9 U.S.C. Sections 1-16, will apply to the arbitration.

ALL PARTIES EXPRESSLY AGREE TO WAIVE THEIR CONSTITUTIONAL RIGHT TO HAVE DISPUTES BETWEEN THEM RESOLVED IN COURT BEFORE A JURY AND ARE INSTEAD ACCEPTING THE USE OF BINDING ARBITRATION.

Experimental or Investigational Treatment

A UnitedHealthcare Medical Director may deny a treatment if he or she determines it is Experimental or Investigational, except as described in "Clinical Trials" under Section 6. Your Medical Benefits. If you have a Terminal Illness, as defined below, you may request that UnitedHealthcare hold a conference within 30 calendar days of receiving your request to review the denial. For purposes of this paragraph, Terminal Illness means an incurable or irreversible condition that has a high probability of causing death within one year or less. The conference will be held within five days if the treating Physician determines, in consultation with the UnitedHealthcare Medical Director and based on professionally recognized standards of practice, that the effectiveness of the proposed treatment or services would be materially reduced if not provided at the earliest possible date.

Independent Medical Review

If you believe that a health care service included in your coverage has been improperly denied, modified or delayed by UnitedHealthcare or one of its Network Providers, you may request an independent medical review (IMR) of the decision. IMR is available for denials, delays or modifications of health care services requested by you or your Provider based on a finding that the requested service is Experimental or

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

Investigational or is not Medically Necessary. Your case also must meet the statutory eligibility criteria and procedural requirements discussed below. If your Complaint or appeal pertains to a Disputed Health Care Service subject to Independent Medical Review (as discussed below), you must file your Complaint or appeal within 180 calendar days of receiving a denial notice.

Eligibility for Independent Medical Review

Experimental or Investigational Treatment Decisions

If you suffer from a Life-threatening or Seriously Debilitating condition, you may have the opportunity to seek IMR of UnitedHealthcare's coverage decision regarding Experimental or Investigational therapies under California's Independent Medical Review System pursuant to Health and Safety Code Section 1370.4.

Life-threatening means either or both of the following:

(a) Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;
(b) Diseases or conditions with potentially fatal outcomes, where the endpoint of clinical intervention is survival.

(c) Seriously Debilitating means diseases or conditions that cause major irreversible morbidity.

A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

To be eligible for IMR of Experimental or Investigational treatment, your case must meet all of the following criteria:

1. Your Physician certifies that you have a Life-threatening or Seriously Debilitating condition for which:
 - Standard therapies have not been effective in improving your condition; or
 - Standard therapies would not be medically appropriate for you; or
 - There is no more beneficial standard therapy covered by UnitedHealthcare than the proposed Experimental or Investigational therapy proposed by your Physician under the following paragraph.
2. Your UnitedHealthcare Network Physician has recommended a treatment, drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she has included a statement of the evidence relied upon by the Physician in certifying his or her recommendation; or you or your non-contracting Physician – who is a licensed, board-certified or board-eligible Physician qualified to practice in the specialty appropriate to treating your condition – has requested a therapy that, based on two documents of medical and scientific evidence identified in California Health and Safety Code Section 1370.4(d), is likely to be more beneficial than any available standard therapy. To meet this requirement, the Physician certification must include a statement detailing the evidence relied upon by the Physician in certifying his or her recommendation. **(Please note** that UnitedHealthcare is not responsible for the payment of services rendered by non-contracting Physicians who are not otherwise covered under your UnitedHealthcare benefits).
3. A UnitedHealthcare Medical Director has denied your request for a treatment or therapy recommended or requested pursuant to the above paragraph.
4. The treatment or therapy recommended pursuant to Paragraph 2 above would be a Covered Health Care Service, except for UnitedHealthcare's determination that the treatment, drug, device, procedure or other therapy is Experimental or Investigational.

If you have a Life-threatening or Seriously Debilitating condition and UnitedHealthcare denies your request for Experimental or Investigational therapy, UnitedHealthcare will send a written notice of the denial within five business days of the decision. The notice will advise you of your right to request IMR, and include a Physician

certification form and an application form with a preaddressed envelope to be used to request IMR from the DMHC.

Disputed Health Care Services

You may also request IMR of a Disputed Health Care Service. A Disputed Health Care Service is any health care service eligible for coverage and payment under your Health Plan that has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers, in whole or in part, due to a finding that the service is not Medically Necessary. (**Note:** Disputed Health Care Services do not encompass coverage decisions. Coverage decisions are decisions that approve or deny health care services substantially based on whether or not a particular service is included or excluded as a covered benefit under the terms and conditions of your health care coverage.)

You are eligible to submit an application to the DMHC for IMR of a Disputed Health Care Service if you meet all of the following criteria:

1. (a) Your Provider has recommended a health care service as Medically Necessary; or (b) you have received Urgently Needed Services or Emergency Health Care Services that a Provider determined were Medically Necessary; or (c) you have been seen by a Network Provider for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The health care service has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers; and
3. You have filed an appeal with UnitedHealthcare regarding the decision to deny, delay or modify health care services and the disputed decision is upheld or the appeal remains unresolved after 30 days (or three days in the case of an urgent appeal requiring expedited review). (Note: If there is an imminent and serious threat to your health, the DMHC may waive the requirement that you complete the appeals process or participate in the appeals process for at least 30 calendar days if the DMHC determines that an earlier review is necessary.)

You may apply to the DMHC for IMR of a Disputed Health Care Service within six months of any of the events or periods described above, or longer if the DMHC determines that the circumstances of your case warrant an IMR review. UnitedHealthcare will provide you an IMR application form with any Grievance disposition letter that denies, modifies or delays health care services based in whole or in part due to a finding that the service is not Medically Necessary. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against UnitedHealthcare regarding the Disputed Health Care Service. The IMR process is in addition to any other procedures or remedies that may be available to you.

Independent Medical Review Procedures

Applying for Independent Medical Review Procedures

In the case of Experimental or Investigational coverage decisions, if you have a Life-threatening or Seriously Debilitating condition, UnitedHealthcare will include an application for IMR in its notice to you that the requested service has been denied and include a Physician certification form with a preaddressed envelope to the DMHC. Your Physician must provide the Physician certification and medical and scientific documentation required for Experimental and Investigational IMR, which may be included with your application, or mailed or faxed directly to the DMHC by your Physician. Either you or your Physician can provide the letter from UnitedHealthcare or its Network Provider denying the request for Experimental or Investigational treatment.

In the case of determinations that a Disputed Health Care Service is not Medically Necessary, UnitedHealthcare will provide you with an IMR application form with any disposition letter resolving your appeal of the determination. Your application for IMR of a Disputed Health Care Service may include

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

information or documentation regarding a Provider's recommendation that the service is Medically Necessary, medical information that a service received on an urgent care or emergency basis was Medically Necessary, and any other information you received from or gave to UnitedHealthcare or its Network

Providers that you believe is relevant in support of your position that the Disputed Health Care Service was Medically Necessary.

Completed applications for IMR should be submitted to the DMHC. You pay no fee to apply for IMR. You, your Physician, or another designated representative acting on your behalf may request IMR. If there is any additional information or evidence you or your Physician wish to submit to the DMHC that was not previously provided to UnitedHealthcare, you may include this information with the application for IMR. The DMHC fax number is (916) 229-0465. You may also reach the DMHC by calling 1-888-HMO-2219.

Accepted Applications for Independent Medical Review

Upon receiving your application for IMR, the DMHC will review your request and notify you whether your case has been accepted. If your case is eligible for IMR, the dispute will be submitted to an Independent Medical Review Organization (IRO) contracted with the DMHC for review by one or more expert reviewers, independent of UnitedHealthcare, who will make an independent determination of whether or not the care should be provided. The IRO selects an independent panel of medical professionals knowledgeable in the treatment of your condition, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither you nor UnitedHealthcare will control the choice of expert reviewers.

UnitedHealthcare must provide the following documents to the IRO within three (3) business days of receiving notice from the DMHC that you have successfully applied for an IMR:

1. The relevant medical records in the possession of UnitedHealthcare or its Network Providers;
2. All information provided to you by UnitedHealthcare and any of its Network Providers concerning UnitedHealthcare and Provider decisions regarding your condition and care (including a copy of UnitedHealthcare's denial notice sent to you);
3. Any materials that you or your Provider submitted to UnitedHealthcare and its Network Providers in support of the request for the health care services;
4. Any other relevant documents or information used by UnitedHealthcare or its Network Providers in determining whether the health care service should have been provided and any statement by UnitedHealthcare or its Network Providers explaining the reasons for the decision. The Plan shall provide copies of these documents to you and your Provider unless any information in them is found by the DMHC to be privileged.

If there is an imminent and serious threat to your health, UnitedHealthcare will deliver the necessary information and documents listed above to the IRO within 24 hours of approval of the request for IMR.

