How to search online for Oxford providers

The provider search feature on **myuhc.com®** is a convenient way to find network medical, behavioral health and other providers near you. The doctors and facilities in the network may have agreed to provide services at a discount — so staying in-network makes sense. Depending on your plan, visiting an out-of-network provider could end up costing you a lot more for care or may not be covered at all.

Find a medical and behavioral provider in your Oxford network

1 Go to **myuhc.com**

2 Select **Find a Provider**

3 Choose **Medical Directory**

4 Choose **Employer and Individual Plans**

5 Be sure to scroll and select **Oxford Health Plans**

6 Then select the Oxford plan you are looking for:

- Freedom
- Freedom with Choice Plus
- Liberty
- Liberty with Core
- Metro
- Metro with Core

7 Type in the ZIP code where you are searching for care

8 Finally, select the health care category you'd like to search, or use the search bar if you know the doctor's name, specialty, facility, clinic or medical group name

Look for the hearts

The UnitedHealth Premium® program can help you choose a doctor who meets standards for quality and cost efficiency. When searching for a provider look for the blue hearts.