After submitting all of the required material to the IRO, UnitedHealthcare will promptly issue you a notification that includes an annotated list of the documents submitted and offer you the opportunity to request copies of those documents from UnitedHealthcare.

If there is any information or evidence you or your Provider wish to submit to the DMHC in support of IMR that was not previously provided to UnitedHealthcare, you may include this information with your application to the DMHC. Also as required, you or your Provider must provide to the DMHC or the IRO copies of any relevant medical records and any newly developed or discovered relevant medical records after the initial documents are provided and respond to any requests for additional medical records or other relevant information from the expert reviewers.

The Independent Medical Review Decision

The independent review panel will render its analysis and recommendations on your IMR case in writing, and in layperson's terms to the maximum extent practical, within 30 calendar days of receiving your request for IMR and supporting information. The time may be adjusted under any of the following circumstances:

- In the case of a review of an Experimental or Investigational determination, if your Physician determines that the proposed treatment or therapy would be significantly less effective if not promptly initiated. In this instance, the analysis and recommendations will be rendered within seven (7) calendar days of the request for expedited review. The review period can be extended up to three (3) calendar days for a delay in providing required documents at the request of the expert. The organization shall complete its review and make its determination in writing, and in layperson's terms to the maximum extent practicable, within 30 days of the receipt of the application for review and supporting documentation, or within less time as prescribed by the director.
- If the disputed health care service has not been provided and the enrollee's Provider or the Department certifies in writing that an imminent and serious threat to the health of the enrollee may exist, including, but not limited to, serious pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of the health of the enrollee, the analyses and determinations of the reviewers shall be expedited and rendered within three days of the receipt of the information.
- Subject to the approval of the DMHC, the deadlines for analyses and determinations involving both regular and expedited reviews may be extended by the director for up to three (3) days in extraordinary circumstances or for good cause.

The IRO will provide the DMHC, UnitedHealthcare, you and your Physician with each of the experts' analyses and recommendations, and a description of the qualifications of each expert. The IRO will keep the names of the expert reviewers confidential, except in cases where the reviewer is called to testify and in response to court orders. In the case of an Experimental or Investigational determination, the experts' analyses will state the reasons the requested Experimental or Investigational therapy is or is not likely to be more beneficial for you than any available standard therapy and the reasons for recommending why the therapy should or should not be provided by UnitedHealthcare, citing your specific medical condition, the relevant documents provided and the relevant medical and scientific evidence supporting the experts' recommendation.

The recommendation of the majority of the experts on the panel will prevail. If the experts on the panel are evenly divided as to whether the health care service should be provided, the panel's decision will be deemed to be in favor of coverage. If the majority of the experts on the panel does not recommend providing the health care service, UnitedHealthcare will not be required to provide the service.

When a Decision Is Made

The DMHC will immediately adopt the decision of the IRO upon receipt and will promptly issue a written decision to the parties that will be binding on UnitedHealthcare. UnitedHealthcare will promptly implement the decision when received from the DMHC. In the case of an IRO determination requiring reimbursement for services already rendered, UnitedHealthcare will reimburse either you or your Provider – whichever applies – within five (5) business days. In the case of services not yet rendered to you, UnitedHealthcare will authorize the services within five (5) business days of receiving the written decision from the DMHC, or sooner if appropriate for the nature of your medical condition, and will inform you and your Physician of the authorization. UnitedHealthcare will promptly reimburse you for reasonable costs associated with Urgently Needed Services or Emergency Health Care Services outside of UnitedHealthcare's Network Provider network, if:

- The services are found by the IRO to have been Medically Necessary;
- The DMHC finds your decision to secure services outside of UnitedHealthcare's Network Provider network prior to completing the UnitedHealthcare Grievance process or seeking IMR was reasonable under the

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

circumstances; and

- The DMHC finds that the Disputed Health Care Services were a covered benefit under the UnitedHealthcare Subscriber contract.

Health care services required by IMR will be provided subject to the terms and conditions generally applicable to all other benefits under your UnitedHealthcare Health Plan.

For more information regarding the IMR process, or to request an application, please call UnitedHealthcare's Customer Service department.

Complaints Against Network Medical Groups, Providers, Physicians and Hospitals

Claims against a Network Medical Group, the group's Physicians, or Providers, Physicians or Hospitals – other than claims for benefits under your coverage – are not governed by the terms of this plan. You may seek any appropriate legal action against such persons and entities deemed necessary.

In the event of a dispute between you and a Network Medical Group (or one of its Network Providers) for claims not involving benefits, UnitedHealthcare agrees to make available the Member appeals process for resolution of such dispute. In such an instance, all parties must agree to this resolution process. Any decision reached through this resolution process will not be binding upon the parties except upon agreement between the parties. The Grievance will not be subject to binding arbitration except upon agreement between the parties. Should the parties fail to resolve the Grievance, you or the Network Medical Group (or its Network Provider) may seek any appropriate legal action deemed necessary. Member claims against UnitedHealthcare will be handled as discussed above under "Appealing a Health Care Decision or Requesting a Quality of Care Review."

How does UnitedHealthcare compensate its Network Providers?

UnitedHealthcare itself is not a Provider of health care. UnitedHealthcare typically contracts with independent medical groups to provide medical services to its Members, and with Hospitals to provide Hospital Services. Once they are contracted, they become UnitedHealthcare Network Providers.

Network Medical Groups in turn employ or contract with individual Physicians. None of the Network Medical Groups or Network Hospitals, or their Physicians or employees, are employees or agents of UnitedHealthcare. Likewise, neither UnitedHealthcare nor any employee of UnitedHealthcare is an employee or agent of any Network Medical Group, Network Hospital or any other Network Provider.

Most of our Network Medical Groups receive an agreed-upon monthly payment from UnitedHealthcare to provide services to our Members. This monthly payment may be either a fixed dollar amount for each Member or a percentage of the monthly Premium received by UnitedHealthcare. The monthly payment typically covers professional services directly provided, or referred and authorized, by the Network Medical Group.

Some of UnitedHealthcare's Network Hospitals receive similar monthly payments in return for providing Hospital Services for Members. Other Network Hospitals are paid on a discounted fee-for-service or fixed charge per day of Hospitalization. Most acute care, Subacute and Transitional Care and Skilled Nursing Facilities are paid on a fixed charge per day basis for Inpatient care.

At the beginning of each year, UnitedHealthcare and its Network Medical Groups agree on a budget for the cost of services for all UnitedHealthcare Members assigned to the Network Medical Group. At the end of the year, the actual cost of services for the year is compared to the agreed-upon budget. If the actual cost of services is less than the agreed-upon budget, the Network Medical Group shares in the savings.

The Network Hospital and Network Medical Group typically participate in programs for Hospital Services similar to what is described above.

Stop-loss insurance protects Network Medical Groups and Network Hospitals from large financial expenses for health care services. UnitedHealthcare provides stop-loss protection to our Network Medical Groups and Network Hospitals that receive the monthly payments described above. If any Network Hospital or Network Medical Group does not obtain stop-loss protection from UnitedHealthcare, it must obtain stop-loss insurance acceptable to UnitedHealthcare.

UnitedHealthcare arranges with additional Providers or their representatives for the provision of Covered Health Care Services that cannot be performed by your assigned Network Medical Group or Network Hospital. Such services include authorized Covered Health Care Services that require a specialist not available through your Network Medical Group or Network Hospital or Emergency and Urgently Needed Services.

UnitedHealthcare or your Network Medical Group pays these Providers at the lesser of the Provider's reasonable charges or agreed-to rates. Your responsibility for Covered Health Care Services received from these Providers is limited to payment of applicable Co-payments. (For more about Co-payments, see **Section 7. Payment Responsibility**.) You may obtain additional information on UnitedHealthcare's compensation arrangements by contacting UnitedHealthcare or your Network Medical Group.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants according to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other Providers in our Network through our provider website. Network Physicians and Providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, Out-of-Network Providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your Out-of-Network Physician or Provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by OptumInsight and/or a third party vendor, which is based on CMS coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to our website at [www.myuhc.com] for information regarding the vendor that provides the applicable methodology.

If you receive a bill for a Covered Health Care Service from a Physician who is not one of our Network Providers, and the service was prior authorized and you have not exceeded any applicable benefit limits, UnitedHealthcare will pay for the service, less the applicable Co-payment/Deductible. (Prior authorization is not required for Emergency Health Care Services and Urgently Needed Services. See **Section 3. Emergency Health Care and Urgently Needed Services**.) Out-of-Network Providers may not send you a bill for Emergency Health Care Services. You are only required to pay the Co-payment/Deductible amount shown in your *Schedule of Benefits*. You may also submit a bill to us if an Out-of-Network Provider has refused payment directly from UnitedHealthcare.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment/Deductible amount specified in your Schedule of Benefits. A Network "contracting health facility" includes, but not limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your Schedule of Benefits.

How do I become an organ and tissue donor?

Transplantation has helped thousands of people suffering from organ failure or in need of corneas, skin, bone or other tissue. The need for donated organs and tissues continues to outpace the supply. At any given time, nearly 50,000 Americans may be waiting for organ transplants while hundreds of thousands more need tissue transplants. Organ and tissue donation provides each of us with a special opportunity to help others.

Almost anyone can be a donor. There is no age limit and the number of donors age 50 or older has increased. If you have questions or concerns about organ donation, speak with your family, doctor or clergy. There are many resources that can provide the information you need to make a responsible decision.

If you do decide to become a donor, be sure to share your decision. Sharing your decision to be an organ and tissue donor with your family is as important as making the decision itself. Your organs and tissue will not be donated unless a Family Member gives consent at the time of your death – even if you've signed your driver's license or a donor card. A simple family conversation will prevent confusion or uncertainty about your wishes.

It is also helpful to document your decision by completing a donor card in the presence of your family and having them sign as witnesses. The donor card serves as a reminder to your family and medical staff of your personal decision to be a donor. Carry it in your wallet or purse at all times.

How Can I Learn More About Being an Organ and Tissue Donor?

To get your donor card and information on organ and tissue donation call 1-800-355-SHARE or 1-800-633-6562. You can also request donor information from your local Department of Motor Vehicles (DMV).

On the Internet, contact:

- All About Transplantation and Donation(www.transweb.org)
- Department of Health and Human Services(www.organdonor.gov)
- Once you get a donor card, be sure to sign it in your family's presence. Have your family sign as witnesses and pledge to carry out your wishes, then keep the card with you at all times where it can be easily found.

Keep in mind that even if you've signed a donor card, you must tell your family so they can act on your wishes.

How Can I Take Part in the Establishment of UnitedHealthcare's Public Policy participation?

UnitedHealthcare gives its Members the opportunity to participate in establishing the public policy of the Health Plan. One third of UnitedHealthcare of California's Board of Directors is comprised of Health Plan Members. If you are interested in Network in the establishment of the Health Plan's public policy, please call or write our Customer Service department.

Biofeedback therapy often uses electrical devices to transform bodily signals indicative of such functions as heart rate, blood pressure, skin temperature, salivation, peripheral vasomotor activity, and gross muscle tone into a tone or light, the loudness or brightness of which shows the extent of activity in the function being measured.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

of the following:

- a. A health intervention for the purpose of treating a medical condition;
- b. The most appropriate supply or level of service, considering potential benefits and harms to the Member;
- c. Known to be effective in improving health outcomes. For existing interventions, effectiveness is determined first by scientific evidence, then by professional standards, then by expert opinion. For new interventions, effectiveness is determined by scientific evidence; and
- d. If more than one health intervention meets the requirements of (a) through (c) above, furnished in the most cost-effective manner that may be provided safely and effectively to the Member. "Cost-effective" does not necessarily mean lowest price.

A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

In applying the above definition of Medical Necessity, the following terms shall have the following meanings:

- i. Treating Physician means a Physician who has personally evaluated the patient.
- ii. A health intervention is an item or service delivered or undertaken primarily to treat (that is, prevent, diagnose, detect, treat or palliate) a medical condition or to maintain or restore functional ability. A medical condition is a disease, illness, injury, genetic or congenital defect, pregnancy or a biological or psychological condition that lies outside the range of normal, age-appropriate human variation. A health intervention is defined not only by the intervention itself, but also by the medical condition and the patient indications for which it is being applied.
- iii. Effective means that the intervention can reasonably be expected to produce the intended results and to have expected benefits that outweigh potential harmful effects.
- iv. Health outcomes are outcomes that affect health status as measured by the length or quality (primarily as perceived by the patient) of a person's life.
- v. Scientific evidence consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that suggest a causal relationship between the intervention and health outcomes can be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the medical condition or potential experimental biases. For existing interventions, the scientific evidence should be considered first and, to the greatest extent possible, should be the basis for determinations of medical necessity. If no scientific evidence is available, professional standards of care should be considered. If professional standards of care do not exist, or are outdated or contradictory, decisions about existing interventions should be based on expert opinion. Giving priority to scientific evidence does not mean that coverage of existing interventions should be denied in the absence of conclusive scientific evidence. Existing interventions can meet the definition of Medical Necessity in the absence of scientific evidence if there is a strong conviction of effectiveness and benefit expressed through up-to-date and consistent professional standards of care or, in the absence of such standards, convincing expert opinion.
- vi. A new intervention is one that is not yet in widespread use for the medical condition and patient indications being considered. New interventions for which clinical trials have not been conducted because of epidemiological reasons (i.e., rare or new diseases or orphan populations) shall be evaluated on the basis of professional standards of care. If professional standards of care do not exist, or are outdated or contradictory, decisions about such new interventions should be based on convincing expert opinion.

Questions about your benefits? Call the Customer Service Department at 1-800-367-2660 or 711 (TTY)

vii. An intervention is considered cost-effective if the benefits and harms relative to costs represent an economically efficient use of resources for patients with this condition. In the application of this criterion to an individual case, the characteristics of the individual patient shall be determinative.

This Section explains how to obtain USBHPC Behavioral Health Services and the role of USBHPC's Network Providers.

Do I need a referral from my Primary Care Physician to get Behavioral Health Services?

No. You can visit the USBHPC website at www.liveandworkwell.com to find a Network Provider or call USBHPC directly to obtain Behavioral Health Services. If you would like us to, we will help coordinate the care you receive from your USBHPC Network Provider and the services provided by your Primary Care Physician (PCP). This may be very important when you have both medical and behavioral health conditions. USBHPC will obtain the appropriate consents before information is released to your PCP. You may call USBHPC Customer Service at any time to start this process.

How do I access Behavioral Health Services?

Step 1

To access Behavioral Health Services, you should contact USBHPC first, except in an Emergency. You may either visit USBHPC's website at www.liveandworkwell.com to find a Network Provider or call USBHPC Customer Service at 1-800-999-9585. When you call USBHPC Customer Service, a USBHPC staff member will make sure you are an eligible Member of the USBHPC Behavioral Health Plan and answer any questions you may have about your benefits. The USBHPC staff member will conduct a brief telephone screening by asking you questions, such as:

- What are the problems or symptoms you are having?
- Are you already seeing a Provider?
- What kind of Provider do you prefer?

You will then be given the name and telephone number of one or more USBHPC Network Providers near your home or work that meets your needs.

Step 2

You call the USBHPC Network Provider's office to make an appointment. If your request for services is non-urgent, the Network provider is expected to offer you an appointment within ten (10) working days.

Step 3

You do not need prior approval for routine outpatient services. However, all inpatient services must be Prior Authorized. Also, certain non-routine outpatient services³ that you receive from your USBHPC Network Provider may need Prior Authorization from USBHPC, except in the event of an Emergency. Non-routine outpatient services are: Intensive Outpatient Program Treatment; Outpatient Electro-Convulsive Treatment; Outpatient Treatment extended beyond 45 minutes; and Psychological Testing. After your first Visit, your USBHPC Network Provider will get any necessary approval from USBHPC before you receive these services.

Continuity of Care with a Terminated Provider

In the event your Network Provider is no longer a part of the USBHPC Provider network for reasons other than breach of contract, a medical disciplinary cause, fraud or other criminal activity, you may be eligible to continue receiving care from that Provider to ensure a smooth transition to a new Network Provider and to complete a course of treatment with the same terminated Provider.

For a Member to continue receiving care from a terminated Provider, the following conditions must be met:

1. Continuity of Care services from a terminated Provider must be Prior Authorized by USBHPC;
2. The requested treatment must be a Covered Health Care Service under this Plan;
3. The terminated Provider must agree in writing to be subject to the same contractual terms and conditions that were imposed upon the Provider prior to termination, including but not limited to, credentialing, hospital privileging, utilization review, peer review and quality assurance requirements, notwithstanding the provisions outlined in the Provider contract related to Continuity of Care;

Questions? Visit USBHPC at www.liveandworkwell.com or

Call the USBHPC Customer Service Department at 1-800-999-9585.

4. The terminated Provider must agree in writing to be compensated at rates and methods of payment similar to those used by USBHPC for current Network Providers providing similar services who are practicing in the same or a similar geographic area as the terminated Provider.

Covered Health Care Services for the Continuity of Care Condition under treatment by the Terminated or Out-of-Network Mental Health Provider will be considered complete, when:

- i. the Member's Continuity of Care Condition under treatment is medically stable, and
- ii. there are no clinical contraindications that would prevent a medically safe transfer to a Network Mental Health Provider as determined by a USBHPC Medical Director (or designee) in consultation with the Member, the Terminated Mental Health Provider and, as applicable, the Member's receiving Network Provider.

All Continuity of Care requests will be reviewed on a case-by-case basis. Reasonable consideration will be given to the severity of the Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

If you are receiving treatment for any of the specified Continuity of Care Conditions as limited and described in Part C, Section 7. Definitions, and believe you qualify for continued care with the terminating Provider, please call the Customer Service Department and request the form "Request for Continuity of Care." Complete and return the form to USBHPC as soon as possible, but within thirty (30) calendar days of the Provider effective date of termination.

If you have any questions about this provision or would like a copy of our Continuity of Care Policy, you may call our Customer Service Department.

Continuity of Care for New Members

Under certain circumstances, new Members of USBHPC may be able to temporarily continue receiving services from an Out-of-Network Provider. This short-term transition assistance may be available for a new Member who:

1. Did not have the option to continue with his or her previous behavioral health plan at time of enrollment;
2. Had no other behavioral health plan choice other than through USBHPC;
3. Is under treatment by an Out-of-Network Provider at the time of enrollment for an acute or serious chronic mental health condition;
4. Is receiving treatment that is a benefit under this USBHPC Benefit Plan; and
5. Was not offered a plan with an out-of-network option.
6. The Member must be new to USBHPC as a result of the Members' Employer Group changing health plans.

Behavioral Health Services provided by an Out-of-Network Provider may be covered by USBHPC for the purpose of safely transitioning you or your Dependent to a USBHPC Network Provider. If the Behavioral Health Services are Prior Authorized by USBHPC, USBHPC may cover such services to the extent they would be covered if provided by a USBHPC Network Provider under the USBHPC Behavioral Health Plan. This means that you will only be responsible for your Co-payment or coinsurance listed on the Schedule of Benefits. The Out-of-Network Provider must agree in writing to the same contractual terms and conditions that are imposed upon USBHPC Network Providers, including reimbursement methodologies and rates of payment.

These Continuity of Care services, except for Emergency Health Care Services, must be approved by USBHPC. If you would like to request continuing treatment from an Out-of-Network Provider, call the USBHPC Customer

SECTION 3. EMERGENCY HEALTH CARE SERVICES AND URGENTLY NEEDED SERVICES

- **What is an Emergency?**
- **What are Psychiatric Emergency Health Care Services?**
- **What to Do When You Require Psychiatric Emergency Health Care Services**
- **What to Do When You Require Urgently Needed Services**
- **Continuing or Follow-up of Emergency Treatment**
- **If I am out-of-state or traveling, am I still covered?**

Worldwide, wherever you are, USBHPC provides coverage for Emergency Health Care Services and Urgently Needed Services. This section will explain how to obtain Emergency Health Care Services and Urgently Needed Services. It will also explain what you should do following receipt of these services.

IMPORTANT!

If you believe you are experiencing an Emergency condition, call 911 or go directly to the nearest hospital emergency room or other facility for treatment.

What is an Emergency?

An Emergency is defined as a condition manifesting itself by acute symptoms of sufficient severity such that the absence of immediate Behavioral Health Services could reasonably be expected by the Member to result in any of the following:

- Immediate harm to self or others;
- Placing your health in serious jeopardy;
- Serious impairment of your functioning; or
- Serious dysfunction of any bodily organ or part.

A situation will be considered an Emergency if you or your Dependent are experiencing a situation which requires the immediate provision of Behavioral Health Services such that a delay caused by seeking treatment from a USBHPC Network Provider would result in a serious deterioration to your mental health.

What are Psychiatric Emergency Health Care Services?

Psychiatric Emergency Health Care Services are Medically Necessary ambulance or ambulance transport services provided through the 911 Emergency response system. It includes the medical screening, examination and evaluation by a Physician, or other licensed personnel – to the extent provided by law – to determine if a Psychiatric Emergency exists. If a Psychiatric Emergency condition exists, Psychiatric Emergency Health Care Services include the care and treatment by a Physician necessary to stabilize or eliminate the Emergency condition within the capabilities of the facility.

What to Do When You Require Psychiatric Emergency Health Care Services

Step 1: In an Emergency, get help or treatment immediately.

This means you should call 911 or go directly to the nearest medical facility for treatment.

Step 2: Then, within 48 hours of your Emergency, or as soon as is reasonably possible after your condition is stable, you, or someone acting on your behalf, must call USBHPC at 1-800-999-9585.

Questions? Visit USBHPC at www.liveandworkwell.com or

Call the USBHPC Customer Service Department at 1-800-999-9585.

Psychiatric Emergency Health Care Services are covered only as long as the condition continues to be an Emergency. Once the condition is under control and you can be safely transferred or discharged, additional charges incurred through the Emergency care facility will not be covered.

Step 3: USBHPC will arrange follow-up services for your condition after an Emergency. USBHPC may move you to a Network Provider in our network, as long as the move would not harm your health.

It is appropriate for you to use the 911 Emergency response system, or alternative Emergency system in your area, for assistance in an Emergency situation when ambulance transport services are required and you reasonably believe that your condition is immediate, serious and requires Emergency transport services to take you to the appropriate facility.

What to Do When You Require Urgently Needed Services

In-Area Urgently Needed Services

If you need Urgently Needed Services when you are in the geographic area served by your Network Provider, you should contact your Network Provider. If you are calling during non-business hours and your Network Provider is not immediately available, call USBHPC Customer Service Department for assistance in finding a Provider near your area. If your Network Provider or USBHPC is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed behavioral health professional wherever you are located.

Out-of-Area Urgently Needed Services

Urgently Needed Services are required in situations where a Member is temporarily outside the geographic area served by the Member's Network Provider and the Member experiences a mental condition that, while less serious than an Emergency, could result in the serious deterioration of the Member's mental health if not treated before the Member returns to the geographic area serviced by his or her Network Provider.

When you are temporarily outside the geographic area served by your Network Provider, and you believe that you require Urgently Needed Services, you should, if possible, call (or have someone else call on your behalf) your Network Provider. If you are calling during nonbusiness hours and your Provider is not immediately available, call USBHPC Customer Service Department for assistance in finding a provider near your area. If your Network Provider or USBHPC is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed behavioral health professional wherever you are located.

You, or someone else on your behalf, must notify USBHPC or your Network Provider within 24 hours, or as soon as reasonably possible, after the initial receipt of Urgently Needed Services.

It is very important that you follow the steps outlined above. If you do not, you may be financially responsible for services received.

Continuing or Follow-up of Emergency Treatment or Urgently Needed Services

If you require Behavioral Health Services following Emergency Health Care Services or Urgently Needed Services and you desire that these services be covered, the Behavioral Health Services must be coordinated and authorized by USBHPC. In addition, if a transfer does not create an unreasonable risk to your health, USBHPC may require that you transfer to a USBHPC Network Provider designated by USBHPC for any treatment following the Emergency Health Care Services or Urgently Needed Services.

Failure to transfer or to obtain approval from USBHPC for continued treatment may result in all further treatment being denied if the services were not Medically Necessary or did not meet the Emergency Health Care Services or Urgently Needed Services criteria outlined in this document.

Questions? Visit USBHPC at www.liveandworkwell.com or

Call the USBHPC Customer Service Department at 1-800-999-9585.

If I am out-of-state or traveling, am I still covered?

Yes, but only in Emergency Health Care Service or Urgent situation. If you think you are experiencing an Emergency or require Urgently Needed Services, get treatment immediately. Then, as soon as reasonably possible, call USBHPC Customer Service Department to ensure your Emergency Treatment or Urgently Needed Services are covered. This is important.

If you are traveling outside of the United States, you can reach USBHPC by calling 1-877-447-5915 for additional instructions on what to do in the case of Emergency Health Care Services or Urgent situation.

Note: Under certain circumstances, you may need to pay for your Emergency Health Care Services or Urgently Needed Services at the time of treatment. If this is necessary, please pay for such services and then contact USBHPC at the earliest opportunity. Be sure to keep all receipts and copies of relevant medical documentation. You will need these to be properly reimbursed. For more information on submitting claims to USBHPC, please refer to Part C, Section 5. Overseeing Your Behavioral Health Services in this Combined Evidence of Coverage and Disclosure Form.

SECTION 5. OVERSEEING YOUR BEHAVIORAL HEALTH SERVICES

- **How USBHPC Makes Important Benefit Decisions**
- **Second Opinions**
- **New Treatment and Technologies**
- **Experimental and Investigational Therapies**
- **Appealing a Behavioral Health Benefit Decision**
- **Independent Medical Review**

This section explains how USBHPC authorizes or makes changes to your Behavioral Health Services, how we evaluate new behavioral health technologies and how we reach decisions about your coverage.

You will also find out what to do if you are having a problem with your Behavioral Health Plan, including how to appeal a behavioral health benefit decision by USBHPC or one of our Network Providers. You will learn the process that is available for filing a formal grievance, as well as how to request an expedited decision when your condition requires a quicker review.

How USBHPC Makes Important Benefit Decisions

Authorization, Modification and Denial of Behavioral Health Services

When a Member requests Mental Health Services or Substance Related and Addictive Disorder Services, USBHPC uses established utilization management (UM) criteria to approve, deny, delay or modify authorization of benefits based on Medical Necessity. The criteria used for evaluating Mental Health Services are based on empirical research and industry standards. These are the MCAP Behavioral Health Criteria. For Substance Related and Addictive Disorder Services USBHPC uses the American Society of Addiction Medicine Placement Guidelines for Substance Related Disorder - Version II-Revised. The UM criteria used to deny, delay or modify requested services in the Member's specific case will be provided free of charge to the Network Provider and to the Member. The public is also able to receive specific criteria or guideline, based on a particular diagnosis, upon request.

If you or your Dependent(s) are receiving Behavioral Health Services from a school district or a regional center, USBHPC will coordinate with the school district or regional center to provide Case Management of your Behavioral Health Treatment Program. Upon USBHPC's request, you or your Dependent(s) may be required to provide a copy of the most recent Individual Education Plan (IEP) that you or your Dependent(s) received from the school district and or the most recent Individual Program Plan (IPP) or Individual Family Service Plan (IFSP) from the regional center to coordinate these services.

The USBHPC-qualified Physician or other appropriate qualified licensed health care professional, and its Network Providers make decisions to deny, delay, or modify requests for authorization of Behavioral Health Services, based on Medical Necessity, within the following time frames as required by California state law:

- Decisions based on Medical Necessity will be made in a timely fashion appropriate for the nature of the Member's condition, not to exceed five (5) business days from USBHPC's receipt of information reasonably necessary to make the decision.
- If the Member's condition poses an imminent and serious threat to his or her health, including, but not limited to, severe pain, potential loss of life, limb, or other major bodily functions, or lack of timeliness would be detrimental in regaining maximum functions, the decision would be rendered in a timely fashion appropriate for the nature of the Member's condition, not to exceed seventy-two (72) hours after USBHPC's receipt of the information reasonably necessary and requested by USBHPC to make the determination.

Questions? Visit USBHPC at www.liveandworkwell.com or

Call the USBHPC Customer Service Department at 1-800-999-9585.

If the decision cannot be made within these time frames because (i) USBHPC is not in receipt of all the information reasonably necessary and requested, or (ii) USBHPC requires consultation by an expert reviewer, or (iii) USBHPC has asked that an additional examination or test be performed upon the Member, provided the examination or test is reasonable and consistent with good medical practice, USBHPC will notify the Network Provider and the Member, in writing, that a decision cannot be made within the required time frame. The notification will specify the information requested but not received or the additional examinations or tests required, and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by USBHPC, then USBHPC shall approve or deny the request for authorization within the time frame specified above as applicable.

USBHPC notifies requesting Network Providers of decisions to deny or modify request for authorization of Behavioral Health Services of Members within twenty-four (24) hours of the decision. Members are notified of decisions, in writing, within two (2) business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, and information about how to file an appeal of the decision with USBHPC. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member.

If the Member requests an extension of a previously authorized and currently ongoing course of treatment, and the request is an "Urgent Request," as defined above, USBHPC will modify or deny the request as soon as possible, taking into account the Member's behavioral health condition, and will notify the Member of the decision within 24 hours of the request, provided the Member made the request to USBHPC at least 24 hours prior to the expiration of the previously authorized course of treatment. If the concurrent care request is not an Urgent Request, as defined above, USBHPC will treat the request as a new request for a Covered Health Care Service under the Behavioral Health Plan and will follow the time frame for non-Urgent requests, as discussed above.

If you would like a copy of USBHPC's description of processes utilized for the authorization or denial of Behavioral Health Services, or the criteria or guidelines related to a particular condition, you may call the USBHPC Customer Service Department or visit the USBHPC website at www.liveandworkwell.com.

Second Opinions

A Member, or his or her treating USBHPC Network Provider, may submit a request for a second opinion to USBHPC either in writing or verbally through the USBHPC Customer Service Department. Second opinions will be authorized for situations, including but not limited to, when:

- the Member questions the reasonableness or necessity of recommended procedures;
- the Member questions a diagnosis or plan for care for a condition that threatens loss of life, loss of limb, loss of bodily functions, or substantial impairment, including, but not limited to, a chronic condition;
- the clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating Provider is unable to diagnose the condition and the Member requests an additional diagnosis;
- the Treatment Plan in progress is not improving the medical condition of the Member within an appropriate period of time given the diagnosis and plan of care, and the Member requests a second opinion regarding the diagnosis or continuance of the treatment; or
- the Member has attempted to follow the plan of care or consulted with the initial Provider concerning serious concerns about the diagnosis or plan of care.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

The request for a second opinion will be approved or denied by USBHPC's Medical Director (or designee) in a timely fashion appropriate for the nature of your or Dependent's condition. For circumstances other than an imminent or serious threat to your health, a second opinion request will be approved or denied within five business days after the Network Provider or USBHPC receives the request. When there is an imminent and serious threat to your behavioral health, a decision about your second opinion will be made within 72 hours after receipt of the request by your Network Provider or USBHPC.

If you are requesting a second opinion about care given by your Network Provider, the second opinion will be provided by an appropriately qualified behavioral health professional of your choice within the same Network Provider Network. If you request a second opinion about care received from a specialist, the second opinion will be provided by any behavioral health care professional of your choice from within the same Network Provider Network. The Network Provider providing the second opinion will possess the clinical background, including training and expertise, related to the illness or condition associated with the request for a second opinion.

If there is no qualified Network Provider within the network, then USBHPC will authorize a second opinion by an appropriately qualified behavioral health professional outside the Network Provider network. In approving a second opinion either inside or outside of the Network Provider network, USBHPC will take into account the ability of the Member to travel to the Provider.

A second opinion will be documented by a consultation report which will be made available to you. If the Provider giving the second opinion recommends a particular treatment, diagnostic test or service covered by USBHPC, and it is determined to be Medically Necessary by your Network Provider, the treatment, diagnostic test or service will be provided or arranged by the Member's Network Provider. However, the fact that a Provider furnishing a second opinion recommends a particular treatment, diagnostic test or service does not necessarily mean that the treatment, diagnostic test or service is Medically Necessary or a Covered Health Care Service under your USBHPC Behavioral Health Plan. You will be responsible for paying any Co-payment, as set forth in your Schedule of Benefits, to the USBHPC Provider who renders the second opinion. If you obtain a second opinion without Prior Authorization from your Network Provider or USBHPC, you will be financially responsible for the cost of the opinion.

If you or your Dependent's request for a second opinion is denied, USBHPC will notify you in writing and provide the reason for the denial. You or your Dependent may appeal the denial by following the procedures outlined in the appeals section described below.

To receive a copy of the Second Opinion policy, you may call or write the USBHPC Customer Service Department at:

U.S. Behavioral Health Plan, California.

How are new treatment and technologies evaluated?

USBHPC is committed to evaluating new treatments and technologies in behavioral health care. A committee composed of USBHPC's Medical Director and people with subject matter expertise meet at least once a year to assess new advances and programs.

Experimental and Investigational Therapies

USBHPC also provides an external, independent review process to review its coverage decisions regarding experimental or investigational therapies for USBHPC Members who meet all of the following criteria:

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

1. You have a Life-threatening or Seriously Debilitating condition, as defined below, and it meets the criteria listed in items #2, #3, #4 and #5 below:
 - Life-threatening means either or both of the following: (i) diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted; (ii) diseases or conditions with potentially fatal outcomes, where the endpoint of clinical intervention is survival.
 - Seriously Debilitating means diseases or conditions that cause major irreversible morbidity.
2. Your USBHPC Network Provider certifies that you have a Life-Threatening or Seriously Debilitating condition, as defined above, for which standard therapies have not been effective in improving your condition, or for which standard therapies would not be medically appropriate for you, or for which there is no more beneficial standard therapy covered by USBHPC than the therapy proposed pursuant to paragraph (3); and
3. Either (a) your USBHPC Network Provider has recommended a treatment, drug, device, procedure, or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she included a statement of the evidence relied upon by the Network Provider in certifying his or her recommendation; or (b) you, or your non-Contracting Physician who is a licensed, board-certified or board-eligible Physician or Provider qualified to practice in the area of practice appropriate to treat your condition, has requested a therapy that, based on two documents from medical and scientific evidence (as defined in California Health and Safety Code Section 1370.4(d)), is likely to be more beneficial for you than any available standard therapy.

Such certification must include a statement of the evidence relied upon by the Physician in certifying his or her recommendation. USBHPC is not responsible for the payment of services rendered by non-Contracting Providers that are not otherwise covered under the Member's USBHPC benefits; and

4. A USBHPC Medical Director (or designee) has denied your request for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3); and
5. The treatment, drug, device, procedure, or other therapy recommended pursuant to paragraph 3, above, would be a Covered Health Care Service, except for USBHPC's determination that the treatment, drug, device, procedure, or other therapy is experimental or investigational. Independent Medical Review for coverage decisions regarding Experimental or Investigational therapies will be processed in accordance with the protocols outlined under "Independent Medical Review Involving a Disputed Health Care Service" Section of this Evidence of Coverage.

Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" Section found later in this Combined Evidence of Coverage and Disclosure Form for more information.

Appealing a Behavioral Health Benefit Decision

The individual initiating the appeal may submit written comments, documents, records, and any other information relating to the appeal regardless of whether this information was submitted or considered in the initial determination. The Member may obtain, upon request and free of charge, copies of all documents, records, and other information relevant to the Member's appeal. An individual who is neither the individual who made the initial determination that is the subject of the appeal nor the subordinate of that person will review the appeal.

The USBHPC Medical Director (or designee) will review your appeal and make a determination within a reasonable period of time appropriate to the circumstances but not later than thirty (30) days after USBHPC's receipt of the appeal, except in the case of "expedited reviews" discussed below. For appeals involving the delay, denial, or modifications of Behavioral Health Services, USBHPC's written response will describe the criteria or guidelines used and the clinical reasons for its decision, including all criteria and clinical reasons related to Medical Necessity. For determinations delaying, denying, or modifying Behavioral Health Services based on a finding that the services are not Covered Health Care Services, the response will specify the provisions in the plan contract that exclude that coverage. If the complaint is related to quality of care, the complaint will be reviewed through the procedure described in the section of this Combined Evidence of Coverage and Disclosure Form captioned USBHPC Quality Review Process.

Binding Arbitration and Voluntary Mediation

If the Member is dissatisfied with the appeal, the Member may submit or request that USBHPC submit the appeal to voluntary mediation and/or binding arbitration before Judicial Arbitration and Mediation Service (JAMS). Such voluntary mediation or binding arbitration will be limited to claims that are not subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Voluntary Mediation – In order to initiate mediation, the Member or agent acting on behalf of the Member shall submit a written request for voluntary mediation. If the parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with JAMS Mediation Rules and Procedures, unless otherwise agreed to by the parties. Expenses for mediation shall be borne equally by the parties. The Department of Managed Health Care shall have no administrative or enforcement responsibilities in connection with the voluntary mediation process.

Binding Arbitration – Any and all disputes of any kind whatsoever, including, but not limited to, claims for medical malpractice (that is, as to whether any medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered), between Member (including any heirs, successors or assigns of Member) and USBHPC, except for claims subject to ERISA, shall be submitted to Binding Arbitration. Any such dispute will not be resolved by a lawsuit or resort to court process, except to the extent the Federal Arbitration Act provides for judicial review of arbitration proceedings. Member and USBHPC further agree that neither the Court nor any arbitrator shall have the power to delay arbitration of any dispute or to refuse to order any dispute to arbitration, under any provision of section 1281 et. seq. of the California Code of Civil Procedure (including, but not limited to, 1281.2(c)), or any successor or replacement provision thereto, of any comparable provision of any other state law. Member and USBHPC further specifically agree that any disputes about the scope of any arbitration or about the arbitration or about the arbitrability of any dispute shall be determined by the arbitrator. Member and USBHPC are giving up their constitutional rights to have any such dispute decided in a court of law before a jury and are instead accepting the use of Binding Arbitration by a single arbitrator in accordance with the Comprehensive Rules of JAMS in

effect at the time of the arbitration, and administration of the arbitration shall be performed by JAMS or such other arbitration service as the parties may agree in writing. The parties will endeavor to mutually agree to the appointment of the arbitrator, but if such agreement cannot be reached within 30 days following the date demand for arbitration is made, the arbitrator appointment procedures in the Comprehensive Rules of JAMS will be utilized.

Arbitration hearings shall be held in Orange County, California, or at such other location as the parties may agree in writing. Civil discovery may be taken in such arbitration as provided by California law and the Code of Civil Procedure. The arbitrator selected shall have the power to control the timing, scope, and manner of the taking of discovery and shall further have the same powers to enforce the parties' respective duties concerning discovery as would a Superior Court of California including, but not limited to, the imposition of sanctions. The arbitrator shall have the power to grant all remedies provided by California law. The parties shall divide equally the expenses of JAMS and the arbitrator. In cases of extreme hardship and to prevent any such hardship or unconscionability, USBHPC may assume all or part of the Member's share of the fees and expenses of JAMS and the arbitrator, provided the Member submits a hardship application to JAMS and provided JAMS approves such application. The approval or denial of the hardship application will be determined solely by JAMS. The arbitrator shall prepare in writing an award that includes the legal and factual reasons for the decision.

The requirement of Binding Arbitration shall not preclude a party from seeking a temporary restraining order or preliminary injunction or other provisional remedies from a court with jurisdiction; however, any and all other claims or causes of action including, but not limited to, those seeking damages, restitution, or other monetary relief, shall be subject to Binding Arbitration as provided herein and any claim for permanent injunctive relief shall be stayed pending completion of the arbitration. The Federal Arbitration Act, 9 U.S.C. Sections 1-16, shall also apply to the arbitration.

ALL PARTIES EXPRESSLY AGREE TO WAIVE THEIR CONSTITUTIONAL RIGHT TO HAVE DISPUTES BETWEEN THEM RESOLVED IN A COURT BEFORE A JURY AND ARE INSTEAD ACCEPTING THE USE OF BINDING ARBITRATION.

Expedited Review Process

Appeals involving an imminent or serious threat to the health of the Member, including, but not limited to, severe pain, potential loss of life, limb, or other major bodily functions will be immediately referred to the USBHPC Medical Director for expedited review, regardless of whether such appeal is received orally or in writing. If an appeal has been sent to the USBHPC Medical Director for immediate expedited review, USBHPC will immediately inform the Member, in writing, of his or her right to notify the Department of Managed Health Care with a written statement of the disposition or pending status of the expedited review no later than three (2) days from receipt of complaint. The Department of Managed Health Care may waive the requirement that you complete the appeals process or participate in the appeals process for at least 30 days if the Department of Managed Health Care determines that an earlier review is necessary.

Independent Medical Review of Grievances Involving a Disputed Behavioral Health Service

A Member may request an Independent Medical Review (IMR) of disputed Behavioral Health Services from the Department of Managed Health Care (DMHC) if the Member believes that Behavioral Health Services have been improperly denied, modified or delayed by USBHPC. A "disputed Behavioral Health Service" is any Behavioral Health Service eligible for coverage under the Evidence of Coverage that has been denied, modified, or delayed by USBHPC, in whole or in part because the service requested by you or your Provider based on a finding that the requested service is experimental or investigational or is not Medically Necessary. The Member must meet the criteria described in the "Eligibility" section to see if his or her grievance qualifies for an IMR. The IMR process is in addition to the procedures and remedies that are available to the Member under the USBHPC Appeal Process described above. If your complaint or appeal pertains to a disputed

Behavioral Health Service subject to IMR (as discussed below), you should file your complaint or appeal within 180 days of receiving a denial notice.

Completed applications for IMR should be submitted to the DMHC. The Member pays no fee to apply for IMR. The Member has the right to include any additional information or evidence not previously provided to USBHPC in support of the request for IMR. USBHPC will provide the Member with an IMR application form with any grievance disposition letter that denies, modifies or delays Behavioral Health Services. The Member may also reach the DMHC by calling 1-888-HMO-2219. The DMHC fax number is 1-916-255-5241.

A decision not to participate in the IMR process may cause the Member to forfeit any statutory right to pursue legal action against USBHPC regarding the disputed behavioral health service.

IMR Eligibility for Independent Medical Review

Experimental or Investigational Treatment

Decisions

If you suffer from a Life-Threatening or Seriously Debilitating condition, you may have the opportunity to seek IMR of USBHPC's coverage decision regarding Experimental or Investigational therapies under California's Independent Medical Review System pursuant to Health and Safety Code Section 1370.4. Life-Threatening means either or both of the following: (a) conditions where the likelihood of death is high unless the course of the condition is interrupted; (b) conditions with potentially fatal outcomes, where the endpoint of clinical intervention is survival. Seriously Debilitating means conditions that cause major irreversible morbidity.

To be eligible for IMR of Experimental or Investigational treatment, your case must meet all of the following criteria:

1. Your Provider certifies that you have a Life-Threatening or Seriously Debilitating condition for which:
 - a. Standard therapies have not been effective in improving your condition, or
 - b. Standard therapies would not be medically appropriate for you, or
 - c. There is no more beneficial standard therapy covered by USBHPC than the proposed Experimental or Investigational therapy proposed by your Provider under the following paragraph.
2. Either (a) your USBHPC Provider has recommended a treatment, drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she has included a statement of the evidence relied upon by the Provider in certifying his or her recommendation; or (b) you or your non-Contracting Provider – who is a licensed, board certified or board-eligible Provider qualified to practice in the specialty appropriate to treating your condition – has requested a therapy that, based on two documents of medical and scientific evidence identified in California Health and Safety Code Section 1370.4(d), is likely to be more beneficial than any available standard therapy. To satisfy this requirement, the Provider certification must include a statement detailing the evidence relied upon by the Provider in certifying his or her recommendation. (Please note that USBHPC is not responsible for the payment of services rendered by non-Contracting Providers who are not otherwise covered under your USBHPC benefits.)
3. A USBHPC Medical Director has denied your request for a treatment or therapy recommended or requested pursuant to the above paragraph.
4. The treatment or therapy recommended pursuant to Paragraph 2 above would be a Covered Health Care Service, except for USBHPC's determination that the treatment, drug, device, procedure or other therapy is Experimental or Investigational.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

If you have a Life-Threatening or Seriously Debilitating condition and USBHPC denies your request for Experimental or Investigational therapy, USBHPC will send a written notice of the denial within five (5) business days of the decision. The notice will advise you of your right to request IMR, and include a Provider certification form and an application form with a preaddressed envelope to be used to request IMR from the DMHC. (Please note that you may request an IMR, if USBHPC denied your request for Experimental or Investigational therapy without going through the USBHPC grievance process.)

Disputed Behavioral Health Services Regarding Medical Necessity

You may also request IMR when any Behavioral Health Service has been denied, modified or delayed by USBHPC or one of its Providers, in whole or in part, due to a finding that the service is not Medically Necessary. (Note: Disputed Behavioral Health Services do not encompass coverage decisions. Coverage decisions are decisions that approve or deny services substantially based on whether or not a particular service is included or excluded as a covered benefit under the terms and conditions of your coverage.)

You are eligible to submit an application to the DMHC for IMR of a Disputed Behavioral Health Service if you meet all of the following criteria:

- The Member's Provider has recommended a Behavioral Health Service as Medically Necessary; or
- The Member has received Urgently Needed Services or Emergency Health Care Services that a Provider determined was Medically Necessary; or
- The Member has been seen by a USBHPC Network Provider for diagnosis or treatment of the medical condition for which the Member sought independent review;
- The disputed Behavioral Health Service has been denied, modified, or delayed by USBHPC, based in whole or in part on a decision that the Behavioral Health Service is not Medically Necessary; and
- The Member has filed a grievance with USBHPC and the disputed decision is upheld or the grievance remains unresolved after thirty (30) days. If the grievance requires expedited review, the Member may bring it immediately to the DMHC's attention. The DMHC may waive the preceding requirement that the Member follow USBHPC's grievance process in extraordinary and compelling cases.

Accepted Applications for the Independent Medical Review

Upon receiving a Member's application for IMR, the DMHC will review the request and notify the Member whether the Member's case has been accepted. If the Member's case is eligible for IMR, the dispute will be submitted to an independent medical review organization (IRO) contracted with the DMHC for review by one or more expert reviewers, independent of USBHPC, who will make an independent determination of whether or not the care should be provided. The IRO selects an independent panel of behavioral health professionals knowledgeable in the treatment of the Member's conditions, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither the Member nor USBHPC will control the choice of expert reviews.

USBHPC must provide the following documents to the IRO within three (3) business days of receiving notice from the DMHC that the Member has successfully applied for an IMR:

- The relevant medical records in the possession of USBHPC or its Network Providers;
- All information provided to the Member by USBHPC and any of its Network Providers concerning USBHPC and Network Provider decision regarding the Member's condition and care (including a copy of USBHPC's denial notice sent to the Member).
- Any materials that the Member or Provider submitted to USBHPC and its Network Providers in support of the request for the Behavioral Health Services.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

- Any other relevant documents or information used by USBHPC or its Network Providers in determining whether the Behavioral Health Services should have been provided and any statement by USBHPC or its Network Providers explaining the reason for the decision. USBHPC will provide copies of these documents to the Member and the Member's Provider unless any information in them is found by the DMHC to be privileged.

If there is an imminent and serious threat to the Member's health, USBHPC will deliver the necessary information and documents listed above to the IRO within 24 hours of approval of the request for IMR.

After submitting all of the required materials to the IRO, USBHPC will promptly issue the Member a notification that includes an annotated list of the documents submitted and offer the Member the opportunity to request copies of those documents from USBHPC.

If there is any information or evidence the Member or the Member's Provider wish to submit to the DMHC in support of IMR that was not previously provided to USBHPC, the Member may include this information with the IMR application to the DMHC. Also as required, the Member or the Member's Provider must provide to the DMHC or the IRO copies of any relevant behavioral health records, and any newly developed or discovered relevant records after the initial documents are provided, and respond to any requests for additional records or other relevant information from the expert reviewers.

The Independent Medical Review Decision

The independent review panel will render its analysis and recommendations on the Member's IMR case in writing, and in layperson terms to the maximum extent practical, within 30 days of receiving the Member's request for IMR and supporting information. The time may be adjusted under any of the following circumstances:

- In the case of a review of Experimental or Investigational determination, if the Member's Provider determines that the proposed treatment or therapy would be significantly less effective if not promptly initiated. In this instance, the analysis and recommendations will be rendered within seven (7) days of the request for expedited review. The review period can be extended up to three (3) days for a delay in providing required documents at the request of the expert.
- If the Behavioral Health Services has not been provided and the Member's Provider or the DMHC certifies in writing that an imminent and serious threat to the Member's life exist, including, but not limited to, serious pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of the Member's health. In this instance, any analyses and recommendation of the experts must be expedited and rendered within three (3) days of the receipt of the Member's application and supporting information.
- If approved by the DMHC, the deadlines for the expert reviewers' analyses and recommendations involving both regular and expedited reviews may be extended for up to three days in extraordinary circumstances or for good cause.

The IRO will provide the DMHC, USBHPC, the Member and the Member's Provider with each of the experts' analyses and recommendations, and a description of the qualifications of each expert. The IRO will keep the names of the expert reviewers confidential, except in cases where the reviewer is called to testify and in response to court orders. In the case of an Experimental or Investigational determination, the experts' analyses will state the reasons the requested Experimental or Investigational therapy is or is not likely to be more beneficial to the Member than any available standard therapy and the reasons for recommending why the therapy should or should not be provided by USBHPC, citing the Member's specific medical condition, the relevant documents provided and the relevant medical and scientific evidence supporting the expert's recommendation.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

The recommendation of the majority of the experts on the panel will prevail. If the experts on the panel are evenly divided as to whether the Behavioral Health Services should be provided, the panel's decision will be deemed to be in favor of coverage. If the majority of the experts on the panel does not recommend providing the Behavioral Health Services, USBHPC will not be required to provide the service.

When a Decision is Made

The DMHC will immediately adopt the decision of the IRO upon receipt and will promptly issue a written decision to the parties that will be binding on USBHPC. USBHPC will promptly implement the decision when received from the DMHC. In the case of an IRO determination requiring reimbursement for services already rendered, USBHPC will reimburse either the Member or the Member's Provider, whichever applies, within five working days. In the case of services not yet rendered to the Member, USBHPC will authorize the services within five working days of receiving the written decision from the DMHC, or sooner if appropriate for the nature of the Member's medical condition and will inform the Member and the Member's Provider of the authorization.

USBHPC will promptly reimburse the Member for reasonable costs associated with Urgently Needed Services or Emergency Health Care Services outside of USBHPC Network Provider network, if:

- The services are found by the IRO to have been Medically Necessary;
- The DMHC finds the Member's decision to secure services outside of USBHPC's Network Provider network prior to completing the USBHPC grievance process or seeking IMR was reasonable under the circumstances; and
- The DMHC finds that the disputed health care services were a covered benefit under the USBHPC Group Subscriber Agreement.

Behavioral Health Services required by IMR will be provided subject to the terms and conditions generally applicable to all other benefits under USBHPC Plan.

For more information regarding the IMR process, or to request an application, the Member should call the USBHPC Customer Service Department at 1-800-999-9585.

The USBHPC Quality Review Process

The quality review process is a Member-initiated internal review process that addresses Member concerns regarding the quality or appropriateness of services provided by USBHPC Network Providers that has the potential for an adverse effect on the Member. Upon receipt of the Member's concern, the concern is referred to the Quality Improvement Department for investigation.

USBHPC takes great pride in the quality of our Network Providers. That is why complaints specifically about the quality of the care you receive from your Network Provider are handled in an expedited fashion. Quality of care complaints that affect a Member's current treatment will be immediately evaluated and, if necessary, other appropriate USBHPC personnel and the USBHPC Network Provider will be consulted.

The Quality Improvement Manager (or designee) will be responsible for responding to questions the Member may have about his or her complaint and about the Quality Review process. In appropriate instances, a meeting may be arranged between the Member and the Network Provider.

The relevant medical records will be obtained from the appropriate Providers and reviewed by the USBHPC Quality Improvement Manager (or designee). If necessary, a letter is sent to the Network Provider, as appropriate, requesting further information. Additional information will be received and reviewed by the Quality Improvement Manager (or designee). After reviewing the medical records, the case may be referred to the Peer Review Committee for review and recommendation of corrective action against the USBHPC Network Provider involved, if appropriate.

Call the Customer Service Department at 1-800-999-9585.

If the Member has submitted a written complaint, the Member will be notified of the completion in writing within thirty (30) days. The oral and written communications involving the Quality Review Process and the results of the review are confidential and cannot be shared with the Member. The outcome of the Quality Review Process cannot be submitted to voluntary mediation or binding arbitration, as described above under the USBHPC Appeals Process. The Quality Improvement Manager will follow-up to ensure that any corrective actions against a Network Provider are carried out.

Review by the Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care services plans. If you have a grievance against your health plan, you should first telephone your health plan at 1-800-999-9585 or 711 for TTY (at operator request, say "1-800-999-9585") and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal right or remedies that may be available to you. If you need help with a grievance involving an Emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatment that are experimental or investigational in nature and payment disputes for Emergency Health Care Services or Urgent medical services. The Department also has a toll-free telephone number (1- 888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing-and speech-impaired. The Department's Internet website <http://www.hmohelp.ca.gov> has complaint forms, IMR application forms and instructions online.

You are responsible only for the amount of your Co-payment, as described in the Schedule of Benefits in this Evidence of Coverage and Disclosure Form:

Confidentiality of Information

USBHPC takes the subject of Member confidentiality very seriously and takes great measures to protect the confidentiality of all Member information in its possession, including the protection of treatment records and personal information. USBHPC provides information only to the professionals delivering your treatment or as otherwise required by law.

Confidentiality is built into the operations of USBHPC through a system of control and security that protects both written and computer-based information.

Does USBHPC offer language interpretation and translation services?

USBHPC uses a telephone interpretation service for almost 140 languages and dialects. That is in addition to the selection of Customer Service representatives who are fluent in a language other than English. Certain translated member materials are also available upon request by calling USBHPC's Customer Service Department at 1-800-999-9585.

USBHPC uses a national TTY telephone relay service for the hearing and speech impaired. To use this service, dial 711 and at the operator's request, say or enter "1-800-999-9585".

How is my coverage provided under extraordinary circumstances?

In the unfortunate event of a major disaster, epidemic, war, riot, civil insurrection, or complete or partial destruction of facilities, our Network Providers will do their best to provide the services you need. Under these extreme conditions, go to the nearest doctor or hospital for Emergency Health Care Services. USBHPC will later provide appropriate reimbursement.

How does USBHPC compensate its Network Providers?

USBHPC itself is not a Provider of Behavioral Health Services. USBHPC typically contracts with independent Providers to provide Behavioral Health Services to its Members and with hospitals to provide hospital services. Once they are contracted, they become USBHPC Network Providers. USBHPC's network of Network Providers includes individual practitioners, group practices and facilities.

USBHPC Network Providers who are groups or facilities may in turn employ or contract with individual psychiatrists, psychologists or other licensed behavioral health professionals. None of the Network Providers or their employees are employees or agents of USBHPC. Likewise, neither USBHPC nor any employee of USBHPC is an employee or agent of any Network Provider.

Our USBHPC Network Providers are paid on a discounted fee-for-service basis for the services they provide. They have agreed to provide services to you at the normal fee they charge, minus a discount. USBHPC does not compensate nor does it provide any financial bonuses or any other incentives to its Providers based on their utilization patterns.

If you would like to know more about fee-for-service reimbursement, you may request additional information from the USBHPC Customer Service Department or your USBHPC Network Provider.

What do you do if you suspect health care fraud?

USBHPC takes health care fraud by its Network Providers or by its employees very seriously and has taken great measures to prevent, detect and investigate health care fraud. USBHPC has put in place policies and procedures to address fraud and report fraud to the appropriate law enforcement and regulatory entities in the investigation and prosecution of health care fraud. If you suspect fraud by any USBHPC Network Provider or any USBHPC employee, please call the USBHPC anti-fraud hotline at 1-800-455-4521.

How can I participate in USBHPC'S Public Policy?

USBHPC affords its Members the opportunity to participate in establishing its public policy. For the purpose of this paragraph, "public policy" means acts performed by USBHPC and its employees to assure the comfort, dignity and convenience of Members who rely on Network Providers to provide Covered Health Care Services. USBHPC members comprise at least 51 percent of USBHPC's Public Policy Committee. If you are interested in participating in the establishment of USBHPC's public policy, please call the USBHPC Customer Service Department for more details.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

- c. Known to be effective in improving health outcomes. For existing interventions, effectiveness is determined first by scientific evidence, then by professional standards, then by expert opinion. For new interventions, effectiveness is determined by scientific evidence; and
- d. If more than one health intervention meets the requirements of (a) through (c) above, furnished in the most cost-effective manner that may be provided safely and effectively to the Member. "Cost-effective" does not necessarily mean lowest price.

A service or item will be covered under the USBHPC Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

In applying the above definition of Medical Necessity, the following terms shall have the following meaning:

- i. Treating Practitioner means a Practitioner who has personally evaluated the patient.
- ii. A health intervention is an item or service delivered or undertaken primarily to treat (that is, prevent, diagnosis, detect, treat or palliate) a Mental Disorder or Substance Related and Addictive Disorder or to maintain or restore functional ability. A health intervention is defined not only by the intervention itself, but also by the Mental Disorder and Substance Related and Addictive Disorder condition and the patient indications for which it is being applied.
- iii. Effective means that the intervention can reasonably be expected to produce the intended result and to have expected benefits that outweigh potential harmful effects.
- iv. Health outcomes are outcomes that affect health status as measured by the length or quality (primarily as perceived by the patient) of a person's life.
- v. Scientific evidence consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that suggest a causal relationship between the intervention and health outcomes can be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the Mental Disorder or Substance Related and Addictive Disorder condition or potential Experimental biases. For existing interventions, the scientific evidence should be considered first and, to the greatest extent possible, should be the basis for determinations of medical necessity. If no scientific evidence is available, professional standards of care should be considered. If professional standards of care do not exist, or are outdated or contradictory, decisions about existing interventions should be based on expert opinion. Giving priority to scientific evidence does not mean that coverage of existing interventions should be denied in the absence of conclusive scientific evidence. Existing interventions can meet the definition of Medical Necessity in the absence of scientific evidence if there is a strong conviction of effectiveness and benefit expressed through up-to-date and consistent professional standards of care or, in the absence of such standards, convincing expert opinion.
- vi. A new intervention is one that is not yet in widespread use for the Mental Disorder or Substance Related and Addictive Disorder and patient indications being considered. New interventions for which clinical trials have not been conducted because of epidemiological reasons (i.e., rare or new diseases or orphan populations) shall be evaluated on the basis of professional standards of care. If professional standards of care do not exist, or are outdated or contradictory, decisions about such new interventions should be based on convincing expert opinion.

Questions? Visit USBHPC www.liveandworkwell.com or
Call the Customer Service Department at 1-800-999-9585.

- vii. An intervention is considered cost-effective if the benefits and harms relative to costs represent an economically efficient use of resources for patients with this condition. The application of this criterion is to be on an individual case and the characteristics of the individual patient shall be determinative.

Telehealth. The mode of delivering Covered Health Care Services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care while the patient is at the originating site and the licensed health care provider is at a distant site. Telehealth facilitates patient self-management and caregiver support for patients and includes synchronous interactions and asynchronous store and forward transfers.

In applying the above definition, "asynchronous store and forward," "distant site," "originating site," and "synchronous interaction" shall have the following meanings:

- Asynchronous store and forward means the transmission of a patient's medical information from an originating site to the licensed health care provider at a distant site without the presence of the patient.
- Distant site means a site where a licensed health care provider who provides Covered Health Care Services is located while providing these services via a telecommunications system.
- Originating site means a site where a patient is located at the time Covered Health Care Services are provided via a telecommunications system or where the asynchronous store and forward service originates.
- Synchronous interaction means a real-time interaction between a patient and a licensed health care provider located at a distant site.
